Subject: Concur Sign-On Change
Date: Thursday, March 02, 2017 3:39:02 PM

We are excited to announce that on Friday, March 3, at 5 p.m., the Concur Travel System will join 45 other OU sites currently using Single Sign On (SSO). This means that when you visit travel.ou.edu, you will now be directed to the SSO page to log in with your **OUNetID** and **network password**. If you're already logged in to one of these other 45 SSO sites, you should be sent directly to your Concur dashboard.

Please delete any existing bookmarks you are using for Concur, and create a new one after 5 p.m. on March 3. Beginning on March 5, you will not be able to log in directly to Concur using your OU email address and the password you created. Any old bookmark you may have will direct you to their website for login instead of the new SSO website.

If you are using the mobile Concur app, please follow these instructions for setting up Single Sign On: http://askit.ou.edu/customer/en/portal/articles/2751587-setting-up-single-sign-on-sso-with-concur-mobile-app
