OU-Tulsa COVID-19 Response Plan
Updated February 11, 2022

Deans and vice presidents are responsible for reviewing and distributing this Plan in their areas and for implementing the necessary steps for compliance within their areas.¹

Revised versions of this Plan will be distributed to appropriate campus groups and posted on the OU-Tulsa COVID-19 Updates and Resources page: https://ou.edu/tulsa/coronavirus, also accessible from the OU-Tulsa home page. This Plan applies to all OU-Tulsa employees and students,² which includes residents and trainees, scholars, and, for purposes of this Plan, volunteers. It includes the following sections:

I. Remote Work
II. Events, Eating, Social Distancing, and Masking
III. Obtaining Masks
IV. Cleaning Facilities and Equipment
V. Testing, Isolation, and Contact Tracing
VI. COVID-19 Vaccine for Employees and Students
VII. Screening and Reporting - Vaccinated & Unvaccinated Students & Employees
VIII. Travel
IX. Training
X. Enforcement

I. Remote Work

A. Remote Work Related to COVID-19 – When remote work is recommended as part of the OU-Tulsa COVID-19 response, managers and employees will be notified by campus administration or Human Resources.

Through February 28, 2022:

Managers are asked to use their discretion in institution operational changes for their units to ensure workplace continuity and service offerings, and to make all reasonable efforts to assist staff members whose circumstances put them at unique risk to the virus. Supervisors are also encouraged to consider remote-work options for employees who are having childcare issues. If remote working is not an option, employees should take PTO. Employees may not bring their children to the workplace as a substitute for daycare. Managers may contact Human Resources at ohr@ou.edu for additional guidance.

¹ As the nature of COVID-19 remains dynamic, the members of the Specific Pathogens Preparedness Operations Team (SPPOT) and the OUHSC Emergency Operations Committee (EOC) will regularly evaluate the COVID-19 Return Plan and implement new or revised requirements for return when indicated, for both the OUHSC and OU-Tulsa campuses.

² If an employee or student indicates compliance with a provision of this Plan is not possible due to medical reasons, the individual should be referred to the appropriate University office to request accommodations on the basis of disability (Office of Human Resources for employees; Accessibility & Disability Resource Center for students).
B. Remote Work for Non-COVID Reasons – Remote work for purposes unrelated to COVID-19 that is otherwise consistent with the University’s guidelines is not affected by this policy. The current Remote Work guidelines are available here.

C. Remote Work as a Reasonable Accommodation – Remote work for individuals with a disability must be coordinated with Human Resources (for employees) or the Accessibility and Disability Resource Center (for students).

II. Events, Eating, Social Distancing, and Masking

A. Events and Social Gatherings may resume on campus in accordance with the current OU-Tulsa masking policy and the following.
   1. Indoor Eating
      a. Meetings - Food may not be served at indoor meetings but may be provided to-go as participants leave.
      b. Events - Food and drink may not be served at indoor events, such as receptions, parties, and recognition ceremonies, but may be provided to-go as participants leave.
   2. Outdoor Eating – Food may be served at outdoor events; social distancing while eating is strongly encouraged.

B. Masking Protocols:

   Employees, students, trainees, scholars, and volunteers must wear an approved mask in all OU-Tulsa facilities and in University vehicles. Masks must be paper surgical style, KN95, or N95. Scarves, gaiters, cloth masks, and bandanas are not acceptable. Masks with vents may not be worn unless a surgical mask is worn over the vented mask. Masks must cover the nose and mouth.

   NOTE: OU Health Physicians-Tulsa Clinics may have masking policies for their facilities that differ from the OU-Tulsa policy; individuals are reminded to review signage in each building to ensure masking compliance.

C. Disability Accommodation for Masking:

   1. If an employee or student indicates compliance is not possible due to medical reasons, the individual must be referred to the appropriate University office to request accommodations on the basis of disability (Human Resources for employees; Accessibility & Disability Resource Center for students).
   2. If a patient states compliance is not possible due to medical reasons, contact the clinic manager for direction.
   3. Masks are NOT required for children under age 2 or anyone who has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

D. Signage - OU-Tulsa Operations will place signs in common areas that address the requirements in this Plan, as appropriate. Departments and areas can obtain additional copies from Operations.

III. Obtaining Masks
A. **Masks for Students and Employees** - The University will make masks available to employees and students, appropriate to their on-campus responsibilities. A small supply will be available at the entrances of non-clinical facilities. Should the stock supply of masks of one of these entrances be empty, please email TulsaSA@ou.edu with the location and the supply will be restocked. In addition:
   1. Employees - Masks for employees outside of clinical areas may be obtained from the central mask inventory. Managers should complete this form to obtain surgical-style or KN95 masks for their employees. Masks for employees within clinical areas are available through the normal clinic supply chain process with OU Health Physicians-Tulsa.
   2. Students - Masks for students on campus are available from OU-Tulsa Student Affairs, room 1C76 in the main building. Students in off-campus rotations who need masks should contact OU-Tulsa Student Affairs at TulsaSA@ou.edu to make after-hours pick-up arrangements, as applicable.

B. **Masks for Patients and Guests** – When possible, patients should be asked to wear their own approved mask to their appointments and to advise their guests to do the same. If sufficient supply is available, OU Health Physicians-Tulsa Clinics will make masks available to patients and their guests who do not bring their own approved masks.

C. **Masks for Vendors and Others in Patient-Facing Areas/Buildings** - Departments should advise their visitors, vendors, and service providers that they are expected to provide their own approved masks when in patient-facing areas and in buildings where the primary function is patient care. Staff may provide masks if available.

IV. **Cleaning Facilities and Equipment**

Clean facilities and equipment require a commitment from all levels of the University community. Everyone has an important role and responsibility in maintaining a healthy work environment.

A. **University Responsibility** - The University will provide appropriate routine cleaning consistent with pre-COVID cleaning schedules. For campus areas where a positive COVID-19 case has been identified, refer to B1 and B2 below.

B. **Department/Area Responsibility** – As prior to COVID-19, each department/area manager remains responsible for obtaining appropriate cleaning supplies and providing for the cleaning of shared office equipment, furniture, surfaces, and environment.
   1. COVID-19 Positive Individuals –Department/area managers who are notified that a COVID-19 positive individual was in their space in the past 24 hours should contact OU-Tulsa Operations Department (918-660-3555) to confirm when disinfecting of the space last occurred.
   2. If the positive individual has been in the space since it was last disinfected, the OU-Tulsa Operations Department will, in consultation with EHSO, assess whether interim disinfecting is appropriate. The supervisor should follow instructions from the OU-Tulsa Operations Department while the assessment is pending. This procedure should be followed in off-campus leased spaces as well, by contacting the leasing agent or building maintenance team.
C. **Individual Responsibility** – As prior to COVID-19, individuals are responsible for cleaning their personal and shared spaces and office equipment.

V. **Testing, Isolation**

A. **Positive COVID-19 Tests**
   1. Employees and students who test positive at any testing location must report the positive test and obtain clearance from the Student & Employee Health Clinic via OU-Tulsa’s online COVID-19 Screening and Reporting Tool upon receipt of the results.
   2. Employees and students who test positive for COVID-19 are expected to advise co-workers, classmates, faculty, and supervisors who they had close contact with, in accordance with instructions from Student & Employee Health.
   3. **PLEASE NOTE:** The University does not accept negative rapid COVID-19 PCR or antigen tests from any clinic or laboratory.

VI. **COVID-19 Vaccine for Employees and Students**

The University recognizes that vaccine requirements, particularly in patient care settings, are both prudent and important. To that end, the COVID-19 vaccine has been added to the mandatory vaccines for individuals in certain campus groups. The declination process in place for other mandatory vaccines is in effect for the COVID-19 vaccine as well, as described in Paragraph D below. These requirements and processes will be updated as appropriate, based on guidance from public health agencies and officials.

To be considered fully vaccinated against COVID-19, individuals must have completed a World Health Organization (WHO) approved COVID-19 vaccine series. The CDC defines a complete series to include boosters, for purposes of determining quarantine periods.

A. **Mandatory Vaccine:**

   1. **Effective June 1, 2021,** the following individuals (current and newly hired/enrolled) are required to submit a completed COVID-19 Vaccine Documentation Form and proof of vaccine:
      
      a. Faculty, staff, and students with patient-facing responsibility. For purposes of this policy, “patients” include clinical and hospital patients, mental health and allied health clients, clinical human research participants, simulated patients, and parents/guardians of patients who cannot provide legal consent. “Patient-facing responsibilities” include any activities that are anticipated to necessitate direct contact or close physical proximity to a patient. Supervisors are responsible for determining whether the individuals in their area have patient-facing responsibilities.

      b. Individuals who will observe, shadow, or volunteer in an area where patients are reasonably expected to be.
2. Study Abroad - Faculty, staff, and students who are participating in an elective Study Abroad program should contact the Study Abroad office for current COVID-19 vaccine requirements of the University and country and program involved.

B. Vaccine Documentation:

1. For those required to have a completed COVID-19 vaccination series, vaccine documentation must include the recipient’s first and last name, recipient’s date of birth, vaccine manufacturer, date(s) for each dose, and administering healthcare professional or facility.

2. The following documentation is acceptable as proof of vaccine completion. Student Health (918-660-3102) can answer specific questions regarding student documentation. OU-Tulsa Human Resources should be contacted with any employee documentation questions.
   a. Documentation from Oklahoma State Immunization Information System (OSIIS) or other state vaccine registry
   b. A legible copy of the front side of a completed CDC Vaccine Record card
   c. Documentation from the licensed health care facility that vaccinated the individual
   d. Other official documentation that includes the information in B.1 above.

3. Documentation will be submitted as follows:
   a. Students that fall within the definition contained in Section VI.A. will follow the Student Process for COVID-19 Documentation
   b. Employees and student employees that fall within the definition contained in Section VI.A. will complete the COVID-19 Vaccine Documentation Form and follow the submission instructions on it.

C. Vaccine Availability:

The University strongly encourages all other faculty, staff, and students to complete a COVID-19 vaccine series, including applicable boosters.

Both the initial series and booster doses are offered in the pharmacy inside the first floor of OU Health Physicians Schusterman Clinic on the OU-Tulsa campus. To schedule an appointment, visit https://covidvaccine.ou.edu/tulsainternalmedicine. Vaccine appointments are offered on most Mondays and Fridays. As a courtesy, vaccine appointments should be scheduled one business day in advance, when possible, to allowing for staff planning in the pharmacy.

D. Vaccine Completion for New Hires/Admissions:

Faculty, staff, volunteers, and students who are patient-facing and who are not fully vaccinated upon hire or admission must complete the first dose of a 2-dose WHO-approved series or a single

---

3 https://osiis.health.ok.gov/osiis_public/LoginPublicPortal.aspx
series dose of a WHO-approved vaccine within 30 days of appointment (employees, scholars, volunteers) or of the first day of classes (students) and must complete the series no later than 60 days from then. Boosters are also encouraged. Students should confirm specific dates and deadlines with their college/program.

E. **Declination**: Faculty, staff, and students with patient-facing responsibility who decline to be vaccinated must complete and submit the appropriate Declination of COVID-19 Vaccination Form and comply with any preventive measures directed by the HSC facility where the individual will perform academic or employment responsibilities. (Facilities outside of HSC may have different vaccine policies and declination procedures.) HSC process and forms are available here:

1. Employees and student employees: [https://hr.ou.edu/self-service](https://hr.ou.edu/self-service)
2. Students: [https://www.ou.edu/tulsastudentaffairs/health/requiredimmunizations](https://www.ou.edu/tulsastudentaffairs/health/requiredimmunizations)

**VII. Screening & Reporting - Vaccinated and Unvaccinated Employees & Students**

For purposes of this Response Plan, the following definitions apply:

**Vaccinated Person - Defined**
- A person who completed the second dose of a two-dose World Health Organization (WHO)-approved COVID-19 vaccine series at least 14 days ago
- A person who completed a one-dose WHO-approved COVID-19 vaccine series at least 14 days ago

**Unvaccinated Person - Defined**
- A person who has not received any Organization (WHO)-approved COVID-19 vaccine doses.
- A person who has received only one dose of a two-dose WHO-approved COVID-19 vaccine series.
- A person who is not at least 14 days past receipt of the second dose of a two-dose WHO-approved COVID-19 vaccine series.
- A person who is not at least 14 days past receipt of a one-dose WHO-approved COVID-19 vaccine series.
- A person who has completed a non WHO-approved COVID-19 vaccine series.

The online Screening and Reporting tool [https://tulsacovidreporting.ouhsc.edu/](https://tulsacovidreporting.ouhsc.edu/) MUST be completed each time any of the following scenarios are experienced, for assessment and clearance BEFORE an employee or student may return to assigned University work location or obligation.

A. **Vaccinated Person – Reporting Requirement:**
- You have symptoms that are consistent with COVID-19. For a list of symptoms, [click here](#).
- You have tested positive for COVID-19 within in the past 10 days or are awaiting COVID-19 test results from a facility outside of OUHSC.
- You have been in close contact within the past 10 days with someone who is COVID-19 positive or who is awaiting COVID-19 results. (Note: Health care workers who are treating COVID-19 patients and wearing appropriate PPE are not required to report exposures.

B. **Unvaccinated Person – Reporting Requirement:**
• You have symptoms that are consistent with COVID-19. For a list of symptoms, click here.
• You have tested positive for COVID-19 within the past 10 days or are awaiting COVID-19 test results from a facility outside of OU Health.
• You have been in close contact within the past 10 days with someone who is COVID-19 positive or who is awaiting COVID-19 results.
• You have a household member who has tested positive for COVID-19 in the past 10 days.

NOTE: Vaccinated and unvaccinated individuals must also comply with the screening and reporting processes in place at their assigned off-campus locations/rotations.

VIII. Travel

The University’s Travel and Screening Committee provides recommendations for COVID-19 mitigation strategies for travel that is approved as mission-critical.

A. University Domestic and International Travel – Domestic and international air travel by OU-Tulsa employees for University-related business or academic purposes is permitted only if the travel is considered mission-critical to the University. International travel by unvaccinated employees and students requires completion of the online COVID-19 Screening and Reporting Tool prior to returning to campus.

B. Mission-critical Travel, Defined – Mission-critical travel is travel that is necessary to the University’s ability to meet its core academic, research, or operations functions. More specifically, the purpose and timing of the travel must be such that if the travel does not occur as scheduled, the University’s ability to meet its core academic, research, or operations functions is significantly impaired.

C. Approval Process - Individuals who believe domestic or international travel is mission critical must contact their dean/vice president, who will consider factors such as timing and purpose, State Department and CDC travel advisories for the destination(s), impact on competitive advantage, and actions of peer institutions.

IX. Training

A. Campus-Level - The SPPOT/EOC Exec Team will assist with and coordinate training materials and opportunities for departments/areas, employees, and students to learn about COVID-19 and related campus policies.

B. Other - Each college, clinic, and department will ensure its employees and students also receive COVID-19 training specific to their areas on as needed.

X. Enforcement

Employees and students who refuse to comply with the policies in this Response Plan are subject to disciplinary action, in accordance with the applicable handbook policy. Managers may consult with Human Resources for additional information.
If an employee or student indicates compliance is not possible due to medical reasons, the individual must be referred to the appropriate University office to request accommodations (Human Resources for employees; Accessibility & Disability Resource Center for students).

Vendors, visitors, volunteers, and patients who refuse to comply with this Response Plan are subject to having their access to campus suspended or terminated.
