

THE UNIVERSITY OF OKLAHOMA
COLLEGE OF ENGINEERING

5th Annual Harry G. Fair Memorial Lecture

in

CHEMICAL ENGINEERING
& MATERIALS SCIENCE

will be presented by

CHARLES R. PERRY

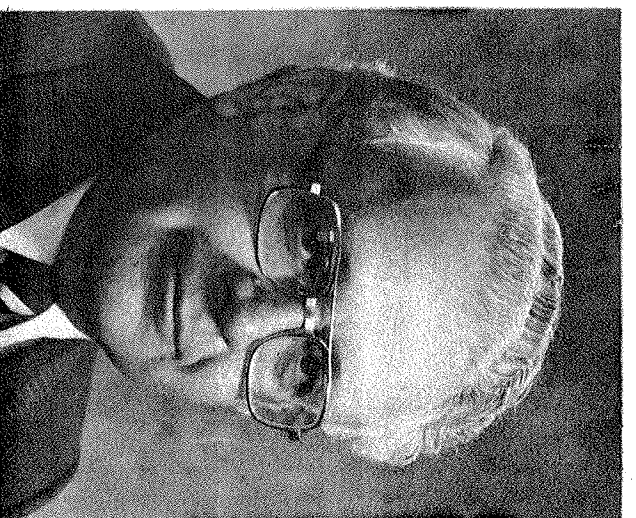

“What’s in it for Me?”

April 20, 1979

3:00 p.m.

The Lecture will be given on campus
in Room 108, Physical Sciences
Building, University of Oklahoma

Coffee and Refreshments
will be served

Charles Perry is President and principal stockholder of Perry Gas Companies of Odessa, Texas. In addition, he is Chairman of the Board and Chief Executive Officer of seven other associated companies. He did not “work his way up” to this position, he began the company. Perry Gas Companies trace their existence to 1967 when Charles purchased Portable Treators, Inc. with a \$2500 down payment. In 1978, Perry Gas Companies had \$4.6 million revenues and \$22.5 million in assets.

Charles obtained a BS in Chemical Engineering from O.U. in 1951. He went to work for Union Carbide in Texas City for three years leaving there for the Army. He worked as a research engineer on tuberculosis research at Fitzsimons Army Hospital for 2 years. Following that he worked for Sivalis Tanks, Inc. for 11 years and was Vice-President of Marketing when he left to purchase Portable Treators.

Each year, a special lecture is given in memory of Harry G. Fair, an outstanding OU alumnus. Harry G. Fair was born in Okmulgee, Oklahoma, on June 3, 1916. He received the B.S. in Chemical Engineering in 1939. He joined Phillips Petroleum Company in 1939 and worked his way up to Vice President for Supply and Transportation, with responsibility for world-wide exchange of crude oil and all transportation facilities. In 1966 he joined the M. W. Kellogg Company as Executive Vice President, in charge of all engineering activities and became Executive Vice President of Pullman, Inc., in 1968. He was President of Coastal States Gas Corporation from 1971 until the time of his death on July 27, 1974. Harry G. Fair was active in service to society and to his alma mater. He was a member of a number of professional societies and was a licensed professional engineer.

This lecture is made possible by the Harry G. Fair Memorial Fund contributed by his widow, Jane Swift Fair. Arrangements are made by the School of Chemical Engineering and Materials Science.

Non-Profit
U. S. Postage
PAID
Permit No. 88
Norman, OK

You Are Invited to Attend
**THE FOURTH ANNUAL
CEMS AWARDS BANQUET**

April 20, 1979
6:30 P.M.
Holiday Inn
I-35 & W. Main
Norman, Ok.

Honoring
OUTSTANDING STUDENTS
in
Chemical Engineering
and Materials Science

Cost per person is \$6.00

RSVP by April 17;
acceptances only.
