

**Area: University of Oklahoma School of Community Medicine PA Program, Tulsa**  
**Title: Recruitment of Clinical Sites**

The PA Program secures all clinical sites and preceptors for program required rotations. Students are not required to provide or solicit clinical sites or preceptors. Students may recommend clinical sites and/or preceptors for rotations, however, the final determination is dependent on program requirements and the ability to secure an affiliation agreement.

While the Program will specifically inquire about a desired clinical site and preceptor for assignment to the Preceptorship, the student is not obligated to recommend a clinical site. The Program assumes all responsibility for final assignments.
