*Students must enroll in the joint degree prior to completing 12 graduate hours of included courses.

**Students must demonstrate competency in two programming languages, either by course completion, previous work experience or departmental approval. Programming courses do not count toward the required 56 hours required for the MBA/MS in MIS degree. However, students entering the program without the required programming background may fulfill the requirement by enrolling in two MIS electives with strong programming components- MIS 5682 Business Data Analysis, MIS 5782 Advanced Database Management, or MIS 5970 Financial Data Modeling.

***Submission of "Admission to Candidacy" form required before enrollment
