

Transitions Helps Transfer Students Succeed at OU

“Transitioning from one school to another is a hard adjustment for anyone. Taking Transitions was a true blessing in disguise. Not only did I learn about all the available resources on campus, but I made friends, got involved and was introduced to many opportunities that I thought were unimaginable.” Testimonial from Britney, a former Transitions student.

UCOL 3001 introduces transfer students to the academic requirements, policies, and resources at the University of Oklahoma.

Students will learn about academic advising, transfer credit, degree pro-

grams, campus resources, student life, and methods

for achieving academic success at a four-year re-

search institution.

Both sections include a peer mentor who has successfully transitioned to OU. UCOL 3001 is a 1-hour, 8-week course that is letter graded.

Adviser permission needed.
