2018-2019 OU- Tulsa Financial Aid Disclosure

Admit Status

- Students must have obtained clear admission into the degree program to ensure financial aid can be processed.
- Students admitted to the University of Oklahoma in an “Unclassified” status are normally ineligible to receive financial aid because they are not classified as seeking entry into a degree program.
- We cannot process aid retroactively for periods of ineligible status as unclassified or special.

Enrollment Requirements (Aid will not process until you are enrolled in half-time credit hours)

- All undergraduate students must maintain at least 6 credit hours of enrollment each semester to qualify as half-time and at least 12 credit hours each semester to qualify as full-time. Graduate students must maintain at least 5 credit hours for half-time and at least 9 credit hours per semester for full-time.

Cost of Attendance

The Student Budget excludes periods of non-attendance.

Student is Responsible for the Following:

- Completing the financial aid application process according to the timelines required by FAS.
- Responding immediately to all requests for information from FAS.
- All charges incurred at the University of Oklahoma, regardless of financial aid eligibility.
- Complying with all enrollment and academic eligibility requirements for OU Tulsa students.
- Notifying FAS in writing if my address, admission status, and/or enrollment status changes.
- All student loan repayment obligations which are incurred.

Disbursement does not occur until the first day of the first course of the semester, provided Satisfactory Academic Progress requirements have been met.

Disbursement for Tulsa students only enrolled in weekend, 8-week courses or courses that do not span the entire semester, usually will not occur until 10 days prior to the first course provided that Satisfactory Academic Progress (SAP) requirements have been met.

Cancellation of any enrollments after aid has been disbursed will impact your financial aid eligibility and may cause a repayment of all or part of your disbursement. Please enroll in courses before the add/drop date. Financial aid will usually not cover 16 week courses enrolled after the add/drop date.

The standard disbursement period applies to students enrolled in a 16 week course provided SAP requirements are met. Failure to maintain Satisfactory Academic Progress will cause you to be suspended from financial aid. Academic Progress Standards are strictly enforced and apply equally to traditional and non-traditional students. If you have any questions regarding your program, please contact our office.
