

## Drop Deadlines Fast Approaching

The last day to drop a course with an automatic W is March 29<sup>th</sup>. Students wishing to drop a course must meet with an advisor to fill out a drop slip/form. Remember, students are only allowed 5 Ws throughout their time at OU and at this point in the semester will not receive a refund for courses dropped. Ws do appear on

transcripts but do not get calculated into GPAs.

Before meeting with an advisor students should consider and check on the following: the impact the dropped course will have on their progress towards their degree; how dropping a course will affect their financial aid or scholar-

ships (meeting with Financial Aid about this is advisable); how many hours they must be enrolled in to remain in good standing with social organizations (fraternities/sororities, clubs, etc.); and, anything else that might be affected by dropping a course (e.g. insurance, etc.).
