DEPARTMENT OF EDUCATIONAL PSYCHOLOGY

General Information

The Department of Educational Psychology (DEP) Office is located in Ellsworth Collings Hall (College of Education), Room 321. A list of Counseling faculty is included in this handbook. The DEP Office can be reached by phone at (405) 325-5974; by fax at (405) 325-6655; or by email at edpsych@ou.edu.

The office staff is knowledgeable and can assist students with many items of concern. Primary staff responsibilities are currently distributed as follows:

Assistant to the Chair (Krystal Golding-Ross)
- Financial matters (budget, salaries, payroll, etc.)
- Personnel matters (appointments, assistantships, tuition waivers, etc.)
- Oversee physical facility (offices, etc.)
- Travel claims
- Course and classroom scheduling
- Supervision of office staff

Graduate Programs Officer (Anna Steele)
- Graduate admissions
- Generals and comprehensive exams
- Permission to enroll
- Thesis and dissertation
- Student paperwork and forms
- Travel claims
- Textbook orders

Enrollment

All graduate students enroll on-line using http://ozone.ou.edu. It is strongly recommended that students consult with their advisors before enrolling. Some courses in the Department of Educational Psychology may require special permission before enrollment is allowed. In order to obtain permission to enroll in any restricted course, please follow the procedures below:

Email the department at edpsych@ou.edu with the following information:

- Semester you are requesting permission for
- Course prefix, number and section (for example: EDPY 6050, sec. 001)
- Number of credit hours for each course
- Your OU student ID number

Allow up to 24 hours for your request to be processed. (Missing information will delay your request.) You will be notified via your OU email address when the request has been processed. Once you’ve received notification, you may complete your enrollment via Ozone.

If you have additional questions or need further assistance, please call the department office or email the department at edpsych@ou.edu.

Student Rights and Responsibilities

It is the responsibility of students to know and adhere to the relevant ethical codes of the counseling psychology profession. Copies of the codes are available at: http://apa.org; http://counseling.org. Due to the nature of the counseling psychology profession, the program has additional expectations for students in terms of professional behavior. Violations of the ethical principles can result in sanctions from the program and, in severe cases, expulsion from the University. Although this is rare, the faculty sees our responsibility in training and graduating ethical counselors and psychologists as a crucial endeavor. It is recommended that you become familiar with these resources and always feel free to consult with your advisor or other faculty member if you are uncertain about expectations or courses of action. It is also the responsibility of students to follow the rules set forth in the Student Code, which is available from the Office of the Vice President for Student Affairs (http://www.ou.edu/content/dam/studentlife/documents/AllCampusStudentCode.pdf). This code outlines expectations for student behavior as well as procedures to protect student rights. Each student should obtain a copy of the Student Code and become familiar with it.

Problems with Professional Competency, Due Process, Grievance Procedures (See Appendix 1)

The Counseling Psychology program and the faculty expect students to conduct themselves as responsible, competent members of the professional community. In addition to academic competence, students are expected to maintain high standards of professional and ethical behavior in their interactions with clients, students, peers, supervisors, and faculty. In cases where a student does not meet these standards, required remediation of the problem behavior will be warranted.

Faculty recognize students’ rights to disagree with and, if necessary, appeal decisions made in regard to their progress in the program. In cases such as grade appeals, students should seek guidance from the University Grade Appeals policy located at: http://integrity.ou.edu/files/Grade_Appeals_and_Academic_Appeals_Boards.pdf.

In the event of a grievance against a faculty member, instructor, etc., students should seek informal resolution with the appropriate party whenever possible. Soliciting assistance from your advisor and/or the program Training Director may also be part of the informal process. In most cases, acceptable solutions to problems are negotiated through informal means. Detailed information on grievance procedures is included in the GC Bulletin (http://www.ou.edu/gradweb/gcbulletin.html).
**Dismissal from the Program (See Appendix 2)**

The program faculty does not take lightly the decision to dismiss a student from the program. Dismissal action is generally the final outcome of formal and informal communications with the student regarding her/his unsatisfactory academic, clinical, and professional progress in the program. Concerted efforts to help students address deficit areas will generally come in the form of a cooperatively developed remediation plan designed to facilitate the student in meeting program requirements and training objectives. Reasons for dismissal from the program include, but are not limited to:

- Failure to maintain minimum academic standards
- Unsatisfactory performance in counseling practica or internship
- Unethical practices and/or unprofessional conduct
- Academic dishonesty
- Cognitive, affective, and/or behavioral impairments that obstruct the training process and/or threaten client welfare
- Criminal misconduct
- Failure to comply with established University, Graduate College, or Program timetables, requirements, and policies

**Student Supports and Resources**

Faculty advisors assume the important role of mentors. However, sometimes other supports are necessary, e.g., the Counseling and Testing Center (325-2700) at Goddard Student Health Center; Disability Resource Center at Goddard Student Health Center (325-3852); International Student Services Office, B.C. Wallace Old Science Hall (405) 325-3337. A more comprehensive list of additional student resources is appended to this handbook (Appendix 5, p. 32).

**Graduate Student Funding: Assistantships, Tuition Waivers, Travel Funding, Scholarships**

**Assistantships.** The program offers a number of paid graduate assistantship positions (i.e., teaching, research, clinical work, etc.). For information on openings, contact the Director of Training. **Assistantship placements and decisions regarding these placements are handled by the Director of Training. Students should not seek out or interview for any placements without first conferring with the Training Director.**

Examples of current placements include the following: OU Counseling Psychology Clinic (student supervisor), K-20 Center, CEDaR, OU Health Sciences Center, OU Disability Resource Center, the Athletic Department, University College, CESL, etc.

Responsibilities for students placed in these settings vary depending upon the nature of the clientele, services provided, and agency need. Students typically work 20 hours per week (1/2 time GA) and are paid at University GA salary levels. These placements not only provide additional applied experiences for students across a breadth of settings, but also provide financial support in the form of stipends, tuition waivers, and student health insurance coverage.

**Tuition Waivers.** Funds are currently available from the Norman campus Graduate College for graduate tuition waivers covering all required graduate degree coursework for appointed .50 GAs on the Norman campus. Please note that this funding is dependent on Graduate College support and may vary in the future depending on their resources. Current information about tuition waivers can be found on the Graduate College website ([http://www.ou.edu/content/gradweb/funding_and_aid](http://www.ou.edu/content/gradweb/funding_and_aid)). The Graduate College also offers information on scholarship and fellowship funding for graduate students on their website (see above link). **Note: If you are interviewing or considering a position at OUHSC, please check to make sure that the position comes with a waiver of tuition.**

The appointment period for an assistantship may be for one semester, for one academic year (mid-August through mid-May), for the summer term (June—July), or for 12 months. It is expected that students accepting an assistantship appointment for an academic year will not resign at mid-year except in cases of emergency. Graduate assistants appointed for an academic year are expected to begin their...
employment on the first day of regular registration. Salaries are paid on the last workday of each work month. Krystal Golding-Ross (krystalg@ou.edu; 405-325-5975) handles all assistantship appointment paperwork.

All incoming GA/TA/RAs must complete a two-day training entitled “Responsible Conduct of Research.” Information on available training sessions is accessible at http://www.ou.edu/gradweb/events/pet.html. This training must be completed by the end of the first spring semester of study. All incoming TAs must complete the University’s TA training typically held in August prior to the beginning of classes. Information on this training is available through the Center for Teaching Excellence (http://www.ou.edu/cte/tao.html).

Travel funding for students presenting at professional conferences may be available from the Graduate College, College of Education, or the Department of Educational Psychology (DEP). Please refer to the DEP Student Handbook and Graduate College Student Handbook for additional graduate student funding sources. Professional organizations (e.g., APA, ACA, AERA, etc.) may also offer some travel support. Additional funding opportunities are listed in Appendix 6.

Termination of Assistantship Appointment Before End of Contract and Appeals Procedure. If the performance of duties does not meet the requirements set forth for the graduate student, the supervisor will inform the graduate assistant, both orally and in writing. An attempt will be made to work with the graduate assistant in improving her/his performance.

Whenever grounds exist for the termination of appointment prior to the end of the contract period, notice will be given in writing to the graduate assistant, and a copy of the notice sent to the Dean of the College. The notice will specify the reasons that termination is requested.

Upon receipt of the notice, the graduate assistant may request a hearing before the Graduate Assistant's Appeals Board within the following two-week period. Beyond that period, s/he will have waived the hearing and the termination will become effective.

Unless gross misconduct exists, the graduate assistant will continue in her/his regular duties up to the date of the hearing. Please refer to the Graduate Assistant’s Handbook, available at http://gradweb.ou.edu/Current/GAHandbook.pdf for more detailed information.

English Proficiency Examination for International Graduate Teaching Assistants. It is University policy that prospective graduate assistants who are international students for whom English is not the first language must pass a written and oral English proficiency examination and demonstrate by means of the "SPEAK" or "TEACH" test that they have sufficient oral proficiency for teaching the subject matter. These examinations are offered by the English Assessment Program (EAP) in the Graduate College. Please contact the EAP Office at http://ou.edu/gradweb/eap or call 405-325-1838 for information as to time and place of examination offering.

Institutional Review Board (IRB)

All research conducted under the auspices of the University of Oklahoma, Norman Campus, using human subjects must be reviewed and approved by the OU-NC IRB before subjects can be recruited or data collected. Also, the OU-NC IRB requires that all students and faculty who plan to conduct research with human subjects need to pass the CITI exam before a research proposal can be approved. The exam can be taken online and links are provided on the OU-NC IRB webpage. Information on the CITI exam is available at http://www.ouhsc.edu/irb-norman. To access the IRB online application portal, go to https://iris.ouhsc.edu.
DOCTORAL STUDY IN COUNSELING PSYCHOLOGY PROGRAM

General Requirements
Admission to doctoral study in the Counseling Psychology program requires a minimum of 3.0 grade point average on all graduate work attempted. All applicants must provide GRE test scores, which are used along with other data as a basis for admission. Programs may impose admission requirements in addition to those set by the Graduate College and the Department.

Training Model and Values

The training model of the Counseling Psychology Program at the University of Oklahoma has three central components:
1. A commitment to the scientist-practitioner model, with an emphasis on the integration of practice, theory, and research.
2. An acceptance of and exposure to a range of theoretical and empirical perspectives that foster critical thinking, ethical decision-making, the development of scholarly and applied competencies, and the critical examination of attitudes, assumptions, behaviors, and values relevant to the practice of counseling psychology.
3. Respect for and valuing of diversity and multiculturalism, as reflected in the establishment of a safe and respectful training environment and the fostering of cultural competence and a social justice orientation.¹

Scientist-Practitioner-Advocate Model
The training program strives to facilitate student integration of counseling and psychological theory and research, counseling practice, and the development and application of research skills. Although this is an important program goal, we do not attempt to predetermine the career paths or theoretical and empirical perspectives and interests of our trainees. Instead, we focus on offering students diverse perspectives and a critical mass of empirical and applied skills. Our belief is that this philosophy enables students to build successful professional careers in the field and to have a sound framework from which to continue to build competencies throughout their careers.

Our training model is grounded in evidence-based practice in psychology (EBPP), which is defined by the American Psychological Association (APA; 2006) as “the integration of the best available research with clinical expertise in the context of patient [client] characteristics, culture, and preferences” (p. 273). Training in EBPP is operationalized via trainee exposure to a range of theoretical models and intervention strategies, including (but not limited to) common factors, empirically supported treatments, and empirically supported relationships. A developmental perspective is applied in regard to expansion of competency-based skills.

Diversity in Perspectives
Our program supports and encourages open inquiry and discussion. This is reflected in student exposure to a range of theoretical and empirical perspectives. It is believed that this approach, in contrast to imposing a rigid body of knowledge regarding theoretical or empirical viewpoints or ways of thinking, fosters critical thinking and ethical decision-making.

An integral part of developing critical thinking, ethical decision-making, and competency in psychological and counseling practice involves interpersonal processing, personal introspection, and self-

¹ Effective Fall 2013, the program is moving toward the development and implementation of a scientist-practitioner-advocate model (Fassinger & O’Brien, 2000).
disclosure to a degree not necessary in other academic disciplines. Counselors must be familiar and comfortable with these skills when working with clients. In addition, counselors’ own attitudes, beliefs, opinions, feelings, personal experiences, and ability to interpersonally process impact their ability to competently perform their functions as a counselor or psychologist. This position is endorsed by the Council of Chairs of Training Councils (CCTC) and the Council of Counseling Psychology Training Programs (CCPTP), the APA (2007) Assessment of Competencies Work Group Task Force on Competencies, and the Association of Directors of Psychology Training Clinics (ACPTC; 2006).

The APA Ethical Principles and Code of Conduct (2002) states:

7.04 Student Disclosure of Personal Information
Psychologists do not require students or supervisees to disclose personal information in course- or program-related activities, either orally or in writing, regarding sexual history, history of abuse and neglect, psychological treatment, and relationships with parents, peers, and spouses or significant others except if (1) the program or training facility has clearly identified this requirement in its admissions and program materials or (2) the information is necessary to evaluate or obtain assistance for students whose personal problems could reasonably be judged to be preventing them from performing their training- or professionally related activities in a competent manner or posing a threat to the students or others.

Our expectations comply with this provision. Thus, classroom, practicum, and supervision experiences, assignments, and trainee assessments may call for trainees to engage in interpersonal processing or to self-disclose and introspect about attitudes, feelings, values, and life experiences, especially as they impact clients and colleagues. Likewise, and in order to foster a training community committed to critical thinking and self-examination, students can expect trainers to demonstrate a willingness to explore their own attitudes, assumptions, behaviors, and values.

In keeping with this aspect of the training program, we expect a climate of respect and confidentiality in our training community. In addition, we expect all trainers and trainees to be knowledgeable of, and to conduct themselves in accordance with, the Ethical Principles of Psychologists and Code of Conduct (APA, 2002).

**Diversity and Multiculturalism**
Our program fully endorses the Council of Counseling Psychology Training Programs’ (CCPTP; 2006) *Model Training Values Statement Addressing Diversity*. We aspire to create and foster a multicultural training environment in which all individuals are valued and accepted. Thus, an essential aspect of training is learning about and appreciating all human diversity, including (but not limited to) gender, gender identity, race/ethnicity, sexual orientation, culture, religion and/or spirituality, language, age, economic status, and ability. We also recognize that all individuals, including trainers and trainees, have multiple cultural and/or social identities; therefore, we strive to be inclusive and respectful of all individual differences and identities. As supported by our profession’s ethical principles and the APA’s Accreditation Guidelines, trainers and trainees are expected to be culturally competent and to examine and eliminate the effects of biases from their work. For instance, it is not acceptable for trainees in our program to refuse to work with a client who has a particular social or cultural identity or to put forth their own values as a rationale for refusing to work with a client who differs from them. Therefore, the examination of personal attitudes, beliefs, feelings, and values is expected in learning to work with all

---

2 See [http://www.ccptp.org/trainingdirectorpage7.html](http://www.ccptp.org/trainingdirectorpage7.html)
clients and colleagues (see previous section). In addition, trainees are expected to be familiar with the various guidelines addressing issues of diversity that are published by the APA (e.g., Guidelines for Psychological Practice With Transgender and Gender Nonconforming People; Guidelines for Psychotherapy with Lesbian, Gay, and Bisexual Clients; Multicultural Guidelines; Guidelines for Psychological Practice with Girls and Women). This emphasis is infused into the curriculum in various ways such as didactic instruction on multiculturalism, multicultural counseling, and multicultural research competencies.

**Advocacy and Social Justice**

We seek to ground the process of developing cultural competence within a social justice framework (e.g., Pieterse, Evans, Risner-Butner, Collins, & Mason, 2009; Speight & Vera, 2004; Vera & Speight, 2003). From a social justice framework, we consider that sociocultural processes related to identity development and socialization as well as systems of privilege and oppression undergird personal, interpersonal, and sociocultural power disparities which have real psychological impacts on the health of oppressed populations (e.g., Katz-Wise & Hyde, 2012; Lee & Ahn, 2011, 2012, 2013; Mallinckrodt, Miles, & Levy, 2014; Morrow & Hawxhurst, 1998; Pascoe & Smart Richman, 2009). This program seeks to respond to the call made to the counseling psychology profession to integrate social justice and advocacy competencies into psychological practice and research training (APA Commission on Accreditation, 2005). This emphasis is infused into the curricula in a variety of ways, including didactic instruction on advocacy and social justice models, guided exploration regarding the impact of social justice issues on practice roles and interventions, facilitation as to the integration of social justice and multiculturalism into research pursuits and processes, and providing assignments and service projects promoting social justice, community outreach, and advocacy.

**Advising**

Your advisor is a key person in your doctoral experience. This individual will help you plan your course of study, decide upon and conduct your research, and in general assist you in your professional development. You will be assigned an initial advisor to assist you in identifying and enrolling in appropriate classes and in acclimating to the program upon your entry. If you request a particular advisor, efforts will be made to accommodate your request to the extent possible. Should students wish to change advisors, they should consult the new advisor to ensure that faculty member is willing and able to accommodate their request and discuss the proposed change with the current advisor of their desire to work with an alternate program faculty member. The faculty recognizes the importance of a good working relationship between advisor and student and wants students to understand that choice of an advisor is theirs to make.

**Class Substitutions**

Students entering the program with a master’s degree or previous graduate work need to get early clarification regarding what courses will transfer and meet program requirements. Students should consult with their advisors for recommendations regarding course substitutions, but ultimately it is up to the student’s committee to decide what is in the best interest of the student.

**Doctoral Residency Requirement**

Doctoral programs traditionally have "residency" requirements. These requirements are intended to ensure that students spend a period of concentrated and uninterrupted work on their academic preparation, which leads to activities and experiences designed to foster academic and professional growth. The residency activities selected should be clearly relevant to your post-graduation career plans. Thus, the type and percentage of activities under the suggested categories will differ depending on your background, academic interests, and career goals.

In essence, fulfillment of doctoral residency in the Counseling Psychology Program consists of achievement and documentation of accomplishments. Residency activities generally fall into several
areas, including research and writing; professional service; teaching; development, consultation, and program management; and general professional participation. Your advisor will assist you in developing your Residency Plan Report, which will be disseminated with your ACR form to be reviewed and approved by your committee. For more details and sample activities from these various areas please refer to the Graduate College Student Handbook GC Bulletin.

**Doctoral Advisory Committee/Advisory Conference**

Your doctoral advisory committee should be assembled within the first year of enrollment in the doctoral program. Typically, doctoral committees have 5 members, but may have more. At least 3 of these members must be Counseling Psychology faculty members and one must be from outside the department. Always consider selection of committee members based on expertise and in consultation with your advisor.

The advisory conference is designed to help students develop a plan for obtaining their doctoral degree and should be completed before the end of the spring semester of the first year of doctoral enrollment. Students should access information on how to complete this process and the forms at [http://ou.edu/content/gradweb.academic_programs/doctoral_degree/norman.html](http://ou.edu/content/gradweb.academic_programs/doctoral_degree/norman.html). Once the coursework and residency plan have been reviewed and approved by the student’s advisor, the electronic forms may be sent out to the remaining committee members for their approval.

**Student Evaluation**

The program adheres to recommendations developed by the Student Competency Task Force of the CCTC. As such, within a developmental framework, and with due regard for the inherent power difference between students and faculty, students and trainees should know that their faculty, training staff, and supervisors will evaluate their competence in areas other than, and in addition to, coursework, seminars, scholarship, comprehensive examinations, or related program requirements. These evaluative areas include, but are not limited to, demonstration of sufficient: (a) interpersonal and professional competence (e.g., the ways in which student-trainees relate to clients, peers, faculty, allied professionals, the public, and individuals from diverse backgrounds or histories); (b) self-awareness, self-reflection, and self-evaluation (e.g., knowledge of the content and potential impact of one's own beliefs and values on clients, peers, faculty, allied professionals, the public, and individuals from diverse backgrounds or histories); (c) openness to processes of supervision (e.g., the ability and willingness to explore issues that either interfere with the appropriate provision of care or impede professional development or functioning); and (d) resolution of issues or problems that interfere with professional development or functioning in a satisfactory manner (e.g., by responding constructively to feedback from supervisors or program faculty; by the successful completion of remediation plans; by participating in personal therapy in order to resolve issues or problems).

This policy is applicable to settings and contexts in which evaluation would appropriately occur (e.g., coursework, practica, supervision), rather than settings and contexts that are unrelated to the formal process of education and training (e.g., non-academic, social contexts). **However, irrespective of setting or context, when a student-trainee’s conduct clearly and demonstrably** (a) impacts the performance, development, or functioning of the student-trainee, (b) raises questions of an ethical nature, (c) represents a risk to public safety, or (d) damages the representation of psychology to the profession or public, **appropriate representatives of the program may review such conduct within the context of the program’s evaluation processes.** (The Comprehensive Evaluation of Student-Trainee Competence in Professional Psychology Programs, 2004, pp. 2-3).

Consistent with CCTC’s policy, students will be evaluated throughout the program to monitor their academic, clinical, and professional progress. The sections that follow illustrate key evaluation areas.

**Competency-Based Practicum Training**
Students will complete a four-semester doctoral practicum sequence with a variety of foci (see p. 17 of this handbook) at our onsite training clinic located at 3200 Marshall Avenue. Please refer to the clinic manual for additional practicum expectations. Evaluation of students’ clinical training is in accordance with the Association of Directors of Psychology Training Clinics (ADPTC) and the Council of Chairs of Training Councils (CCTC).

Specialty Practicum. Specialty practicum experiences are designed to augment program clinical training and can be done at a number of sites in the Norman/Metro area. Students must enroll in a minimum of 3 total hours. The nature of these specialized experiences will differ depending upon the site. All are required to include at least one hour of supervision per week by a licensed psychologist. Students wishing to complete additional specialty prac hours can do so, provided they enroll in at least one hour during the time they are receiving specialized training. Note: The Graduate College tuition waiver only covers the mandated 3 hours.

The procedure for selecting a specialty practicum site is as follows:

- Confer with your advisor, the Training Director, other faculty, and students about site options.
- Once you’ve decided on a site, provide the necessary form (Specialty Practicum/Internship Memorandum of Understanding, (Appendix 7) for review and have it signed by the appropriate authorities. Return the signed documents to the Graduate Programs Officer for placement in your student file.
- Enroll in the appropriate practicum class (EDPY 6913.003).

The following are a sampling of available external specialty practica opportunities: OU Counseling and Testing Center (contact Dr. Karen Vaughn), OU Health Sciences Center [e.g., Department of Pediatrics (contacts: Drs. Elizabeth Bard, Amy Cherry, Barbara Bonner, Jane Silovsky, Lisa Swisher, Susan Schmidt), Psychiatry and Behavioral Sciences (contact: Dr. Elizabeth Risch), the OU-HSC Counseling Center (contact: Dr. Victoria Christofi]), OU’s Disability Resource Center (contact Dr. Chelle’ Lodge-Guttery), Oklahoma Prison System (contact Joe M. Allbaugh, Interim Director), Dr. Cody Commander, Private Practice, Dr. Ray Hand, Private Practice, etc.

Annual Review

Annual student evaluations are completed at the end of each spring semester and assess course performance, practica, progress on research, and general professional development activities. Once the completed annual review materials are turned in to your advisor, a meeting is scheduled with all CP faculty to review and discuss each student’s progress over the course of the year. Recommendations are made to the advisor for a rating of the student's progress. It is important to understand that three consecutive "Unsatisfactory" evaluations will, by Graduate College policy, result in dismissal. Please refer to the Graduate College Bulletin and the Graduate College Student Handbooks for details on specific evaluation criteria.

General Examinations

Detailed departmental and Graduate College procedures and policies for the general exam are provided in the DEP and the Graduate College Student Handbooks. Generals are held fairly early in the fall semester during the same semester you are applying for internship.

In order to take the general examination, an Application for the General Examination (http://ou.edu/content/gradweb/academic_programs/doctoral_degree/norman.html) needs to be completed early during said fall semester and submitted to the DEP Graduate Liaison one month before the scheduled examination for approval by the Graduate Dean. After the written portion of the general exam
is graded, advisors will inform students when to proceed with scheduling their oral defense of the general examination. Following satisfactory completion of this phase, a memorandum stating the results shall be signed by the entire doctoral committee, filed with the DEP Graduate Liaison, and submitted to the Graduate Dean.

Upon successful completion of the General Examination, the Graduate College will provide students the Dissertation Instruction Packet. This packet includes the Request for Authority form, which must accompany the reading copy of the dissertation.

**Internship**

Prior to applying for internship, students must have successfully completed their 6050 research project, including submitting the research to a local, state, national, or international professional conference. **Completion of this program requirement must be certified by the student’s advisor by the first week of the fall semester to be eligible to apply for internship that year.**

One of the requirements of the program is a full-year internship (or residency), which occurs after completion of all courses, general examinations, and practica. It is required that students accept internships at only APA-accredited sites.

Informational seminars are provided internal to the program to help students prepare for internship applications and interviews. Students should be aware that the APA annual convention and APAGAS division provide annual in person and online training workshops on the internship application process.

**Research Requirements**

As a Ph.D. student, you are working toward a research degree. To this end, program training emphasizes the importance of practicing within a framework of scientific inquiry in order to infuse evidence-based practices into clinical work.

Over the course of the program you will conduct a minimum of two research studies. The first is the pre-dissertation research project (the 6050 project). Students must enroll in 1 hour per semester of EDPY 6050 (excluding summers) during their first two years in the program. The pre-dissertation research must be completed and approved by the student’s advisor, and a submission of that research made to a local, state, regional, national, or international conference by the beginning of the fall semester.

The second project is the dissertation. Students should identify their dissertation topic and begin the development of the prospectus in consultation with the major advisor and the dissertation committee. When the major advisor agrees that the prospectus is ready, the student distributes copies to doctoral committee members two weeks before the scheduled meeting. At that meeting the committee, working with the student, will suggest any needed modifications and sign their approval when satisfactory. A signed copy of the prospectus is filed with the Department of Educational Psychology. The student may now proceed with the dissertation research.

To hold a prospectus or dissertation meeting during the summer, the student must obtain written approval for a meeting from all committee members and the department chair prior to the first day of final exams of the spring semester. In agreeing to such a meeting, the student and committee members acknowledge that such action is voluntary and is not considered an expected part of faculty responsibilities during the summer.

**Final Oral Defense**

When approved by the major advisor, reading copies should be distributed to committee members at least one month before the final oral defense in order to allow committee members to discern whether the defense should proceed. **Two weeks prior to the defense**, a reading copy of the dissertation is submitted to the Graduate College along with a completed and signed copy of the Request for Authority form. The Graduate College will provide a form authorizing the final examination (oral defense of the dissertation).
It is the student's responsibility to arrange with members of her/his doctoral committee the date, hour, and place of the examination. **Note: Careful attention should be paid to all the necessary procedural steps and deadline dates regarding dissertations and defense listed on the doctoral checklist and in the current Graduate College Bulletin.**

Finally, the following procedure for completing the dissertation prior to entering the internship has been established:

- A memo from the student's doctoral committee chair to the Graduate College must accompany the reading copy of the dissertation when it is submitted to the Graduate College. The memo should state that the student must complete the internship prior to graduation.

- Following completion of the dissertation, the student will not be required to enroll in further dissertation hours but will be required to maintain continuous enrollment in the internship course for the number of hours established by the University.
TIMELINE FOR DOCTORAL STUDENTS

First year
- Complete program advisory committee report and residency plan
- Literature review and designing 6050 project

Second year
- Collect data and complete 6050 project
- Finish your clinic practica, plan for specialty practicum
- Begin designing your dissertation research
- Begin preparing for General Exams
- Begin collecting information about internship sites and organizing your documentation

Third year
- Access information from internship sites and prepare online applications
- Complete Application for the General Examination early in fall semester
- Complete written portion of Generals (usually September)
- Oral defense of the Generals
- Interview at internship sites
- Write dissertation prospectus and, if possible, defend dissertation prospectus and collect data

Fourth year - Internship year
- Finish writing dissertation
- Defend dissertation
- Complete internship
- Graduate and go through commencement (or go through commencement and then graduate)
CHECKLIST FOR DOCTORAL STUDENTS IN
COUNSELING PSYCHOLOGY

NOTE: The Department Office must receive a copy of ALL completed paperwork before forwarding to the Graduate College. All relevant forms for doctoral students are available at http://gradweb.ou.edu/Current/Forms/doctoral.

REGISTRATION AND ENROLLMENT

Obtain registration materials; consult with major advisor. Register for course work. For courses requiring special permission, please email the Graduate Programs Officer and provide her with the semester needed along with the course number, section, credit hours, and your OU ID number.

Obtain and read the Graduate College Bulletin and Student Handbook, the DEP Graduate Student Handbook, the Counseling Psychology Student Handbook, the Graduate Assistant’s Handbook, and the Student Code from the Division of Student Affairs (all online).

For non-EDPY courses, enroll early! They fill up quickly!

ADVISORY CONFERENCE

During the first fall semester in the program and in consultation with your faculty advisor, choose at least four other faculty members to serve on your doctoral committee; at least one of these four must be from outside the DEP. Information on the online ACR process and all forms are posted on the Graduate College website. Once all ACR paperwork is completed and approved by your advisor, email all electronic forms to your remaining committee members for their feedback and approval.

REQUEST FOR CHANGE IN DOCTORAL ADVISORY CONFERENCE REPORT

Proceed with course work. If any changes become necessary in the report of advisory conference or in advisory committee appointments, requests for changes may be completed online using the designated forms: http://ou.edu/content/gradweb/academic_programs/doctoral_degree/norman.html.
APPLICATION FOR THE GENERAL EXAMINATION

When nearing completion of work, but no less than one month in advance of the general examination, complete and obtain all signatures for the Application for the General Examination form. The DEP Graduate Programs Officer will assist you in obtaining required signatures and forward to the Graduate College.

After completion of written portion of general examination, schedule a doctoral committee meeting to be held before December 1st for oral portion of general examination.

After oral portion of general examination, a memorandum stating results of general examination signed by entire doctoral committee must be submitted to the Graduate Dean within 72 hours. The form should be submitted to the DEP Graduate Programs Officer for copying prior to submission to the Graduate College. The form may be hand-carried to their offices.

DISSERTATION AND FINAL ORAL EXAMINATION

Following initial enrollment in Research for Doctor's Dissertation (EDPY 6980), maintain continuous enrollment in a minimum of two credit hours each fall and spring semester until all degree requirements are completed. You do not need to enroll in dissertation hours for summer unless you have received special permission for a summer defense.

Develop prospectus for dissertation research. Hold prospectus meeting. File one approved and signed copy of prospectus with the DEP Graduate Programs Officer.

After approval of your chair, distribute reading copies to committee members at least one month before the date of your final oral defense of dissertation. Once your committee has given you approval to proceed with your defense, present one reading copy along with Request for Authority form to the Graduate College. The Graduate College will provide authority for examination form, library card, dissertation topic card, and Survey of Earned Doctorate form. Check Class Schedule Bulletin for deadlines for submitting Reading Copy and for holding the defense.

Arrange with members of doctoral committee the date, hour, and place of final oral defense.

Pursuant to a successful oral defense, students must make an appointment to deposit their dissertation by visiting https://iadvise.ou.edu. One unbound copy of the dissertation must be delivered to the Graduate College no later than 60 calendar days after the defense. If you plan to graduate in a particular semester, you must meet the deposit deadline listed in the Academic Calendar for that semester. An electronic copy of your dissertation should be submitted via the SHAREOK institutional repository according to Graduate College instructions. The same deadline listed above applies to the electronic submission as well.

Return signed library card, dissertation topic card, and Survey of Earned Doctorate to the Graduate College office. You will need to return these materials and the Survey of Earned Doctorate to the Graduate College office on the same day you submit your dissertation to the Library.
Minimum Degree Requirements

I. **Research Proficiency:** 16 hours
   - EDPY 6050 Individual Research (4 hours over 4 semesters)
   - EDPY 6063 Counseling Psychology Research (3)
   - EIPT 5023 Quant Data I or PSY 5003 Statistics I (3)
     or equivalent approved by committee
   - EIPT 6023 Quant Data II or PSY 5013 Statistics II (3)
     or equivalent approved by committee
   (and at least one additional advanced statistics or design course) (3)

II. **Supervised Practice:** 19 hours
    - EDPY 6913 Practicum I (3 hours; fall)
    - EDPY 6913 Practicum I (3 hours; spring)
    - EDPY 6910 Practicum II (1 hour; summer)
    - EDPY 6913 Practicum II (3 hours; fall)
    - EDPY 6913 Practicum II (3 hours; spring)
    - EDPY 6910 Practicum (Specialty Settings, 3 hours minimum)
    - EDPY 6920 Internship (3 hours over 1 calendar year)

III. **Counseling Specialty:** 18 hours
     - EDPY 6413 Theories of Counseling and Psychotherapy (3)
     - EDPY 6423 Advanced Counseling Procedures (3)
     - EDPY 6433 Advanced Group Counseling (3)
     - EDPY 6463 Couples and Family Counseling (3)
     - EDPY 6503 Counseling Psychology: Supervision and Consultation (3)
     - EDPY 6483 Advanced Career Counseling (3)

IV. **Psychometrics:** 6 hours
    - EDPY 6103 Individual Intelligence Testing (3)
    - EDPY 6203 Personality Assessment (3)

V. **Scientific and Professional Ethics and Standards:** 6 hours
    - EDPY 6403 Issues and Ethics In Counseling Psychology (3)
    - PSY 6923 History of Psychology (3)

VI. **Biological Bases of Behavior:** 3 hours
    - EDPY 5293 Psychoneuropharmacology (3)
    or equivalent approved by committee

VII. **Cognitive - Affective Bases of Behavior:** 3 hours
     - PSY 5280 Seminar in Cognitive Processes (3)
     or equivalent approved by committee

VIII. **Social Bases of Behavior:** 3 hours
      - PSY 6423 Fundamentals of Social Psychology (3)
      or equivalent approved by committee

IX. **Individual Differences:** 6 hours
    - DSM-V Diagnosis course from masters program or equivalent approved by committee (3)
    Additional Diversity graduate course from approved list (see Appendix 4) (3)

X. **Human Development:** 3 hours
    - Lifespan Developmental course from masters program or equivalent approved by committee (3)

EDPY 6980 Dissertation: 9 hours

*Note: Modifications of these requirements have been submitted for University approval.*

Appendix 1

Problems with Professional Competency

This policy outlines the procedures used to monitor student progress, identify deficiencies and assist the student in remediation when appropriate or, if necessary, to recommend dismissal of the student from the program when remediation is not possible.

The Counseling Psychology program and profession expects students to assume roles as responsible, competent members of the professional community. In addition to academic competence, students are expected to maintain high standards of professional and ethical behavior in their interactions with clients, students, peers, supervisors, faculty, and the community. These standards include, but are not limited to confidentiality, honesty, and academic integrity.

Our goal in the program is to foster collegial and respectful student-student and student-faculty relationships. The following steps are provided to guide students in resolving challenging professional situations:

1. Consistent with the APA ethical code, we ask that students attempt to resolve problematic interpersonal issues by speaking directly with the person in question. If students are not comfortable speaking with the faculty member or student in question, they should consult with their advisor or the Training Director in order to explore other options for dealing with the issue, e.g., meeting with the DEP Chair.

2. Because the program faculty has an obligation to create a safe environment for all students, if an alleged problem is deemed by a faculty member to be a serious training issue, the reported concern will be addressed consistent with the following procedures:
   a. The faculty member with the concern will attempt to resolve the issue with the student directly.
   b. If the student is not responsive to this level of intervention, the faculty member will advise the Training Director and the student’s advisor of the concern, including the efforts made to engage the student in a resolution.

Addressing Student Competency Issues

If a faculty member determines that a student exhibits problematic behavior, program faculty will meet to discuss this issue. Prior to the meeting, information will be gathered from various formal (e.g., course performance, annual evaluations, clinical skills, etc.) and informal sources (e.g., faculty and peer observations). All data determined to be relevant to the alleged violation will be gathered and reviewed in preparation for the formal meeting of all program faculty. The student will be provided a forum during this meeting to respond to all allegations. Depending upon the nature of the problematic behavior, the following measures may be taken: (1) program faculty will develop a written plan for remediation in collaboration with the student, or (2) in cases of more serious competency issues, program faculty will determine if dismissal from the program will be recommended.
Some indicators of serious impairment include, but are not limited to:

1. The student does not acknowledge, understand or accept responsibility for the identified problematic behavior.
2. The problematic behavior is not confined to a specific skill deficit that may be responsive to remediation.
3. The behavior has the potential for ethical or legal ramifications if not addressed.
4. The problem behavior does not change as a function of feedback or remediation.
5. The problem behavior negatively affects the public image of the agency or the university or the training site.

The student will be given the opportunity to accept the remediation plan, provide a written response, and/or appeal. If the student chooses to provide a response, the program faculty will meet again to consider any new evidence presented by the student, and will provide written documentation of their decision within three weeks of the date the student response was received. If the student wishes to appeal the faculty decision, s/he may follow the appeal procedures outlined in the grievance procedures section of the [Graduate College Bulletin](http://ou.edu/content/dam/gradweb/documents/Publications/GCBulletin2016-2017.pdf).

The remediation process will include scheduled review dates to assess progress and target dates for achieving the desired outcomes. The faculty member who initially identified the problem in concert with the Training Director and the student’s advisor will monitor the student’s progress toward remediation goals. After each review, an update of the student’s progress will be shared with the program faculty. If progress toward remediation goals is insufficient, then the program faculty may decide to (1) modify the remediation plan or (2) recommend dismissal from the program. In either case, the student will have an opportunity to respond or appeal.

**Clinical Concerns—Practicum Remediation Policy**

In cases where the student problem is associated with clinical training, the practicum supervisor retains the right and responsibility of determining and assigning the final course grade. All data determined to be relevant to the alleged violation will be gathered and reviewed in preparation for the formal meeting of all program faculty. It is expected that most clinical concerns will appear, and be addressed, by mid-semester and be part of the student’s practicum evaluation at that point. However, concerns will be dealt with as soon as they are identified; problems that arise after that point will be dealt with in the same systematic fashion.

If remediation is deemed appropriate by the program faculty, they will develop a remediation plan consistent with Graduate College policy, including a timeframe for remediation (typically one additional semester) and behavioral indicators that remediation has been successful. If the remediation period extends beyond the practicum semester, a grade of I will be assigned. If remediation cannot be achieved within one year, the grade of I will become permanent on the transcript and the student will be required to repeat the practicum. If the program faculty feel
the problem is not amenable to remediation, a grade if U will be assigned.

When the remediation period has passed, or when the original practicum instructor believes the remediation plan has been fulfilled, the program faculty will discuss evidence of progress/success. The practicum instructor will take the judgments of his/her colleagues under advisement when making a final grade determination.

Ethical and Program Policy Violations
Ethical behavior is expected and evaluated in throughout the program of training. In the event that a student violates ethical, professional standards, or program policies, the following steps will be taken consistent with APA ethical guidelines:

1. The faculty member who observes or learns of an ethical or program policy violation will meet with the student to discuss the matter. If following the meeting, the faculty member believes that the student’s behavior constitutes a violation of APA ethical guidelines or program policies, the faculty member will notify the student’s advisor, the Training Director, and the student in writing that a review by the program faculty will be conducted to further investigate. The letter will also delineate the specific incident and the ethical standard(s) or program policy(ies) allegedly violated.

2. The student will be offered the opportunity to submit a written response to the alleged violation within 72 hours of the outcome of the initial meeting.

3. All program faculty will then meet to discuss the problem, conduct a thorough review of the allegation, and determine an appropriate course of action. Depending on the nature of the violation, the course of action may include specific remediation, probation, or dismissal from the program.

My signature below attests to the fact that I have received, read, and understand this policy:

Appendix 2

Program Dismissal

Should the faculty determine that a remediation plan is not possible and the student’s behavior is sufficiently problematic, steps will be taken toward dismissal from the program. Be assured that program faculty does not take lightly the decision to dismiss a student from the program. Dismissal action is generally the final outcome of formal and informal communications with the student regarding her/his unsatisfactory academic, clinical, and professional progress in the program. Concerted efforts to help students address deficit areas will generally come in the form of a cooperatively developed remediation plan designed to facilitate the student in meeting program requirements and training objectives. Reasons for dismissal from the program include, but are not limited to, the examples below:

1. Failure to maintain minimum academic standards
2. Unsatisfactory performance in counseling practica or internship
3. Unethical practices and/or unprofessional conduct
4. Academic dishonesty
5. Cognitive, affective, and/or behavioral impairments that obstruct the training process and/or threaten client welfare
6. Criminal misconduct
7. Failure to comply with established University, Graduate College, or Program timetables, requirements, and policies

Dismissal procedures

In order to protect student due process rights and the rights of faculty to uphold the integrity of the academic and professional standards of the training program, the dismissal review procedures will consist of the following steps:

1. The student will receive in writing a description of the complaint levied against them. Concerns or complaints may emanate from members of the faculty, clinical supervisors, clients, other students, or professionals and agents outside of the University community.

2. Under certain circumstances, the Training Director may advise the student to seek an informal resolution with the party raising the complaint, and to inform the Director of Training as to the outcome of this action.
3. If informal methods at problem resolution are inappropriate or unsatisfactory, the Training Director will inform the student and the student's advisor in writing that the student's status in the program may be in jeopardy. Under these circumstances, a meeting of the program faculty will be convened to review the complaint and to come to a decision about the student's status. Persons with information pertinent to the complaint may be asked to attend the meeting or to submit documentation in writing for review prior to the meeting. The student will be provided copies of all written materials. The student will be asked to attend this meeting and to present information.

4. Immediately following the presentation of information, the program faculty will deliberate and arrive at a decision regarding the student's standing in the program. This decision may result in one of the following outcomes: (a) the student will be exonerated of the complaint, (b) the student will be allowed to continue in the program pending satisfactory completion of a specified remediation plan, or (c) the student will be dismissed from the program.

5. The Training Director will provide the student and the student's advisor a written account of the decision and, if necessary, clearly specify what, if any, remediation plan must be implemented and successfully completed by the student to maintain her/his program standing. The student will also be informed about the procedures to follow if s/he wishes to appeal the outcome of the faculty's decision (Please refer to the grievance procedures section of the Graduate College Bulletin: http://ou.edu/content/dam/gradweb/documents/Publications/GCBulletin2016-2017.pdf).
Appendix 3

Student Selection, Admissions and Assignment of Advisors: Doctoral Program

The CP program is committed to recruiting, retaining, and graduating diverse students. As such, the faculty and current students engage in various outreach activities through the Clinic Speaker’s Bureau; conducting workshops in the community and around the state; attending state, regional, and national professional conferences; and networking with counseling masters program faculty to recruit potential graduates. Our commitment to social justice and advocacy provide the foundation for our concerted efforts to create an inclusive, respectful environment. After students enter the program, we provide opportunities through Town Hall meetings, focus groups, one-on-one faculty-student collaborations, and interactive electronic communications for students to provide us with feedback on the quality of our efforts and suggestions for improvement. We also utilize practicum and annual evaluation measures to get feedback on whether we are meeting the clinical training and academic needs of our diverse student body. Current diversity news and information is regularly disseminated via various format (e.g., Diversity Discussion group, Clinic Facebook page, email, listservs, newsletters, email announcements, etc.), and teaching and classroom practices provide opportunities for broader university and community involvement and diversity education.

Applicant Criteria and File Reviews

- Masters degree in counseling
- Completion of all elements of CP program application
- DEP GPO readies application materials for review.
- CP faculty each review all applications using the following criteria: applied accomplishment/formal practicum training, scholarly accomplishments, personal statements, letters of recommendation, unique backgrounds/experiences
- These ratings are added to other weighted ratings (GPA, psychology GPA, combined verbal & quant scores on the GRE) in a spreadsheet.
  - GPA minimum conforms to Grad College policy (3.0)
  - GRE guidelines:
    - Minimum scores of 500 on verbal/quant subtests
- Students are rank ordered by score. Other circumstances are noted, including minority candidate, extent of previous practicum experience, etc.

Interview Selections

- Deadline for applications is December 7th of each calendar year.
- Program faculty meet as a group to review the applicant pool and determine who will be invited for interviews.
• Training Director, with staff assistance, invites applicants to attend face-to-face or phone interviews and schedules these interviews.

Interviews
• On site interviews are typically held on a single day.
• Phone interviews are scheduled based on faculty and student availability.

Admissions Decisions
• Applicants are systematically discussed by all faculty.
  o Faculty interviewers share their impressions of fit and readiness for the program.
  o Student interviewers give their feedback and ratings.
• A finalist pool and an alternative pool of additional acceptable applicants are created by faculty consensus.
• Priority: admitting diverse cohorts

Offers
• Training Director contacts finalists in order of priority making offers on the phone, followed by email messages and hard copy letters detailing the offer.
• Students have until April 15 to accept a formal offer (per national guidelines).
• Faculty may return to alternative pool of applicants to make additional offers as needed to fill a cohort.

Advisor Assignments
• An initial advisor will be assigned to each student to assist in identifying and enrolling in appropriate classes and in acclimating to the program. Efforts will be made to accommodate requests for a particular advisor whenever possible. Should students wish to change advisors, they should consult the new advisor to ensure that faculty member is willing and able to accommodate their request and discuss the proposed change with the current advisor of their desire to work with an alternate program faculty member.

Scholarships and Travel & Research Grants

Robberson Travel and Research Grants

Website:
http://www.ou.edu/content/gradweb/funding_and_aid/scholarships_travel_research_grants.html

Robberson grants provide financial assistance to outstanding students who are in the early phases of a research project that is leading towards a significant product of creative activity or who are presenting their research at professional conferences. Such activities include dissertation or thesis research, publications, and national exhibitions or performances.

Maximum Award

Research: $1000 for Doctoral students; $500 for Master's students

Travel: $1000 (Note: State laws impose certain restrictions on travel, so it is essential that you consult with your academic unit/department prior to making travel plans to insure your reimbursement can be properly processed. If awarded, we will transfer the funds to your academic unit/department's account and they will, in turn, reimburse you.)

Eligibility Criteria for Applicants of the Robberson Travel & Research Grants:

- Must be in good academic standing and have an OU grade point average of 3.00 or better.
- Must have completed at least 9 graduate credit hours at OU, in the current degree.
- Must be enrolled during the semester he/she plans to travel.

Applicants for the Robberson Travel Grant must be an active presenter at the conference/exhibition.

Multiple awards per degree program may be approved in some cases, but priority will be given to a student's first award in each degree program.

Recipients of the Graduate College International Travel Scholarship are not eligible for the Robberson travel funds for the same activity. Fellows who receive professional development funds from the Graduate College are not eligible.
Application Deadlines: September 15, October 15, November 15, January 15, February 15, March 15, April 15.

The Graduate College International Travel Scholarship
Website: http://www.ou.edu/content/gradweb/funding_and_aid/scholarships_travel_research_grants.html
The Graduate College International Travel Scholarship provides students with matching funds to participate in a prestigious international conference or international juried event. A student is eligible to receive this award once per academic degree.

The Award: The scholarship will provide one-half of the total cost, up to a maximum of $1,800, which must be matched by an equal amount from the student’s college and/or department. Thus, the total award may be up to $3,600.

Funds will not be disbursed until after the travel is complete.

Eligibility Criteria: An applicant for these funds:
• Must be an active presenter at the conference/exhibition.
• Must be sole or first author on the paper presented at the conference.
• Must be in good academic standing and have an OU grade point average of 3.50 or better.
• Must have completed at least 9 graduate credit hours at OU, in the current degree.
• Must be enrolled during the semester he/she plans to travel.

Recipients of the Graduate College International Travel Scholarship are not eligible for Robberson travel funds for the same activity.

Application Deadlines: September 15, October 15, November 15, January 15, February 15, March 15, and April 15

The Eddie Carol Smith Scholarship
Website: http://www.ou.edu/content/gradweb/funding_and_aid/scholarships_travel_research_grants.html

Award, Eligibility, Process, Selection & Deadline
The Eddie Carol Smith Scholarship is a one-year award that will go to a graduate student whose research/capstone project either opens a new area of scholarly endeavor or significantly expands an existing area of scholarly endeavor. Applicants must be near the end of their degree requirements, as it is expected that the academic year during which the student serves as the Eddie Carol Smith Scholar is also the academic year in which the student will complete the degree.

Award:
• $2,000 in professional development funds. These funds may be used to assist with the research project (i.e., data-collection, supplies & equipment, etc.); to assist with the preparation of the final dissertation, thesis, or capstone project; or for travel to either present the research/project or to collect data for the research/project.
• full tuition waiver for both the fall and spring semesters of the award year

Nomination Process: Nomination should be submitted to the Graduate College, attention: Clarissa Dobrinski, by February 15. Nomination materials must include:
• a copy of the student’s completed Admission to Candidacy form for master’s applicants or a copy of the student’s completed Advisory Conference Report for doctoral applicants
• a current copy of the applicant’s curriculum vitae

• a research statement prepared by the applicant. This statement should include a detailed description of the research / project. The statement must be readable by an interdisciplinary audience. It should be written in a grant proposal format rather than as an abstract of a work already completed. It should clearly identify the scholarly issues being addressed in the research /project. It should outline the tasks that will be performed to complete the research/project. If applicable, it should include any early conclusions or preliminary findings.

• a brief budget/financial statement indicating the proposed use of the professional development funds in conjunction to the research/project.

• a reference letter prepared by the applicant’s major professor. This letter should address the ability of the student to complete the proposed research/project and the current status of the research /project (i.e., prospectus completed, conducting research, etc.). It should also describe the scholarly significance and potential impact of the proposed research/project, as well as the expected time frame for the applicant to complete the degree.

• an Endorsement Signature of the applicant’s graduate liaison or department chair AND of the applicant's budget college or designated representative.

Eligibility Criteria: Any department offering a graduate degree on the Norman campus may submit nominations for this scholarship. To qualify for the Scholarship an applicant:

• must be a graduate student on the Norman campus

• must carry at least a 3.60 grade point average in all coursework for the degree

• must be approaching the last year of the graduate degree

• must be engaged in a doctoral dissertation, master’s thesis, or master’s capstone project

• must be recommended for the award by the major professor

• must have the endorsement and support of the department and the budget college dean

[Please note: the recipient need not hold a graduate assistantship during the year of the award.]

Selection Process: An ad hoc committee selected from members of the Graduate Council will review the nominations immediately following the deadline and recommend a recipient to the graduate dean.

Application Deadline: The next deadline will be February 15, 2016

Grants

Website: http://www.ou.edu/content/sga/graduate-student-senate/grants.html

Graduate Student Senate grant awards are supplementary in nature and operate on a reimbursement basis. Requirements for eligibility include:

• The applicant must be enrolled in a graduate program at the University of Oklahoma during the semester in which he/she receives the Research and/or Conference Grant(s).

• The applicant must be from an Academic Unit (Department / School / College) in good standing within the Graduate Student Senate.
Applications must be submitted in a large manila envelope addressed and delivered to:
SGA Graduate Student Senate
Oklahoma Memorial Union
Conoco Student Leadership Center, Suite 181
900 Asp Avenue
Norman, OK 73019
Once applications are received and the selection committee has made their final decision, a list of grant recipients and amounts awarded will be posted on this website. If you are awarded a grant, please remember to hound your department to process your receipts. Failure of your department to process our forms by the due date on the award letter means failure to receive funds. There are instructions on saving the PDFs within the general instructions. Also, the PDFs use the most up-to-date version of Adobe, which can be accessed in any of the computer labs on campus if you are having trouble.
The deadline: fall 2016

Fellowships
Website: http://www.ou.edu/content/gradweb/funding_and_aid/fellowships.html
The Graduate College offers funding opportunities to fellows through Alumni Fellowship, Foundation Fellowship, Hoving Fellowship, Hudson Fellowship, and McNair Fellowship.
More information on eligibility criteria is described for each fellowship below.

Alumni Fellowship
In 1998, President David L. Boren established the University of Oklahoma Alumni Graduate Fellowship Program. The multi-year award is designed to recruit nationally competitive students into doctoral programs of participating University of Oklahoma departments.
The Award
The Alumni Fellowship is a multi-year award which includes:
• Competitive stipend (amount varies by department);
• A 0.50 FTE Graduate Teaching or Research Assistantship;
• A full tuition waiver for the total number of hours required to complete the degree;
• A subsidy for the basic student health insurance plan;
• Continuation of the award is contingent upon the student making satisfactory progress towards the degree and the academic unit’s ongoing commitment to provide a 0.50 GTE Graduate Teaching or Research Assistantship.

Selection Process and Application Deadline
Contact the applicable department chair or liaison for funding availability.

Foundation Fellowship
At the request of President David L. Boren, the University of Oklahoma Foundation provides funds each year to support the Graduate Foundation Fellowship Program. This multi-year fellowship is designed to recruit nationally competitive graduate students into participating departments.
The Award
The Foundation Fellowship is a multi-year award which includes:
• Competitive stipend (amount varies by department);
• A 0.50 FTE Graduate Teaching or Research Assistantship;
• A full tuition waiver for the total number of hours required to complete the degree;
• A subsidy for the basic student health insurance plan;
• Continuation of the award is contingent upon the student making satisfactory progress towards the degree and the academic unit’s ongoing commitment to provide a 0.50 GTE Graduate Teaching or Research Assistantship.

Selection Process and Application Deadline
Contact the applicable department chair or liaison for funding availability.

Hoving Fellowship
The Kenneth L. Hoving Graduate Fellowship was established by an anonymous gift to honor Dr. Kenneth L. Hoving, who served as Dean of the Graduate College from 1980 to 1990. The fellowship supports graduate students studying history, music, physics and psychology.

The Award
The Hoving Fellowship is a multi-year award which includes:
• A $5000 stipend supplement for 4 years;
• A 0.50 FTE Graduate Teaching or Research Assistantship;
• A full tuition waiver for the total number of hours required to complete the degree;
• A subsidy for the basic student health insurance plan;
• Continuation of the award is contingent upon the student making satisfactory progress towards the degree and the academic unit’s ongoing commitment to provide a 0.50 GTE Graduate Teaching or Research Assistantship.

Eligibility Criteria
To be eligible for nomination an applicant must:
• Be a U.S. citizen;
• Have at least a 3.50 admission grade point average;
• Be a new doctoral student in one of the following disciplines: Music (Vocal Music, with Opera preference); Instrumental Music (Piano or Violin preference); History; Psychology (Developmental Psychology preference)

Selection Process and Application Deadline
Contact the applicable department chair or liaison for funding availability.

McNair Fellowship
The Ronald E. McNair Scholars Program strives to increase the number of graduate degrees awarded to students from low-income, first-generation and underrepresented groups. The program pairs academically promising undergraduate scholars with graduate faculty mentors, who advise them as they develop, conduct and publicly present original research projects. The McNair Graduate Fellowship program encourages McNair Scholars who have successfully completed an undergraduate degree and who demonstrate high excellence to attend graduate school.
There will be up to three McNair Graduate Fellowships awarded for the 2016-2017 academic year. The McNair Fellowship is a multi-year award based on the student’s degree program (master’s or doctoral). Each award includes:

- A $5000 stipend supplement for 4 years (doctoral students)
- A $2,500 stipend supplement for 2 years (master’s students)
- A 0.50 FTE Graduate Teaching or Research Assistantship
- A full tuition waiver for the total number of hours required to complete the degree
- A subsidy for the basic student health insurance plan

Continuation of the award is contingent upon the student making satisfactory progress towards the degree and the academic unit’s ongoing commitment to provide a 0.50 GTE Graduate Teaching or Research Assistantship

ELIGIBILITY CRITERIA
To be eligible for nomination an applicant must:

- Be an incoming master’s or doctoral student
- Hold a Qualified Graduate Assistantship
- Successfully have completed an undergraduate McNair Scholars Program
- Have at least a 3.50 admission grade point average

NOMINATION PROCESS
Nomination materials should be submitted to the Graduate College, attention: Clarissa Dobrinski, by the application deadline (see below). Nomination materials must include:

- Departmental nomination request
- A copy of the application packet (include University, Graduate College, and department admission materials)
- Verification of completion of an undergraduate McNair Scholars Program
- Verification of assistantship
- Letter of support from the chair of the academic unit

SELECTION PROCESS
An ad hoc committee will review the nominations following the spring deadlines and recommend recipient(s) to the Graduate Dean.

APPLICATION DEADLINE
February 1 and March 15
(Students nominated for the February 1 deadline will not be reconsidered for the March 15 deadline.)
Research and Travel Funds - Graduate Students (College of Education)

Funds are available for graduate students (Masters or Doctoral) on the Norman campus to help pay expenses related to:

- Travelling to make a presentation at an academic conference or
- Conducting research

A graduate student may apply once per academic year for support for travel to a conference or for research-related activities. Typically, the Research Committee tries to fund up to one-third of costs. The maximum award is $1000. You will need to provide expense receipts to receive reimbursement. Additional travel support may be available through your department (ask a member of the departmental staff) and the Graduate College. Information about Graduate College support for travel is available at this link: [http://www.ou.edu/content/gradweb/student_resources.html](http://www.ou.edu/content/gradweb/student_resources.html).

**Directions for applying for funds:**

1. Complete the online Qualtrics form
2. The online form requires an estimate of costs. Fill in every box, including typing in $0 if the expected amount is $0.
3. Specify details (travel support or research support, location of conference, summary of anticipated expenses) in the box for narrative (10,000 character limit).
4. If presenting a paper, upload a letter of acceptance or copy the page from the conference program that features your presentation. If you are asking for research support, upload the IRB approval letter.
5. Upload a letter or an email from an OU faculty member who supports your application. You will need to contact an OU Faculty and request a letter.
6. When you click Submit at the bottom of the application, you will receive a pop up that says “SUCCESS!” If you need help with the online form, please email Gina Powell at ginapowell@ou.edu.

**What does NOT qualify for Travel and Research Funding?**

- Food or other expenses for participants in a research study
- Class projects
- Requests for disbursements over $1000
- Any reimbursement request submitted more than 120 days after the event

**Deadlines:**

For travel planned for July 1 – December 31, the deadline is **October 1**. Awards are announced in November.

For travel planned for January 1 – June 30, the deadline is **March 1**. Awards are announced in April.

Of course, funds may fluctuate due to factors beyond the control of the Research Committee, such as the
number of applications and the annual budget. Contact Gina Powell at ginapowell@ou.edu if you have questions.

**Other Funding Opportunities for Graduate Students**

**Website:** [http://www.ou.edu/content/gradweb/funding_and_aid/fogs.html](http://www.ou.edu/content/gradweb/funding_and_aid/fogs.html)

This page provides information on the most recent outside scholarship or grant opportunities for funding doctoral dissertations, masters theses, and/or professional research.

**PIVOT Funding Search** provides the most comprehensive source of funding information available on the Web, with more than 24,000 records, representing over 400,000 funding opportunities.

**Center for Research Program Development and Enrichment (CRPDE)**

CRPDE was established to assist OU faculty, research scientists, postdocs and students in their efforts to build strong and competitive programs for research, scholarship and creative activities. The Center helps to identify funding opportunities for research projects and assist with the development of proposals for external funding.

**Additional Sources from DEP Handbook**

In an effort to assist graduate students in locating funding opportunities, the Graduate College provides access to the Community of Science National Funding Opportunities database ([https://pivot.cos.com/login](https://pivot.cos.com/login)).

This comprehensive listing of funds from various government agencies, private foundations, industries and academic institutions offers eligible students excellent opportunities for advanced study. Each entry contains a brief description of the program and an address to obtain further information. Assistance in preparing applications and proposals is available from Proposal Services, located in the Office of Research Services at 201 David L. Boren Blvd. Proposal Services can be contacted at (405) 325 – 4757 ([http://ors.ou.edu/proposal/ops.html](http://ors.ou.edu/proposal/ops.html)).
Appendix 7

Memo of Understanding (Specialty Practicum)

On this ______ day of ______________________, 20____, the Board of Regents of the University of Oklahoma, by and through the College/University/Department of ___________________________________________________________ (“the University”), and __________________________________________ (“the Facility”), agree that Students enrolled at the University may engage in a Specialty Practicum/Internship (“Practicum/Internship”) at the Facility, according to the following conditions:

A. The University and the Facility jointly agree:

1. This Agreement shall be effective beginning ________________________, 20____, and ending ________________________, 20____. Either party may terminate this Agreement by giving the other advance written notice of termination of not less than thirty (30) days. The Agreement may be terminated at any time by mutual consent. If this Agreement is terminated during a Practicum/Internship, however, the parties agree to allow current Students to complete the Practicum/Internship.

2. Access to Student records shall be governed by the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g, commonly known as “FERPA,” and all other applicable laws.

3. As applicable, the provisions of Executive Order 11246, as amended by EO 11375 and EO 11141 and as supplemented in Department of Labor regulations (41 CFR Part 60 et. seq.) are incorporated into this Agreement. The parties represent that all services are provided without discrimination on the basis of race, color, religion, national origin, disability, sex, political beliefs, or veteran’s status; they do not maintain nor provide for their employees any segregated facilities, nor will the parties permit their employees to perform their services at any location where segregated facilities are maintained. In addition, the parties agree to comply with the applicable provisions of Section 504 of the Rehabilitation Act and the Vietnam Era Veteran’s Assistance Act of 1974, 38 U.S.C. §4212.

4. Any compensation or payment between the parties will be obtained through external funding sources.

5. Neither party nor any of its participants shall publish any materials as a direct result of the Practicum/Internship, without giving the non-publishing party an opportunity to review and respond to the publication in advance. No confidential information of the Facility, its staff or clients may be included in any publication without prior written notice to the Facility.

6. If a conflict arises between an employee of the Facility and a Student, the Specialty Practicum/Internship Coordinator and Facility Coordinator shall intervene in an attempt to resolve the matter. The Facility may require that the University immediately remove a Student from a Practicum/Internship rotation when that individual exhibits clearly inappropriate behavior; is
disruptive of Facility services, management, or operations; does not comply with Facility rules or policies; or poses a threat to the health, safety or welfare of a client, guest or employee of the Facility. The Facility shall promptly inform the Practicum/Internship Coordinator of the circumstances, who will inform the University, and the University shall remove the Student from the Practicum/Internship rotation.

7. The parties agree not to use each other’s names or logos in any publications or advertising without prior written approval from the other party.

8. The parties will mutually determine the schedule of Student assignments and the number of Students who will participate in the Practicum/Internship rotation.

B. Responsibilities of the University:

1. The University shall designate a University employee to serve as the coordinator for the Practicum/Internship (Practicum/Internship Coordinator) to work directly with Facility personnel and coordinate all aspects of the Practicum/Internship with the Facility and assist in developing Student assignments, training activities and Student evaluations.

2. The University shall require Students to have transportation to and from the Facility, to arrive and depart promptly, and to park in areas designated by the Facility.

3. The University shall be responsible for all actions, activities and affairs of the Students and University employees during the Practicum/Internship to the extent required by Oklahoma law.

4. The University shall be responsible for planning and implementing the educational program, including administration, programming, curriculum content, books and materials, faculty appointments, eligibility and admission criteria, Student selection, matriculation, promotion, graduation, Student performance evaluation, references and all academic aspects of the Practicum/Internship programs.

5. The University shall require each participating Student to complete, sign and return Attachment A, “Student Acknowledgement and Release.”

6. The University will provide policies, rules, regulations and procedures that are applicable to Students who are participating in the Practicum/Internship rotation.

C. Responsibilities of the Facility:

1. The Facility will provide the Student with appropriate training exercises/experiences and resources to foster the Student’s learning experience.

2. The Facility will provide the actual supervision and control of the Student’s activities within the Facility.
3. The Facility will communicate immediately with the Practicum/Internship Coordinator any concern regarding the Student’s performance or progress. At least annually, the Facility will provide to the Practicum/Internship Coordinator a written evaluation of Student performance.

4. The Facility shall designate a Facility employee to serve as its coordinator (the “Facility Coordinator”) for the Practicum/Internship and to work directly with the Practicum/Internship Coordinator to plan and coordinate the Practicum.

5. The Facility shall provide copies of the Facility’s policies, rules, regulations and procedures that are applicable to Students who are participating in the Practicum/Internship rotation to the Practicum/Internship Coordinator who will make them available to the Students.

6. The Facility shall provide an orientation to the Student that includes a tour of the Facility and addresses any facilities or procedures of a particular Facility department pertinent to the Practicum/Internship.

7. The Facility shall permit Students to assist in the provision of counseling-related services to Facility clients, but the Facility may restrict their activities as it sees fit.

8. The Facility shall provide parking in designated areas for Students and the Practicum/Internship Coordinator.

9. The Facility shall permit the University and its accreditation agencies to visit, tour and inspect the Facility’s facilities and records relating to the Practicum/Internship on reasonable notice during the Facility administration’s regular business hours, subject to requirements of client confidentiality, legal compliance requirements of the Facility, and minimizing disruption or interference with Facility operations, including client care activities.

10. The Facility shall make its classrooms, conference rooms and library facilities available to the University for the Practicum/Internship, without charge, subject to availability and Facility policies regarding use of its facilities.

D. Miscellany

1. **Termination.**

   a. Termination for Convenience. The Agreement may be terminated at any time by mutual consent. Furthermore, either party may terminate this Agreement by giving the other advance written notice of termination of not less than thirty (30) days. If this Agreement is terminated during a Practicum/Internship, however, the parties agree to allow Students currently enrolled and participating in a Practicum/Internship, to complete the Practicum/Internship.

   b. Termination for Material Breach. If either party defaults for failure to comply with the material terms of this Agreement, the other party may terminate this Agreement by giving at least 30 days prior written notice to the defaulting party, specifying in reasonable detail the nature of the default, unless the defaulting party remedies the default within the 30 day period. This provision shall not constitute an election of remedies by either party, and each party shall have and retain all rights
and remedies that may be available at law or in equity in the event of breach or default by the other party.

2. Responsibility for Actions. Each party shall be responsible for its own acts and omission and the acts and omissions of its employees, officers, directors and affiliates as provided by Oklahoma law. The University’s liability shall be governed by the Oklahoma Governmental Tort Claims Act.

3. Disclaimer of Intent to Become Partners. The Facility and the University shall not by virtue of this Agreement be deemed to be partners or joint venturers. Neither party shall incur any financial obligation on behalf of the other.

4. Confidentiality. The University shall require the Practicum/Internship Coordinator and Students to, keep confidential and not divulge to anyone else any of the proprietary, confidential information of the Facility, including client information, unless such information (a) is or becomes generally available to the public other than as a result of disclosure by the University or any of the Students, or (b) is required to be disclosed by law or by a judicial, administrative or regulatory authority. The University, the Practicum/Internship Coordinator, and Students shall not use such information except as required to provide client services in the Practicum/Internship rotations.

5. HIPAA Compliance.

   a. The University shall require the Practicum/Internship Coordinators and Students to, appropriately safeguard the protected health information of patients, in accordance with applicable provisions of the Health Insurance Portability and Accountability Act of 1996, as it may be amended from time to time (“HIPAA”) and applicable law. The Practicum/Internship Coordinator and Students may use and disclose protected health information solely for the education and care purposes contemplated by this Agreement.

   b. With respect to information obtained or received from the Facility, the University shall: (i) not use or further disclose the information other than as permitted or required by this Agreement or as required by law; (ii) use appropriate safeguards to prevent use or disclosure of the information other than as provided for by this Agreement; (iii) report to the Facility any use or disclosure of the information not provided for by this Agreement of which the University becomes aware; and (iv) require that any agents, including a subcontractor, to whom the University provides protected health information received from, or created or received by the University on behalf of, the Facility agrees to the same restrictions and conditions that apply to the Facility with respect to such information.

6. Governing Law. The validity, construction and enforcement of this Agreement and all disputes that may arise in connection with its performance shall be governed by the laws of the State of Oklahoma without giving force or effect to its choice of law provisions. Any legal action relating in any manner to the subject matter of this agreement shall be filed in a court of competent jurisdiction in the state of Oklahoma, to which jurisdiction and venue the parties expressly agree.
7. **Entire Agreement.** This Agreement constitutes the entire understanding and agreement of the parties with respect to its subject matter and cannot be changed or modified except by another agreement in writing signed by the parties.

**E. Responsibilities of the Student:**

See Attachment A that the Student and one witness shall sign and date.

ATTACHMENT A
STUDENT ACKNOWLEDGEMENT AND RELEASE

On this ____ day of __________________, 20____, ____________________
(“the Student”) accepts the following responsibilities in order to participate in the
Practicum with the Facility:

A. The Student shall act professionally and ethically at all times at the Facility.

B. The Student shall respect the confidentiality of information that the Facility
indicates is confidential, and any personal, sensitive, or private information that
he/she discovers or has access to, including but not limited to medical records,
both during and after the Practicum.

C. The Student shall adhere to Facility and University policies, procedures, and
operating standards, and complete and submit all required documentation,
including proof of immunizations, drug tests or background checks.

D. The Student will prepare for and participate in any evaluation conferences that the
University or Facility may require.

E. The Student is responsible for acquiring and maintaining his/her own health and
accident, automobile, and professional liability insurance, if required.

F. Participation in this Practicum does not make the Student an employee of the
Facility or the University or entitle him/her to financial remuneration, unless
agreed by the Facility and Student in advance and in writing.

G. The Student travels to and from the practicum/internship at his/her own expense
and risk.

These terms shall serve as a release and assumption of risk for myself, my heirs, estate,
administrator, assignees, legatees, members of my family, and any other representative.
