

Raymond W. Lowe was born January 12, 1918, near Wilson, Oklahoma. He was graduated from OU in 1941 with a Bachelor of Science degree in Chemical Engineering. Following graduation he joined the Hummel Oil and Refining Company at Baytown, Texas, as a development engineer. He was called to active duty in the Ordnance Corps of the U.S. Army in 1941 and was discharged as a major in 1946.

After serving in the Army, Mr. Lowe joined E.I. du Pont de Nemours & Company as a research engineer at the Martinsville, VA, Nylon Plant in 1946. In Du Pont his career included technical and management assignments in the manufacturing operations of the Textile Fibers Department, reaching a level of Assistant General Manager of that department in 1971. In 1973 he was named Vice-President of the Film Department and was assigned to his present position as Vice-President of the Elastomer Chemicals Department in 1976.

FOURTH ANNUAL HARRY G. FAIR
MEMORIAL LECTURE

Each year, a special lecture is given in memory of Harry G. Fair, an outstanding OU alumnus. Harry G. Fair was born in Okmulgee, Oklahoma, on June 3, 1916. He received the B.S. in Chemical Engineering in 1939. He joined Phillips Petroleum Company in 1939 and worked his way up to Vice-President for Supply and Transportation, with responsibility for world-wide exchange of crude oil and all transportation facilities. In 1966 he joined the M. W. Kellogg Company as Executive Vice President, in charge of all engineering activities and became Executive Vice President of Pullman, Inc., in 1968. He was President of Coastal States Gas Corporation from 1971 until the time of his death on July 27, 1974. Harry G. Fair was active in service to society and to his alma mater. He was a member of a number of professional societies and was a licensed professional engineer.

This lecture is made possible by the Harry G. Fair Memorial Fund contributed by his widow, Jane Swift Fair. Arrangements are made by the School of Chemical Engineering and Materials Science.
