A LETTER FROM THE DEAN

Welcome to the University of Oklahoma. Since 1909, the Graduate College at OU has helped students from all around the state, nation and world pursue graduate studies in the sciences, humanities, fine arts and professional fields. The Graduate College is dedicated to ensuring the best possible graduate student experience — assisting students with funding, travel, academic recognition and, ultimately, obtaining graduate degrees.

While the graduate faculty and staff are here to direct and facilitate advanced studies at OU, you as a graduate student assume the greatest responsibility for your personal degree pursuit. Beyond simply remaining in good standing academically, it is essential that you stay cognizant of the following:

- **Be aware of the necessary administrative steps for obtaining your degree.** Pay attention to required forms, examination schedules and other deadlines. The Graduate College degree forms and graduation calendar are online at [http://gradweb.ou.edu/](http://gradweb.ou.edu/). Individual departments may have additional forms and deadlines. We will give you information, but ultimately you are responsible for timely and accurate completion of all degree requirements.

- **Read the Graduate College Bulletin.** You are responsible for maintaining familiarity with the information in the [Graduate College Bulletin](http://gradweb.ou.edu/). All students should review the bulletin annually for updates.

- **Be available to OU faculty and staff.** Activate and monitor your OU email. When members of the Graduate College staff need to contact you, email or OU directory information often are the only means available. Communicate your questions and concerns to both your department and to the Graduate College. When you receive requests for information, please respond quickly.

- **Talk to your counselor.** Graduate College counselors are your source for information and advice as you progress toward your advanced degree. Make sure you ask them for help if you need clarification of degree requirements or need to confirm your degree progress.

Whatever your field of interest, I am confident that at the University of Oklahoma you will find a committed academic community, dedicated to the spirit of learning and with a passion for assisting others to explore their full intellectual potential.

I wish you the best of luck in your academic pursuits at OU.

Financial support is any financial resource that a student may receive to assist in meeting the cost of attending the university.

These resources include:
- financial aid, such as federal and state grants, loans and work-study programs

- Awards and Funding

GRADUATE ASSISTANTSHIPS

Most academic units employ graduate students on a part-time basis. Graduate assistantships are awarded and governed by individual academic units and appointing departments.

A student should contact the appointing department or academic unit to obtain information about and applications for graduate assistantships.

(See Graduate Assistant Handbook)

Types of Graduate Assistantships

Graduate Research Assistant (GRA)

- A graduate research assistant is a graduate student on stipend whose primary responsibilities are other than teaching.
- Services provided by a research assistant may include assisting faculty members in a research or creative activity, serving as an administrative assistant (or intern), developing and evaluating instructional materials and/or curricula, providing instruction-related services or assuming responsibility for a designated research area.
- Research assistants appointed on externally funded research or creative activities may assist faculty
members in the completion of contracted research and creative activities and may be assigned responsibility for the independent completion of portions or all of specific contracts in research or creative activities, for preparation of required reports and proposals, and for the supervision of other research personnel.

**Graduate Teaching Assistant (GTA)**

- A graduate teaching assistant is a graduate student on stipend whose primary responsibility is in an instructional capacity.
- Services provided by a teaching assistant may include classroom or laboratory teaching, counseling students, proctoring examinations, grading papers and providing other general assistance in the instruction process.
- Teaching assistants may occasionally conduct research as part of their service requirement.

**Required Training and Certification for GTAs**

**Teaching Assistant Training**

All graduate teaching assistants (GTAs) must attend one or both of the teaching assistant training programs offered by the Center for Teaching Excellence prior to commencing their teaching responsibilities.

GTAs who do not have substantive contact with students (e.g., those who only do grading) are exempt from this requirement.

International GTAs must attend the Development of International Teaching Assistants (DITA) training program; all GTAs (international and domestic) must attend the Teaching Assistant Orientation (TAO).

For additional information contact the Center for Teaching Excellence, 101 Copeland Hall, (405) 325-2323 or teach@ou.edu.

**English Language Certification**

Before assuming teaching assistant duties that require contact with students, any graduate student for whom English is not their native language must be certified as proficient in oral, aural and written English.
Certification is obtained through the English Assessment Program, 213 Robertson Hall, (405) 325-1838.

If observation determines that a certified instructor is having serious communication difficulties in the classroom, English language certification may be revoked, which will require that the instructor be removed from the classroom.

Graduate students who wish to improve their English skills may take speaking or writing classes offered by the English Assessment Program.

**Compensation and Insurance**

Graduate assistant stipends above the minimum set by the university are determined by the unique needs of the academic units, the particular responsibilities of the graduate assistants, the availability of funds, and the specific priorities of the academic units. Graduate assistant stipends are generally treated as wages and are, therefore, taxable and subject to normal withholding. Graduate assistants are exempt from paying FICA taxes. However, graduate students must pay FICA taxes if they are enrolled in less than 5 credit hours during the Fall or Spring semester or less than 3 credit hours during the Summer semester. If a graduate student’s enrollment falls below the minimum required in any month, Payroll Services will automatically change the student’s status and withhold FICA taxes. Student employees are considered temporary employees and are not eligible for vacation/paid time off or other fringe benefits.

**Insurance - Eligibility**

To qualify for Basic Plan coverage paid for by OU, a graduate student must:

1. Meet the enrollment requirements including enrollment in a minimum of 5 credit hours in the Fall and Spring semester or 3 credit hours in Summer semester for Summer only coverage. The minimum credit hour requirement will be waived if you are in your last semester before taking your thesis or dissertation defense and you need fewer than 6 hours to graduate.
2. Be appointed to a .50 FTE or greater position.
3. Have an appointment approved by the Graduate College.

**Insurance Enrollment Options**

1. You will be automatically enrolled in the Basic Plan. No action is required.
2. Upgrade to the Enhanced Plan for an additional cost. Click here for Enrollment and Plan Details
3. Add your spouse or children for an additional cost. 
   *(Note: to change coverage after the enrollment period, you must go to the Student Health Plan Office, NEL Room 244, and complete a Change Form.)*
4. Costs for additional coverage are deducted from each of your paychecks during the school year.

**Workload**

The primary purpose of a graduate assistant appointment is to aid the student in the successful completion of an academic program. For this reason, enrollments and appointments are subject to certain restrictions. Graduate assistantships are subject to FTE limitations and cannot resemble full-time work. The standard Qualifying Graduate Assistantship is .50 FTE, which is equivalent to 20 hours per week. In necessary circumstances, graduate assistantships totaling .51 to .70 FTE can be approved by petitioning the Associate Dean of the Graduate College.

Graduate assistants appointed over .50 FTE often hold a combination of appointments in various departments. As a result, it is the responsibility of the graduate student to submit the *Petition to Appoint a Graduate Assistant Over .50 FTE* to the Graduate College prior to the start of the semester during which the appointment(s) exceeding .50 FTE will be held.

The Graduate College may terminate any appointment(s) that exceed .50 FTE and has not been approved by the Graduate College.

In general, the Graduate College expects that a graduate assistant will not be appointed for more than the number of semesters required to complete the degree program, assuming six semester hours of enrollment per semester.

The Graduate College website provides more information regarding obtaining approval to appoint a graduate student over .50 FTE.

**FELLOWSHIPS AND SCHOLARSHIPS**

**Graduate Fellowships**

The Graduate College offers funding opportunities to graduate fellows through the following programs: Alumni, Foundation, Hoving, Hudson, and McNair fellowship programs. Graduate fellows receive full tuition waivers up to the number of hours required to complete the degree. Graduate fellows also may receive graduate assistant positions with competitive stipends and health insurance. Awards and eligibility requirements vary depending on the fellowship program. More information about these, and
other, fellowship opportunities can be found at the [Graduate College–Funding Opportunities–Fellowships](#) website.

**Scholarships**

[Scholarships and Travel & Research Grants](#) administered by the Graduate College

Information regarding scholarships is available at the [OU Scholarships](#) website. Questions regarding scholarships can be directed to scholarships@ou.edu.

**TUITION WAIVERS**

Qualified graduate assistants who have at least a .50 FTE assistantship and are appointed from the first day of class to the last day of final examinations may receive a tuition waiver for the semester of their appointment. Normally, tuition waivers may be applied to any course listed in the *Schedule of Courses* as a Norman-campus course. Tuition waivers are applied only to tuition costs. They may not be applied toward fees, nor can they be converted to cash or applied toward courses offered through the College of Continuing Education or the College of Law.

**OTHER SOURCES OF FUNDING**

In an effort to assist graduate students in locating funding opportunities, the Graduate College provides access to the [Community of Science National Funding Opportunities database](#). This comprehensive listing of funds from various government agencies, private foundations, industries and academic institutions offers eligible students excellent opportunities for advanced study. Each entry contains a brief description of the program and an address to obtain further information.

Assistance in preparing applications and proposals is available from Proposal Services, located in the Office of Research Services at 201 David L. Boren Blvd. Proposal Services can be contacted at (405) 325-4757.

The Graduate College also maintains a listing of current [Funding Opportunities for Graduate Students (FOGS)](#) through sources outside of OU.

OU Email

To ensure timely and efficient communication, all OU students, faculty and staff are assigned an OU email account. Official university communications may be sent to this account. Email sent to this account is expected to be read in a timely fashion.

Faculty and staff assume that a student’s official university email is a valid mechanism for communicating with that student. Account holders who choose to have email forwarded to another email address do so at their own risk. An account holder’s failure to read, in a timely manner, official university communications sent to an official email account does not absolve the account holder from knowing and complying with the content of the official communication.

Email accounts: The Exchange email system can be accessed at http://exchange.ou.edu.

Your OU email address: You can locate email addresses for all OU personnel online at http://search.ou.edu.

Mail alias and “dotted name”: When your OU email account is first created, it is in a format called the “dotted name” address. It looks like this: Jane.Q.Student-1@ou.edu. The “dotted name” address is valid as long as you are at OU, but you can create a shorter, personalized email “alias” at: http://account.ou.edu. As you decide on an email alias, remember that it is something that will appear on your job resume and in other professional contexts.

OU Student Webspace: OU students can activate their personal OU webspace at http://account.ou.edu. To browse other OU student web pages, go to http://students.ou.edu.

Writing Center

The Writing Center provides writing conferences with experienced writing consultants. Services are complimentary for students, staff and faculty. Hours of operation vary by location and time of year. A guide to commonly used citation and style requirements also is available. Papers also may be submitted for review online.
The Writing Center can be contacted at (405)325-2936.

SGA is located on the first floor of the Conoco Student Leadership Center in Oklahoma Memorial Union, Suite 181, (405) 325-3163.

The Graduate Student Senate (GSS) serves as the Senate of the Legislative Branch of OU’s Student Government Association. GSS is composed of two senators from each department. The GSS offers conference fees and research grants to graduate students, helps allocate funds to all student organizations and acts on issues that affect graduate education. Each year, GSS raises money for its grant endowment fund. The Graduate Student Senate approves funding for nearly 100 graduate student organizations. Agendas and Minutes from the Graduate Student Senate are available for public access.

Many of the graduate departments and schools have university-recognized graduate student organizations. Examples include the Biology Club, History of Science Club and Graduate Music Student Association.

Graduate students from underrepresented groups also are active in such campus-wide organizations as the Black Graduate Student Association, Asian American Student Association, American Indian Student Association and Hispanic American Student Association.

A complete listing of OU’s 400-plus registered student organizations is available with links to the individual organizations’ websites.
International Student Services

The University of Oklahoma International Student Services (ISS) assists more than 2,000 international students and their families from over 100 countries, providing expert advice and support to every international student. OU ISS works with international students, faculty, staff, community members, U.S. federal officials and a variety of government agencies.

International Student Services is located in Hester Hall and can be contacted by phone at (405) 325-3337 or email at iss@ou.edu.

International degree-seeking students in F-1 or J-1 status may work part-time (up to 20 hours/week) on campus. Before seeking a job on campus, international students should contact the ISS office about work authorization policies.

International students in F-1 status may apply for authorization to hold off-campus employment in their field of study. Students may be eligible for Curricular Practical Training (CPT) during their program and also may be eligible for a year or more of Optional Practical Training (OPT) that may take place during or after their program of study. CPT must be either a professional experience required for a student’s degree program (i.e., an internship/practicum) or integral to a student’s academic program of study and for which academic credit is received. OPT consists of non-required off-campus employment within a student’s field of study. For more information on OPT/CPT, visit the ISS webpage, attend an on-campus workshop or contact the ISS office.

Equal Opportunity Policy

This University in compliance with all applicable federal and state laws and regulations does not discriminate on the basis of race, color, national origin, sex, sexual orientation, genetic information, age (40 or older), religion, disability, political beliefs or status as a veteran in any of its policies, practices or procedures. This includes but is not limited to admissions, employment, housing, financial aid and educational services.

President's Statement of Commitment to Affirmative Action

The University of Oklahoma, recognizing its obligation to guarantee equal opportunity to all persons in all segments of University life, reaffirms its commitment to the continuation and expansion of positive programs which reinforce and strengthen its affirmative action policies. This commitment stems not only from compliance with federal and state equal opportunity laws but from a desire to ensure social justice and promote campus diversity. The University will continue its policy of fair and equal employment practices for all employees and job applicants without insidious discrimination on the basis of race, color, national origin, sex, sexual orientation, genetic information, age, religion, political affiliation, disability or status as a veteran. The University will maintain a critical and continuing evaluation of its employment policies, programs and practices. Each budget unit bears a responsibility for constructive implementation of this Plan, and whenever possible, to the overall progress toward employment opportunity and participation in all University programs and activities. Our commitment to the concept of affirmative action requires sincere
and cooperative efforts throughout all levels of our employment structure. We will continue to strive to reach the goals of fair and equal employment opportunities for all.

**Equal Opportunity Office**

Individuals are assured protection from harassment, retaliation and discrimination for filing a complaint or assisting in an investigation under all relevant equal opportunity policies and procedures. Complaints of discrimination may be filed with the Office of Equal Opportunity. All lawfully required documents, including the university's Affirmative Action Plans, are available for inspection in the Office of Equal Opportunity between 8 a.m. and 5 p.m. on any working day.

The contact person in that office is the affirmative action officer or a designated staff member.

The **Equal Opportunity Office** on the Norman campus is located in 102 Evans Hall, (405) 325-3540.

**Counseling Services**

The University Counseling Center (UCC) is located on the second floor of Goddard Health Center and can be contacted by calling (405) 325-2911. The Center offers individual, couples and group counseling at affordable rates. The UCC also offers psychological assessments for ADHD learning disorders and other mental health conditions.

The OU Counseling Psychology Clinic is located at 3200 Marshall Ave., Suite 100; for more information call (405) 325-2914. The clinic provides services to individuals, couples, families and children involving various problems of living. Counseling services are on a sliding fee scale. In addition to therapy, counselors provide psychological assessment services for children, adolescents, adults, couples and families. Anyone currently living in Oklahoma can come to the clinic for services. OU affiliation is not necessary to receive services.

**Disability Resource Center**

The University of Oklahoma Disability Resource Center will reasonably accommodate otherwise qualified individuals with a disability unless such accommodation would pose an undue hardship or would result in a fundamental alteration to the nature of a service, program or activity or cause undue financial or administrative burdens. The term “reasonable accommodation” is used in its general sense in this policy to apply to employees, students and visitors.

The center accepts requests from students for reasonable accommodation after the student has self-identified as an individual with a disability. Requests for reasonable accommodation should be addressed to the Disability Resource Center, Goddard Health Center, Suite 166, voice (405) 325-3852, or TDD (405) 325-4173.
Once the student has provided the Disability Resource Center with appropriate diagnostic information that substantiates the disability, the office will assess the impact of the disability on the student’s academic program and record the required academic accommodations in a memo to the instructor. All diagnostic information is confidential and, therefore, memos can only be sent at a student’s request.

Not every student with a disability requires consideration beyond that which may be granted to any other student in the class.

- Fill out the *Graduate Student International Travel Notification* form and submit it to the attention of Suzanne Peters in the Graduate College, 213 Robertson Hall.
- When a graduate student intends to travel to a country for which the State Department has issued a travel warning ([http://travel.state.gov/travel/cis_pa_tw/tw/tw_1764.html](http://travel.state.gov/travel/cis_pa_tw/tw/tw_1764.html)), the student is required to meet with the Associate Dean of the Graduate College before the trip to discuss the circumstances of the trip and to sign a statement releasing the university from liability.

Students who will be conducting research overseas may need approval from the OU Institutional Review Board (IRB) before conducting any research activities. It is your responsibility to contact the IRB office to obtain any approval that is necessary. Information for the OU IRB is provided at the following link: [http://ouhsc.edu/irb-norman](http://ouhsc.edu/irb-norman).
U.S. law limits the exportation of certain items, technology and software to certain foreign destinations. U.S. government approval may be required in some situations, including but not limited to, temporary exportation of OU equipment or property, in-country activities in certain countries (Cuba, Iran, North Korea, Sudan and Syria) and interactions with foreign military units and forces, regular or irregular, in any country. It is your responsibility to contact the OU Office of Export Controls to obtain any approval that is necessary. Information for the OU Office of Export Controls is provided at the following link: [http://www.ou.edu/exportcontrols.html](http://www.ou.edu/exportcontrols.html).

**ACADEMIC INTEGRITY AND ACADEMIC MISCONDUCT**

Graduate students must uphold the highest standards of academic integrity. It is the responsibility of each student to be familiar with the definitions, policies and procedures concerning academic misconduct. These are explained in the [A Student’s Guide to Academic Integrity at the University of Oklahoma](http://www.ou.edu/exportcontrols.html).

The [Academic Integrity Code](http://www.ou.edu/exportcontrols.html) defines academic misconduct as any act which improperly affects the evaluation of a student’s academic performance or achievement.

Examples are:
- cheating and unauthorized material on examinations
- improper collaboration
- submitting the same assignments for different classes,
- fabrication, forgery, alteration of documents, lying, etc., in order to obtain academic advantage
- assisting others in misconduct
- attempting to commit misconduct
- destruction of property, hacking, etc.
- intimidation and interference with integrity process.

Complete information about academic integrity is available at the [OU Academic Integrity website](http://www.ou.edu/exportcontrols.html).

**ACADEMIC APPEALS**

A Graduate College Academic Appeals Board will be appointed and given authority to hear all appeals involving qualifying examinations, non-thesis examinations, General Examinations, theses, dissertations and other appropriate matters as determined by the Dean of the Graduate College.

The only issues to be resolved are those of prejudiced or capricious evaluation, or alleged inability to speak the English language to the extent necessary to adequately instruct students.

Complete information about Graduate College academic appeals may be obtained from the Graduate College academic appeals Guidelines and the Student Code, Title 14.
The Academic Appeal Process

The student is responsible for notifying the instructor of any dispute that meets the above criteria. If the student’s attempts at resolution with the instructor fail, the student should notify the Graduate College of the potential academic appeal immediately to make an appointment to discuss the matter.

Time Limits

- In cases of end-of-term evaluations, a student must notify an instructor of a dispute regarding an academic evaluation and must attempt to resolve differences no later than Feb. 15 for the previous Fall semester or intersession, and no later than Sept. 15 in cases of end-of-term evaluations for the previous Spring semester, Spring intersession or Summer session.

- In cases of an evaluation made known to a student during the term, the student must notify an instructor of a dispute regarding an academic evaluation and must attempt to resolve differences no later than 15 calendar days (excluding Saturdays, Sundays and university holidays from classes) after the results of an evaluation are made known to the student.

- If a student fails to notify an instructor or fails to attempt resolution within the appropriate time limit, the panel will deny any request for a hearing on the claim unless, in the view of the board, the student has been prevented from complying with the appropriate time limit (for example, a student being called into military service).

When a potential academic appeal is brought to the attention of the Graduate College, the following steps will be taken:

- An attempt will be made to resolve the problem with the department.
- If the matter is not resolved in conference, the student will be briefed on the procedures for filing an academic appeal.

Appeals must be filed in writing in the Graduate College office. The written appeal should state:

- the action being appealed
- the individual(s) responsible for the action under appeal
- the basis for the appeal
- the relief sought by the student.

Time Limits for filing an Academic Appeal with the Graduate College

- A written appeal must be filed as soon as possible, but in no event later than 10 calendar days (excluding Saturdays, Sundays and university holidays from classes) following the day when attempts at resolution are completed.
The board will deny any request for hearing on a claim that does not meet this deadline unless, in the view of the board, exceptional circumstances exist whereby the student is prevented from filing a claim.

**GRADUATE ASSISTANT APPEALS**

The Graduate Assistant Appeals Board will be appointed to hear appeals by graduate assistants regarding termination requests by academic units and/or employment grievances of graduate assistants. A student who feels he or she may have a potential appeal should notify the Graduate College immediately to arrange an appointment to discuss the issue.

Students wishing to file an appeal with the Graduate Assistant Appeals Board must do so within 10 calendar days (excluding Saturdays, Sundays and university holidays from classes) of the action being appealed. Appeals should be filed in writing in the Graduate College office.

The written appeal should state:
- the action being appealed
- the basis for the appeal
- the relief the student seeks.

The decisions made by the Graduate Assistant Appeals Board will be considered as recommendations to the Senior Vice President and Provost, who has final responsibility for such employment concerns. Complete information about Graduate Assistant Appeals is located in the Graduate Assistant Handbook.

**OTHER STUDENT GRIEVANCES**

**Sexual Harassment**
- The University of Oklahoma explicitly condemns sexual harassment and gender discrimination of students, staff and faculty.
- Because some members of the university community hold positions of authority that may involve the legitimate exercise of power over others, including graduate assistants, it is their responsibility to be sensitive to that power.
- The university is committed to providing an environment of study and work free from sexual harassment and to ensuring the accessibility of appropriate grievance procedures for addressing all complaints regarding sexual harassment, gender discrimination and sexual misconduct.
- To proceed with such a grievance or for further information, contact the Institutional Equity Office, (405) 325-3546:
  - Shad Satterthwaite, Equal Opportunity Officer, 102 Evans Hall
  - Laura Palk, Institutional Equity and Title IX Officer
  - Kathleen Smith, Sexual Misconduct Officer, Walker Center Room 220W, (405) 325-2215.
- For more information regarding the Sexual Misconduct, Discrimination & Harassment Policy, visit the [OU Institutional Equity Office website](#).
Student Discrimination

- The university has a policy of internal adjudication of student grievances.
- A procedure is established to provide the opportunity for a student to have a grievance of any type heard and adjudicated by administrative settlement.
- The procedures are designed to hear all grievances related to alleged discrimination on the basis of race, color, sex, religion, national origin or age.
- The Non-Discrimination Policy is available at the Equal Opportunity Office’s website.
- For further details regarding the procedure by which to file a grievance, see the Equal Opportunity Grievance Form or contact the Office of Equal Opportunity.

RESEARCH PROGRAMS

Research is a critical dimension of the mission of the University of Oklahoma. It is vital to the growth, health and progress of the state of Oklahoma, the region and the nation. In fiscal year 2013, more than 650 grants and contracts were awarded totaling in excess of $90 million.

Participation in research and creative activity projects is fundamental to a graduate student’s training and development. Various projects that support graduate students are conducted in all graduate programs offered at the university. Information about current research projects is available from each academic department.

Graduate students who are unsure of the norms in their department for identifying research themes and faculty advisers are encouraged to contact the graduate liaison in their academic unit for guidance on how to proceed.

USE OF HUMAN SUBJECTS IN RESEARCH

All research involving human subjects or the use of data generated via human subjects research performed by faculty, staff or students at the University of Oklahoma Norman or Tulsa campus or at Cameron University, which will result in publication or presentation, must be reviewed and approved by the University of Oklahoma-Norman Campus Institutional Review Board (OU-NC IRB) prior to subject recruitment and data collection. The primary role of the OU-NC IRB is to determine if the rights and welfare of human subjects who volunteer to participate in research studies are adequately protected and to ensure that adequate informed consent procedures are used. The University of Oklahoma Norman campus policy for the protection of human subjects in research activities and IRB application materials can be accessed at the OU IRB website.

If you have questions about compliance or the IRB approval process, you may contact the Office of Human Research Participant Protection at (405) 325-8110 or email irb@ou.edu.
USE OF VERTEBRATE ANIMALS IN RESEARCH

All research performed on live vertebrate animals or teaching that uses live vertebrates must be described for review and approval by the University of Oklahoma-Norman Campus Institutional Animal Care and Use Committee (OU-NC IACUC) prior to obtaining animals and data collection. The primary role of the IACUC is to ensure compliance with the U.S. Animal Welfare Act and Amendments and to ensure that animals receive humane care during procedures in accordance with federal regulations of the U.S. Department of Agriculture (USDA) and the Office of Laboratory Animal Welfare of the Public Health Service (OLAW/PHS).

If you have questions on the IACUC review process, you may contact the Office of Laboratory Animal Resources (405) 325-2609 or visit the OU IACUC website.

PATENT POLICY

The University of Oklahoma Intellectual Property Policy governs the ownership of certain inventions made by university students, staff and/or faculty members. The policy provides, in part, that all discoveries and/or inventions, patentable or not patentable, which are made or conceived of while the inventor is a student at the university with substantial use of university facilities not normally made available to students, or are made with funds provided by or through the university (including research funds), are the property of the university. The policy protects and offers substantial benefits to the inventor while simultaneously protecting the university’s interests in the invention. Students and faculty members are expected to be familiar with their rights and obligations under the University Intellectual Property Policy and to promptly report any inventions as outlined in the policy. The policy may be viewed online in section 3.29 of the Faculty Handbook found in section 3.29 of the Faculty Handbook.

Please be aware that the University Intellectual Property Policy is subject to revision at any time, and the most current version of the policy is available online. Students who make an invention or discovery that is covered under the stated conditions should contact the Intellectual Property Management office at (405) 325-3800 or at ipmo@ou.edu.

EMBARGO POLICY FOR THESES AND DISSERTATIONS

The University of Oklahoma Graduate College is committed to making research available to the broadest possible community. Open access to research supports the values of learning, teaching and peer review essential to our academic standing and integrity; it allows scholars to disseminate their work to the widest audience; and it supports the discovery and advancement of knowledge for all. Therefore, University of Oklahoma theses and dissertations are presented at open oral defenses and are made accessible in print form on our library shelves. Dissertations are also made globally accessible in digital form in the SHAREOK Repository.
However, in some situations and some disciplines, it may be advisable to delay immediate access to a thesis or dissertation. Upon request, the Graduate College will approve embargo of a thesis or dissertation for a limited period, provided good cause is demonstrated. An embargo postpones the date on which a thesis or dissertation will become broadly accessible. However, an embargo does not waive the final deposit requirement—a student who receives approval for an embargo will still need to deposit the final thesis or dissertation in order to fulfill graduate degree requirements, in accordance with the policies in this bulletin.

The complete Graduate College Policy Regarding Embargoes of Theses and Dissertations is available in the Thesis Instruction Packet and Dissertation Instruction Packet. Because the landscape of open access publication is rapidly changing, the Graduate College will revisit its embargo policy periodically.

GRADUATE ASSISTANT INTEGRITY

Graduate assistants make a vital contribution to the university at every level. As teaching and research assistants, they carry on the highest levels of intellectual inquiry; as professionals in training, they connect the university to the community and the world. In these roles, graduate assistants represent not only the student body but the university as a whole. Therefore, the university expects graduate assistants to conduct themselves with the highest standards of judgment and behavior in every area.

As instructors, graduate assistants follow all university policies concerning instruction. They demonstrate respect for students as individuals and adhere to their proper roles as intellectual guides and counselors. They make every reasonable effort to foster honest academic conduct and to ensure that their evaluations of students reflect each student’s true merit. They respect the confidential nature of the relationship between instructor and student. They avoid any exploitation, harassment or discriminatory treatment of students. Graduate assistants will not receive payment from students for tutoring or help sessions in any course in which they are currently assigned as an instructor, and they will accept the judgment of their department as to other limitations on such activities.

As researchers, graduate assistants have a responsibility to ensure the integrity and ethical standards in any research activity in which they are engaged. Graduate assistants will not engage in research misconduct and will notify a responsible party if they become aware of research misconduct by others.

As professionals in training, graduate assistants have a professional obligation to their colleagues and to the university. They show due respect and civility to their associates. They understand that any other employment or enterprise in which they engage for income is secondary to their university duties, and they accept the judgment of their department regarding conflicts of interest, either real or apparent, that may be caused by such outside activities.
