Student organizations at OU-Tulsa are funded one of two ways depending on the type of organization:

Administrative student organizations: this organization type is directly associated with colleges or academic programs and are considered to be sponsored by OU.

These organizations are allocated a budget each year from the student activity monies paid by the students in their respective college/academic program. These budget amounts will be disclosed to each organization at the conclusion of the **mandatory** student organization training each semester. **Administrative student organizations must be registered by the registration deadline** and are **NOT** eligible to participate in the OUTSGA Fee Allocation Process.

Academic & Student organizations: these organization types are funded through independent fundraising efforts and the **OUTSGA Fee Allocation Process**. OUTSGA will award approximately \$10,000 in student organization funding per academic year.

How do I request to hold a fundraiser? Complete the activity/event form, selecting the “fundraiser” option.

How do I participate in the OUTSGA Fee Allocation Process?

1. Ensure you have completed the **mandatory student organization registration** by the **funding registration deadline**.
2. Complete and submit a **Fee Allocation Application** at the beginning of the each Fall and Spring semester: [CLICK HERE](#)
3. Have at least one officer attend the mandatory student organization training at the beginning of the academic year.

Important Dates:

Funding registration deadline: 1/28/2025 @ 5:00 pm

OUTSGA General Meeting: 2/5/20025 @ 5:30 pm

Each student organization is responsible for tracking their own revenue and expenses once the budgets are established and fees are allocated. Please keep an updated and detailed record readily available in the event of an audit.

10 FAQs

1. **Can we have events off campus?** Yes. For any RSO event complete the activity / event form and our office can help ensure a successful outcome.
2. **Do we have to fill out a form every time we meet?** Yes. It keeps us informed about student activities and enables us to advertise and support these events as necessary.
3. **How should we order food for our event or meeting?** Let us help! Complete the food order request form at least 48 hours prior to your event and we will place the order for you. **Reimbursements will not be issued.**
4. **Can we have alcoholic beverages at our student organization event?** Never on campus. If your organization's event or meeting is held off campus then alcohol can **only** be purchased legally and independently by participants. Organization funds cannot be used to purchase alcohol. Depending on the nature of the event, it may be required to pay for security.
5. **What can we spend our funds on? What is prohibited, in general?** Please refer to the "How to Spend Student Fee Money" page.
6. **What do we do with the funds we raise until we decide how to spend them?** Work with your advisor to determine an appropriate and safe way of storing your funds. Whatever method you decide, always document all of your transactions and keep a running record of your revenue and expenses. We can deposit into fee account, but then rules in #5 apply.
7. **Will Student Affairs keep track of our funding?** No. This is the responsibility of the treasurer (or designated officer), and oversight is the responsibility of the advisor. We will not pay your bills if you run out of money or overextend your organization.
8. **As an officer or member, can I sign agreements or contracts on behalf of my student organization?** No. Pass along all documents to Student Affairs prior to the event, so we can consult with necessary departments.
9. **How do I get more students to participate in my organization?** If possible, open your membership to include students beyond your degree program. Publicize your organization (work with our office to utilize our student e-mails, FB page, and digital signage). Talk to your fellow students and work with your advisor to get the message out in the most effective way possible.
10. **I'm graduating. How can I ensure my organization continues to thrive?** Be intentional about identifying and training the students who will take over for the graduating class. The key in a single word? **Communication**
11. **Will my organization's funding roll over from the fall to spring semester?** Administrative Student Organizations do have funding that rolls over. For Academic and Registered Student Organizations, funding does not roll over. You must reapply for funding at the beginning of every semester.
12. **I have an uncommon event idea (other than a meeting). Do I need to reach out to Student Affairs?** Yes, with some events Student Affairs does need to reach out to Risk Management to ensure there are not unnecessary or excessive risks that could impact the safety of attendees.
