I'm New to OU NOW WHAT?

Transfer students come to the University of Oklahoma from varying schools and backgrounds. To help our transfer students acclimate to OU quickly, the Academic Advising Resource Center (AARC) has assembled some of the most frequently asked questions at ou.edu/advising under the About Advising tab.

More questions? Feel free to contact the AARC by email at advising@ou.edu (include your ID number) or call (405) 325-1596.

How Do I Get Credit for my **Transfer Courses**?

In the process of admission to OU, the Office of Admissions & Recruitment reviewed your submitted transcripts and added them to your new academic record. Your college-level advisor will help you learn how the credit applies to your OU degree program.

Transfer credit will show on your transcript in several different ways:

- Equated to a specific OU course
- Not equated to an OU course, but carrying general education credit
- Not equated to an OU course and carrying no general education credit, in which case it generally carries elective credit

To help in your educational planning, the Office of Admissions & Recruitment has developed a searchable transfer course database. To access the database, go to ou.edu/advising and click on the Transfer Equivalencies tab.

UCOL 3001 - Transfer Transitions

UCOL 3001 introduces transfer students to the academic requirements, policies, and resources at the University of Oklahoma. Students will learn about academic advising, transfer credit, degree programs, campus resources, student life, and methods for achieving academic success at a four-year research institution. UCOL 3001 is a one-hour, eight-week course that is letter-graded.

Visit the Center for Student Advancement in Wagner Hall 150 for more information!

OFFICE OF ORIENTATION AND TRANSFER PROGRAMS

The Office of Orientation and Transfer Programs is located in the office of Student Life (Oklahoma Memorial Union Suite 370). Our goal is to build the transfer community through events, resources, and social media.

Community Events

We help transfer students get acclimated to campus by offering monthly events focused on connecting transfer students and providing resources and guidance for them. We host several social events throughout the year like game nights and movie nights in collaboration with OATS (Oklahoma Association for Transfer Students) on multiple programs. Our most popular events this past year were Tacos with Transfers, a new event, and Transfergiving, which is our annual potluck towards the end of the semester.

Resources

We work with campus partners to bring valuable information in helping transfer students succeed. We partner with the Scholarship Office to provide a seminar that helps students fill out scholarship applications on the Centralized Academic Scholarship Hub (CASH). We also partner with Education Abroad to provide information about opportunities to study abroad. Most importantly, we do our best to be available for 1:1 meetings to connect with students and provide personalized assistance with getting connected and navigating OU and resources.

Communication

We strive to cultivate a space for students to find community here at The University of Oklahoma with our transfer student GroupMe where students talk about school, campus life, and day to day tasks. We have also created a monthly newsletter, Transfer Talk, that provides information for academic tips, deadlines, and upcoming events.

Oklahoma Association of Transfer Students

As the Oklahoma Association of Transfer Students (OATS), our vision is not only to celebrate the arrival of new transfers, but also to help them connect with other transfer students and their new home—OU!

We want to assist transfer students in exploring our wonderful university and the many opportunities it offers. Social and cultural changes, academic workloads, and the overall adjustment to a new campus can be overwhelming for any student.

Through meetings, informational sessions, and various programming efforts, OATS is a valuable resource to lead transfer students to success both inside and outside the classroom.

To talk to a current transfer student about their experiences or to find out more about OATS, email us at oats@ou.edu or find us on Facebook by searching OU OATS.

Virtual Camp Crimson

This summer, Camp Crimson will be offered virtually in a 6-week model. Campers will have access to different themed modules and group activities each week and be able to choose how they would like to engage for a recommended 1-2 hours a week. This time can include:

- Learning new information on your Canvas module;
- Zoom chatting, playing games, or messaging with your small group; or
- Asking questions about the information provided for the week.

This virtual Camp Crimson experience will be a relaxed environment for making connections and will flow directly into in-person orientation activities in August. Programs and activities are being developed that will meet safety guidelines while also creating community. Please check your email for more information and email campcrimson@ou.edu if you have additional questions.

OU CHANT

An important OU tradition is joining in on the OU chant!

O-K-L-A-H-O-M-A

Our chants rolls on and on.

Thousands strong join heart and song

In Alma Mater's praise.

Of campus beautiful by day and night

Of colors proudly gleaming red and white

'Neath a western sky

OU's chant will never die.

Live on, University!

LIVE ON, UNIVERSITY!

Full-Time Enrollment

An undergraduate student must be enrolled in at least 12 hours in the fall and spring and at least six hours in the summer to be a full-time student. This is the minimum requirement. By completing 15 hours a semester for eight semesters or 30 hours each year, a student can graduate in four years in a majority of OU degree programs.

Credit Hour Enrollment Limits

Students may take a maximum of 19 credit hours in the fall and spring and 9* credit hours in the summer. Students wishing to take more credit hours must receive permission from their academic advisor. (*Some course restrictions may apply)

Cancellation of Enrollment

Cancellations occur when a student cancels all classes by midnight the day prior to the start of the semester. To cancel enrollment for the fall or spring, students should contact (405) 325-8103.

Note on Tuition and Fees for Dropped Courses

After the second week of the fall/spring semesters and after the first week of summer, students will be required to pay tuition and fees for any course dropped.

Add/Drop

After classes have begun, students must withdraw from enrollment as outlined below.

Fall/Spring Semesters - Add/Drop

First Week of Semesters

Students may add or drop courses online with neither a grade record nor charges incurred.

Second Week of Semesters

Students may add courses with approval of the instructor and may drop courses online with neither a grade record nor charges incurred.

Third Through 15th Week of Semesters

Courses may be dropped during this time with approval of their academic advisor. A grade of "W" will be recorded and charges incurred.

Complete Withdrawal

Students completely withdrawing from the University within the first two weeks of the term should contact (405) 325-8103. Beginning in the third week of the term, students will need to contact their college academic advising dean or director.

What the "W" Does to Your Record

A "W" will not affect your grade-point average, but the "W" will appear on your transcript.

Five-Drop Limit

Students are allowed five grades of "W" throughout the course of their undergraduate careers at OU. Students with extreme, extenuating circumstances may apply for an exception through the Associate Provost for Academic Advising, Room 418 Cate Quad 1.

Because complete withdrawals often stem from extenuating circumstances, complete withdrawals will not be counted against the five-drop limit.

Grades

A, B, C, D, and under certain conditions, S are considered passing. F and, under certain conditions, U are considered non-passing grades. S and U, meaning satisfactory and unsatisfactory, are considered "neutral" in the calculation of a grade-point average, meaning they carry no weight.

An incomplete is a neutral mark that is denoted by an I on a transcript. To receive an I grade, the student should have satisfactorily completed a substantial portion of the required coursework.

Administrative Withdrawal (AW) is a neutral grade indicating the student was withdrawn by the institution. An AW is earned for disciplinary reasons, financial reasons, or inadequate attendance.

Academic Forgiveness Policy (Repeat Policy)

A student may repeat up to four courses, not to exceed 18 hours, in which the original grade was D or F. While both attempts will be visible on the transcript, only the second attempt will count in the calculation of the student's overall GPA. Students may repeat more than four courses, but both the original and repeat grades included in the overall GPA calculation.

Financial Aid Satisfactory Academic Progress (SAP)

To be eligible for financial aid, federal regulations require students to make satisfactory academic progress toward their degree. Students who fail to maintain GPA or class completion minimums may lose eligibility for all aid administered by Financial Aid Services. SAP is evaluated at the end of each semester. For details visit ou.edu/financialaid and click on Maintain Aid Eligibility and SAP.

Finals

Finals are usually comprehensive in nature or count for a greater proportion of your final grade than other assignments. The scheduled time for your final will appear on your course schedule.

If you have three or more finals scheduled for the same day, instructors giving the third and subsequent exams must provide make-up exams during finals week. Students must notify these instructors or departments about the exam conflicts before the end of the 12th week of classes.

TIP: It is a good idea to record your finals in your planner at the very beginning of the semester.

Finals Preparation Period Policies

The week prior to finals week, includes assignment restrictions to allow time for preparing for final exams. Assignments or projects worth less than 10 percent of the final grade may be assigned prior to pre-finals week and may be due during the first three days of pre-finals week. Quizzes worth 3 percent or less of the final grade may be given during pre-finals week.

Assignments or exams worth more than 10 percent of a student's grade must be scheduled at least 30 days prior to the first day of finals and due prior to pre-finals week. Any assignment that is to take the entire semester to complete may be due during the first three days of pre-finals week, provided the syllabus states that the assignment can be turned in prior to pre-finals week.

Special cases deviating from the Final Exam Preparation Period policy must be clearly stated in the course syllabus and approved by the chair of the department.

Who Is My Advisor?

As a new transfer student, you must meet with your college-level academic advisor. This meeting is critical, as your advisor will review your transcript with you to let you know how your transfer coursework applies to your OU degree program. Specific information about each college and advisor is available on ou.edu/advising.

The role of the academic advisor is to support you in reaching your academic goals. If you face any obstacles that may interfere with your success, your advisor is there to provide encouragement and connect you to campus resources that will assist you in overcoming challenges.

After Your Appointment

- PLAN AHEAD and create possible schedules using one.ou.edu or classnav.ou.edu.

REGISTRATION ADD ERRORS

HOW TO ENROLL

WORKING THE WAITLIST

Although a section of the course may be full, you might be able to add yourself to a waitlist.

- Click **Add**, it will place the course in your Summary view as "pending."
- Change the status from "Self-Service Enrollment" to "Waitlist."
- Click **Submit**.
- Once a seat in the course opens up, you will receive an email informing you that you can now enroll.
- Login to one.ou.edu and go to your schedule.
- In your Summary view, change the **Action** to "Self-Service Enrollment."

The screenshot shows the OU Self-Service Enrollment system. The top window is titled 'REGISTER FOR CLASSES' and shows a list of courses for Fall 2014. It includes columns for Title, Subject Description, Course Number, Section, Hours, CRN, Term, Instructor, Meeting Times, Campus, and Status. A message indicates 'FULL: 0 of 0 seats' and '99 of 99 waitlist... Time Conflict!'. The bottom window is titled 'My Schedule' and shows a weekly calendar for Fall 2014 with course sections assigned to specific days and times. A summary table on the right lists registered courses with columns for Title, Details, Hours, CRN, Type, Status, and Action (with 'Waitlist' selected).

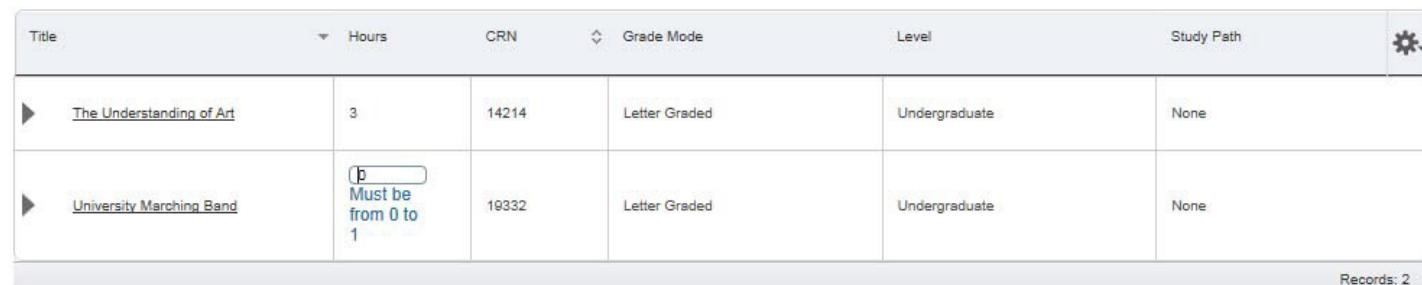

IMPORTANT: You will only have 24 hours to add the course before you are dropped off the waitlist. This email will only be sent to your OU email address.

CHANGE VARIABLE CREDIT HOURS

Some courses have variable credit, meaning that they can be worth 1 to 3 credit hours depending on the student enrolling. Variable credit course numbers typically end in a zero (ex. MUTE 1130).

Once you enroll in a course that has variable credit hours, the system will automatically enter you in the minimum number of hours for that course. To receive the desired amount of credit, you must change the number To change the number:

- While on the **Register for Classes** page, click the **My Schedule Options** tab.
- Click on the number under the hours column and it will give you the credit hour range for the course in question.
- Change the credit hours to the desired amount within the credit hour range and then click **Submit**.
- Once you have submitted the change you will get a message that states "Save Successful."

The screenshot shows the 'My Schedule Options' page with a table of courses. The columns are Title, Hours, CRN, Grade Mode, Level, and Study Path. The 'Hours' column for 'The Understanding of Art' is 3, and for 'University Marching Band' it is 1. A note in the 'Hours' column for 'University Marching Band' says 'Must be from 0 to 1'. The table shows 'Undergraduate' level and 'None' study path for both courses. A note at the bottom right says 'Records: 2'.

MAJOR AND CAREER EXPLORATION

Compare your Awards with your Estimated Cost of Attendance.

Your Financial Award package is based on your expected family contribution (EFC). Your EFC is calculated using the information you submit in your FAFSA. Estimated costs are based on an average and could be higher or lower depending on the courses you choose. There are two types of costs included in your Estimated Cost of Attendance – see below for details.

Academic and Living Costs:

These costs include an estimation of your tuition, fees and books. It also includes an estimation of living expenses for on-campus housing and food. You will pay for tuition, fees and on-campus housing through Bursar Services.

Miscellaneous Costs:

These are expenses that the federal government allows colleges to add to the Cost of Attendance so students can seek financial aid to assist in covering them. These costs include items like transportation and other personal expenses.

Develop a plan to pay for college.

All entering students should complete a Financial Success Plan before their initial Enrollment appointment. The purpose of the Financial Success Plan is to assist you in developing a plan to pay for college. The Financial Success Plan helps to identify additional resources to cover any funding gap that may exist between your Estimated Cost of Attendance and Financial Aid Awards.

Meet with your MoneyCoach.

OU MoneyCoaches partner with you to develop a plan to fund your college degree. Your MoneyCoach is available to meet with you and your family to introduce you to the many financial opportunities we offer and help outline your financial plan for college. Your personal MoneyCoach will serve as your financial advisor throughout your time at OU. Go to ou.edu/moneycoach to set up your appointment.

Accept, reduce or decline your Awards on one.ou.edu.

Your MoneyCoach will review your Awards for which you are eligible. To view your Awards:

1. Log into one.ou.edu—to activate your one.ou.edu account, visit account.ou.edu.
2. Go to the Financial tab (located at the top of the screen)
3. Click on the Financial Aid tab (located in the middle of the screen)
4. Review the awards listed on the Awards overview
5. Accept, reduce, or decline your loan and/or work-study awards. Be sure to accept and submit your awards online as soon as possible for funds to be ready when classes start!

Follow up with additional requirements for accepted student loans.

If you accept student loans, you will have additional action items to complete online. For institutional loans, you will receive an email from Bursar Services with instructions to complete the additional documents. For Federal Direct Subsidized Stafford and Unsubsidized Loans, go to studentloans.gov and:

1. Create a Federal Student Aid ID
2. Click on the Getting Loans tab and then Counseling Demo tab
3. Complete the Entrance Counseling
4. Electronically sign and complete the Master Promissory Note

TYPES OF FINANCIAL AID

Scholarships: Awarded to students based on financial need as determined by results established by filing the FAFSA, academic performance and/or achievements and talents. Most OU Scholarship opportunities open on Oct. 1 and close Feb. 1. Find out more about OU Scholarship opportunities at: ou.edu/scholarships.

Federal Direct Unsubsidized Stafford Loans: Eligibility for unsubsidized loans is not need-based. You are responsible for paying the interest that accrues. Interest may be paid while you are in school, or can be capitalized. Repayment begins six months after you leave school.

Grants: Awards can include the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, and Oklahoma Tuition Aid Grant. These are need-based and do not have to be repaid. Eligibility is determined from the results of the FAFSA. All three grant programs are available for undergraduate students only.

Private Loans: These are credit-based loans offered to the student by banks/private lenders. Terms are typically less favorable than federal student loan options and the student will usually need a cosigner. For more information: ou.edu/financialaid/typesofaid/studentloans

On-campus job opportunities provide excellent ways to work around your class schedule and build up your resumé. Visit jobs.ou.edu to explore opportunities.

There are many types of student financial aid to assist you and your family in managing the cost of college. The following are some general definitions and sources of aid.

Work-Student Jobs: OU Federal Work-Study (FWS) program allows eligible students to earn money working on campus. Participants receive a biweekly paycheck that can be used toward educational expenses. Details: ou.edu/financialaid/typesofaid/workstudy. If you have not been offered FWS on your award letter, please contact Financial Aid Services.

OU Institutional Loans: OU administers several institutional loan funds, which are available to students in addition to the Federal Direct Loans to help meet college costs. The loan requires a creditworthy cosigner who earns at least \$35,000 a year. Application available: ou.edu/financialaid/typesofaid/studentloans

Federal Direct Subsidized Stafford Loans:

Eligibility for subsidized loans is need-based. The federal government pays the interest that accrues while you are in school. Repayment begins six months after you leave school. Subsidized loans are only available for undergraduate students during the first 150% of their degree program.

Federal Direct Parent Plus Loans: PLUS loans allow parents of undergraduate students to borrow up to the full cost of their student's tuition and educational expenses, less any aid the student may have received. PLUS loans are not based on need. Parents should apply at: ou.edu/financialaid/typesofaid/studentloans
