FINAL EXAMINATION REGULATIONS CONTINUED ON NEXT PAGE

## FINAL EXAMINATION REGULATIONS

1. Oklahoma State Regents for Higher Education regulations require that those institutions that reserve the final week of the semester as a testing period shall ensure that all classes meet during the testing period. Final examinations are given at the discretion of the instructor, or, in the case of multiple sections, the department in which the class is offered\*. When a final examination is given, the student must take the examination.

### \*EXCEPTIONS

- a. **The College of Arts and Sciences** requires that an examination (either a last or final examination) be given during the scheduled final examination period for each regularly scheduled undergraduate course. Independent study and pure laboratory courses are excluded.
  - b. **The College of Engineering and the College of Geosciences** require comprehensive examinations to be given during the regularly scheduled examination periods in all undergraduate courses **excluding** directed readings, pure laboratory courses and project type design courses and seminars.
2. If a final examination is given, no faculty member is authorized to depart from the published examination schedule for either a class or an individual without approval, as stated in the Faculty Handbook. Early final examinations are prohibited. **Final Examination** has been defined as follows: an examination that is comprehensive in nature or that accounts for a greater proportion of the final grade than an exam given during the semester.
  3. **Uniform final examinations** are listed by department and course number at the times they are scheduled to be given.
  4. Two-hour classes which have **one** of their meetings on MWF will have the examination at the time scheduled for MWF classes. Those meeting both days of TR will have the examination at the time scheduled for TR classes.
  5. Three-hour classes must follow the examination schedule. Classes meeting both Tuesday and Thursday are considered to be TR classes. Classes meeting two of the days Monday-Wednesday-Friday are considered to be MWF classes.
  6. Classes meeting four or five days a week will have the final examination at the time scheduled for MWF classes with the same meeting time.
  7. Classes meeting one day a week for more than one hour with a start time before 5:00 PM will have the final examination **during the last lecture period\***. Classes in this format have been scheduled with sufficient meeting time during the semester to compensate for time lost in the final examination week.  
\*EXCEPTION: Courses offered by the College of Business Administration will test during the final examination week.
  8. **Evening Classes.** Classes that begin at 5:00 PM or later will have the final examination during the last lecture period. Evening classes have been scheduled with sufficient meeting time during the semester to compensate for time lost in the final examination week.
  9. If laboratory examinations are given, they will be held during the last regularly scheduled meeting of the lab.
  10. A student will not be expected to take more than two final examinations in one day. In cases where a student has three or more exams scheduled for the same day, instructors must offer make-up exams. The student's number of exams will be reduced to two by the following procedure:
    - a. If a student has three or more exams on the same day, the instructor(s) giving the third and subsequent exams must provide make-up exams during the week designated for final exams for that semester;
    - b. The student must notify the instructor or department of the third and subsequent final exams scheduled within a single day. Such notification must be given to the specific instructor or department before the end of the twelfth week of classes (sixth week of summer session).
  11. In the event a conflict should arise from the scheduling of two or more examinations at the same time, the student will attend the examination for the class that met first during the week, according to the student's class schedule. The instructor(s) giving the second and subsequent exams must provide make-up exams during the week designated for final exams for that semester.

## **TUITION AND FEES**

### **DEADLINES AND PENALTIES**

**Last day to pay tuition and fees without penalty or service charge**  
**Last day to pay without \$50 end-of-semester penalty**

### **SPRING 2005**

**Feb. 15**  
**May. 17**

#### **Use On-Line Payments or Make checks payable to the University of Oklahoma**

Students may pay fees On-line (E-checks or Credit Cards) at [pay.ou.edu](http://pay.ou.edu) or in person at the Bursar's Office. Access to Online Payments requires a current university 4x4. Monthly statements will be prepared and mailed prior to the payment deadline. Failure to receive a statement will not exempt a student from late penalties. It is the responsibility of the student to determine his/her financial obligation and how it is to be met. Tuition and fee payments may be mailed. If mailed, payment must be received in the Office of the Bursar by the deadlines listed above. Checks for payments should include the student's name and O U I.D. Number to ensure proper credit. If this information is not included, a University employee will write this information on the check. The tuition and fee information number is 325-3122. Scholarship and loans information numbers are 325-3123 and 325-3124. To determine the amount owed, call the Voice Response System at 325-7783, Monday thru Friday, 8:00 am - 5:00 pm.

### **TUITION AND FEES PAYMENT PLAN**

Participation in the Tuition Payment Plan will be limited to currently enrolled students for the semester in progress. Students receiving Financial Aid will be required to apply all of their aid to their account up to the total amount owed.

Participation in the Tuition Payment Plan requires no application or acceptance. Simply paying the minimum payment amount on each monthly statement by the due date listed on the statement constitutes participation in the plan.

The Tuition Payment Plan applies to current semester tuition and fees (including course user charges) only. All other charges (housing, telephone bills, Continuing Education, Goddard, etc.) are due on the 15th of the month following the statement containing the charge.

The minimum payment due will be calculated as the total month's ending balance of non-tuition and fee charges plus the appropriate percentage of tuition and fees. Percentages used are 25% for the first month of Fall or Spring semester, 33.33% for the second month, 50% for the third month, and 100% for the fourth month. During Summer semester, 50% paid the first month and balance the second month.

A 1.5% service charge will be computed on the prior month's statement ending balance minus payments and other credits received during the first 15 days of the current month. The 1.5% charge will be assessed on the 16th of each month. A \$50 end-of-semester penalty will be assessed if all current tuition and fees are not paid in full. Unpaid balances may be turned over to outside collection agencies and/or legal office for collection.

Students may pay tuition and fees at the Bursar's Office in Buchanan Hall (8:00 am—5:00 pm) Monday through Friday. To avoid penalties, payment should be received by the deadlines on the above schedule.

Students with unpaid tuition and fees may continue to attend classes until the last day of finals; however, all service charges and penalties will be added and enrollment for future semesters will not be allowed. In addition, students with any unpaid tuition and fees will not have grades or diplomas released; students with any unpaid University accounts, including tuition and fees, will not have transcripts (with or without degrees) released. Accounts must be paid in full to allow release of these records.

When paying delinquent fees and tuition, the total amount due is required. Selective course payment or reinstatement will not be possible.

It is the student's responsibility each semester to check with the scholarship clerk in the Bursar's office to be certain that any university administered scholarship or resident or non-resident tuition waiver is applied.

The Bursar cannot extend the dates noted. All requests for financial assistance should be made at the Office of Financial Aid Services located in Buchanan Hall, Rm 216, phone number 325-4521

## UNIVERSITY OF OKLAHOMA REFUND POLICIES

The refund policies listed below describe the financial obligation of students who withdraw from classes after the official beginning of a semester. Students are advised to read these refund policies carefully to determine which apply to their specific circumstances.

### I. COMPLETE WITHDRAWALS FROM THE UNIVERSITY:

#### A. REFUND POLICY FOR COMPLETE WITHDRAWAL FOR ALL STUDENTS WHO ARE NOT TITLE IV AID RECIPIENTS. (See 'B' below for definition of Title IV Aid Recipients.)

(The Oklahoma State Regents refund policy with respect to fees and tuition is as follows:)

Complete withdrawals from the institution during the defined refund period (first ten days of classes in Fall and Spring semesters, first five days of classes in Summer Session) will result in full charges for courses added and full credit for courses dropped. No refunds will be made after the refund period except as stipulated for enrollment of Title IV recipients.

#### B. REFUND REGULATIONS FOR COMPLETE WITHDRAWAL FOR ALL STUDENTS WHO ARE TITLE IV AID RECIPIENTS

Any student receiving Federal Title IV funds will be subject to the following policy regarding return of Federal Title IV funds:

The University and the student will be required to return to the federal aid programs the amount of aid received that was in excess of the aid "earned" for the time period the student remained enrolled.

The percentage of the semester completed is the percentage of aid earned: This is calculated by the number of days the student attended divided by the number of days in the payment period (i.e. semester). For example, if a student withdrew on the 20<sup>th</sup> day of a semester 114 days in length, the student would have only earned 17.5% of the aid he received ( $20/114=0.175$ ).

Students who remain enrolled through at least 60% of the payment period (semester) are considered to have earned 100% of the aid received and will not owe a repayment of Federal Title IV grant funds

If the University returns funds to the Title IV aid programs, it could result in the student owing OU charges that were originally paid at the time of disbursement. Students may also be required to return funds released to them for personal expenses.

Monies will be returned to the Title IV programs and not to recipients. Monies returned to the Title IV aid programs will be applied first to loans to reduce the loan debt of the student and/or parent borrower.

### II. REFUND POLICY FOR DROPPING A PORTION OF YOUR SCHEDULE AFTER CLASSES BEGIN

Changes in schedules during the first ten days of classes in Fall and Spring semesters, first five days of classes in Summer Session will result in full charges for courses added and full credit for courses dropped. No refunds for dropped courses will be made after this time.

## FINANCIAL ASSISTANCE

Students who wish to apply for financial aid for the Spring 2005 semester should complete the 2004-2005 FAFSA on the Web (Free Application for Federal Student Aid) or Renewal FAFSA on the Web. Students must list the University of Oklahoma (Code #003184) on the FAFSA application as one of the schools eligible to receive application information.

WEDNESDAY,	JANUARY 12	A to G
THURSDAY & FRIDAY	JANUARY 13 & 14	OPEN

**Regular Disbursement** begins Thursday, JANUARY 13 and continues throughout the semester

**IMPORTANT!!** Aid disbursement depends on the following two (2) factors:

1. Aid availability
2. All eligibility requirements must be met at the time you are picking up your aid, including enrollment requirements.

If you come JANUARY 10-14 to pick up your aid, be sure to come during the date assigned for your last name. Bring a photo ID for identification. ### APPLICATION DEADLINES

**Undergraduate** applications for admission must be received by the Office of Admissions by **April 1 for a summer or fall semester and November 1 for a spring semester**. Applicants are encouraged to apply much earlier than the stated deadlines to maximize opportunities for housing, financial aid and early enrollment. **Applications and credentials necessary to render a decision for international students must be received in the Office of Admissions by April 1 for a fall semester; September 1 for a spring semester; and February 1 for a summer session.** Applicants should allow at least six weeks for

processing after the application and all supporting credentials have been received.

### APPLICATION FEE

A non-refundable application processing fee is required of **all** applicants for admission or readmission to the University of Oklahoma. Checks should be made payable to the University of Oklahoma and mailed to:

The letter of appeal should include an explanation of the student's previous academic record, information about the student's activities since suspension and reasons why an exception to the requirements for admission to the University should be made.

A student who has been suspended twice from the University is not eligible to be considered for readmission until that student has attended another accredited college or university and raised his/her grade point average to the University's retention standards.

### RESIDENT STATUS

All applicants are classified as resident or nonresident based on information provided on the application for admission. Applicants may be required to submit evidence to substantiate their claim to resident classification. Questions regarding resident classification should be directed to the Office of Admissions.

## COLLEGE ADVISING INFORMATION

### College of Architecture

Students in the College of Architecture are advised in Group Sessions by the College advisor and at least one of the faculty within the division offering their degree programs. Due to the rigor and inflexibility of the program sequences, it is necessary that all students meet for advisement during each enrollment period. The College of Architecture does not permit self-advising.

### College of Arts and Sciences

The College provides advising services through professional advising staff in the College of Arts and Sciences Academic Services office and through professional and faculty advisors in the departments. Professional advisors in the Academic Services office are knowledgeable about degree programs offered by the College and will assist with choice of major, resolving academic problems and graduation and evaluating transcripts. Faculty and professional advisors in the departments provide in-depth information about the discipline, courses, instructors and special opportunities available through the department, as well as advising for enrollment.

Students in the College of Arts and Sciences must be advised prior to each enrollment. Students new to the College who have transfer credits should meet with an academic counselor in the Academic Services office for an evaluation of credits for University and College requirements. Students who are new to the College with no transfer work to be evaluated and those who are continuing enrollment in the College should seek advisement from their faculty or professional advisor in the major department.

The Arts and Sciences Academic Services office makes a current A/DA (computerized advising printout) available to students *through their major department* before each registration period. The A/DA shows courses completed toward graduation and courses remaining to be completed. Students and advisors use this information in planning for enrollment.

Students in the College of Arts and Sciences must take one course in the Biological Sciences and one course in the Physical Sciences, including one laboratory component, to fulfill the University General Education Natural Sciences requirement.

After being advised, students should receive an advising form that lists their preferred courses. The Arts and Sciences Academic Services office is located in Ellison Hall, room 124. The telephone number is (405) 325-4411.

The services of this office are available to all education majors, including University College students and others needing information about teacher preparation programs. Advisement is mandatory and prior to advance registration students are advised in scheduled group advising sessions according to their major. Consult the Center for the schedule. During advance registration periods, students are advised by scheduled appointments; at other times, academic counselors are available on a walk-in basis.

Graduate education students seeking teacher certification in early childhood education, elementary education, foreign language education, language arts education, mathematics education, science education and social studies education should also contact the Student Services Center for advisement.

All other graduate education students should consult their departmental office for advisement. Listed below are the three College of Education departments, and the graduate programs within each department, located in Ellsworth Collings Hall:

**Instructional Leadership and Academic Curriculum** (325-1498) offers programs in elementary education, science education, reading education, English/language arts education, early childhood education, social studies education and mathematics education.

## College of Engineering

All undergraduate students who have been admitted to the College of Engineering should begin the enrollment process in the Williams Student Services Center (WSSC), Suite 112 Felgar Hall, 325-4096. New transfer students should schedule an appointment with an advisor in WSSC before enrolling for their first semester. Students will obtain their advising records from WSSC, review their progress on their curriculum, and draft a proposed schedule of classes. All students meet with faculty advisors in their major so it is important to have declared a specific major by the time they are advised. Instructions for meeting with faculty advisors will be provided when students pick up their advising materials. After meeting with a faculty advisor, each student will return their "blue sheet" with adviser comments and recommendations to WSSC. At that time they will be authorized to enroll in classes. Students are responsible for completing all necessary grade and course prerequisites.

Services provided by the Williams Student Services Center staff are available to all engineering undergraduates, including engineering majors in University College, and include assisting with transfer credit evaluation, choosing a major, graduation verification, University policies and procedures, academic support services such as tutoring and mentoring, and student organizations and leadership. Additional information is available at [coe.ou.edu/wssc](http://coe.ou.edu/wssc).

## Weitzenhoffer Family College of Fine Arts

Students in the College of Fine Arts are required to meet with a faculty advisor each semester on the school/department designated Advising Day(s). These days are announced in class and are posted in the various buildings or you may contact your school/department office for the date(s). Current students who are not advised on Advising Day will have to wait to be advised and to enroll until the three days prior to the next semester starting. *Currently enrolled students* should proceed to their assigned faculty advisors for advisement. *Newly admitted students, transfer students and readmitted students* should proceed to the College of Fine Arts Dean's Office for copies of their records and then to the individual school offices (see locations below) to be assigned to a faculty advisor.

During the meeting with the faculty advisor, students should obtain an Academic Advising Form completed and signed by the advisor, and any needed Electronic Special Permissions. The student should then take the advisement form to the Dean's Office, in order to have their advising flag removed.

The College of Fine Arts Dean's Office is located in Fred Jones Art Center (FJC), Room 122; tel. (405) 325-7370. Office locations for Schools within the College of Fine Arts are:

Art--Fred Jones Art Center (FJC), Room 202;  
Dance--Physical Sciences Center (PHSC), Room 429;  
Drama--Old Science Hall (OSH), Room 121;  
Music--Catlett Music Center (CMC), Room 138;  
Musical Theatre --Carpenter Hall (CH), Room 201.

## College of Geosciences

The College of Geosciences believes that faculty members are best qualified to provide curricular, professional and career advisement; therefore, all Geosciences students consult with a faculty adviser before registration. Each semester, students will be contacted by their Geosciences school/department regarding who their faculty advisor will be and when advising hours will be held.

The College of Geosciences Dean's Office makes a current A/DA (Advising and Degree Audit) available to students in their student records file prior to each registration period. The A/DA shows courses

completed toward graduation and courses remaining to be completed. Students should review their A/DA prior to meeting with their faculty advisor and have an enrollment plan made using this information. Students should make an advising appointment with their faculty advisor. Then, students obtain their records in the Dean's Office, Room 710, Sarkeys Energy Center Tower prior to meeting with their faculty adviser, and take those records to their advising appointment. Once students have been advised and received their faculty signed Academic Advising Form, both the records and the Advising Form will be returned to the Dean's Office. For further information or general questions, please call (405) 325-3101.

## Gaylord College of Journalism and Mass Communication

All undergraduates must be advised prior to each enrollment. Pre-Journalism students who are in University College should meet with their counselor in that office.

Seniors and juniors who have passed the Language Skills Test (LST) and have declared a major are advised by e-mail. The College provides daily walk-in hours for seniors and juniors to meet with an academic counselor to answer questions and clarify requirements.

Sophomores and transfer students are advised by appointment in the College's Student Services Center, Gaylord Hall, Room 2520. Advising appointments start approximately four weeks before the enrollment period begins in the college. Students must sign up for an advising appointment in person in the Student Services Center. Advising appointments are not taken by phone. Students in the Gaylord College are notified when advising sign-up starts in "Monday Memo," the college's weekly online newsletter, which is posted on the College's web site at [jmc.ou.edu](http://jmc.ou.edu).

Students that have not taken the Language Skills Test (LST) are strongly encouraged to do so prior to the beginning of the advisement period. The LST is offered throughout the semester. A successful score on the LST is required prior to enrollment in JMC 2033 (Writing for Mass Media), a course that is required of all journalism and Mass communication majors. For more details about the LST, call 325-5199 or 325-5226, stop by Gaylord Hall, Room 2520, or visit the online study guide at [jmc.ou.edu](http://jmc.ou.edu).

## HOW TO ADD/DROP

**Different regulations will apply, depending on when add/drop occurs. Read the following instructions carefully to determine the rules that apply to your add or drop:**

**NOTE:** The regulations listed below apply to courses that meet the full semester or summer session. Courses that do not meet the full term will have different deadlines. Contact the Office of Registration, room 230 Buchanan Hall, for more information

**Period I.** Free add and drop: Students may add during the first week of classes for Fall, Spring and Summer without approval of instructor. Students may drop without additional charges or grading penalties anytime up through the end of the second week of classes in Fall or Spring, or the first week of classes in Summer Session. No grades will be recorded for dropped courses.

**Note on tuition charges for dropped courses:** You will be required to pay tuition and fees for any course dropped after the second week of classes in Fall or Spring Semesters or after the first week of Summer Session, even if you add another course at the same time.

**Period II.** Third through sixth week of Fall and Spring; second or third week of Summer Session: Students may add classes only by permission of the instructor of the course and the Dean of the student’s College. Courses dropped during this time will be recorded with a grade of “W.” (University College requires their students to obtain approval of the Dean to drop a course after the second week of classes.)

**Period III.** Seventh through tenth week of Fall and Spring or fourth and fifth of Summer Session: The same restrictions on added courses apply as for Period II, above. For dropped courses, instructors may assign a grade of “W” or “F.” (University College requires their students to obtain approval of the Dean to drop a course after the second week of classes.)

**Period IV.** Eleventh week through end of classes in Fall and Spring, sixth week through end of classes for Summer Session. Permission of instructor and Dean is required for added classes. Students who wish to

drop a course during this period must petition the Dean of their College. Instructors may assign a grade of "W" or "F."

## ENROLLMENT REGULATIONS

### CLASS ATTENDANCE POLICY

The student is responsible for class attendance after completion of registration. The student must cancel before the first day of classes to avoid being charged fees and tuition. Students who do not attend classes beginning the first day may be canceled from a course if there is high demand for seats from students who are waiting to enroll in courses. **HOWEVER, STUDENTS SHOULD UNDERSTAND THAT NON-ATTENDANCE AND/OR NON-PAYMENT OF FEES WILL NOT AUTOMATICALLY RESULT IN CANCELLATION OF ENROLLMENT. THE STUDENT IS RESPONSIBLE FOR DROPPING COURSES BY THE APPROPRIATE DEADLINES IN ORDER TO AVOID TUITION CHARGES.**

### FULL-TIME ENROLLMENT

To be considered full-time, a student must be enrolled in at least the number of credit hours listed below, depending on the semester:

	Fall/Spring	Summer
Graduate	9	4
Undergraduate	12	6

Note to students applying for Veterans' Benefits: V A may not accept all hours taken when determining benefits. Consult the V A Certification Office in Buchanan Hall for more information.

Note to students applying for Financial Aid: Additional enrollment regulations may apply. Please consult Financial Aid Services for more information.

### CREDIT HOUR ENROLLMENT LIMITS

There are limits on how many credit hours a student may enroll in each semester, without permission of the student's dean. These limits are listed below:

**FALL/SPRING:** 19 hours for undergraduates; 16 hours for graduates.

**SUMMER:** 9 hours for undergraduates; 9 hours for graduates.

**SUMMER MINI-SESSIONS:** 5 hours maximum for either of the four-week mini-sessions.

Even with Dean's permission, no student may enroll in more than 24 hours in a Fall or Spring Semester, or more than 12 hours in a Summer Session.

### PASS/NO PASS ENROLLMENT

Students may elect to enroll in courses on a Pass/No Pass basis, but should understand that Colleges may not count Pass/No Pass enrollments when determining whether the student has fulfilled the requirements for a degree. Specific College limits are listed below.

**Architecture.** The Pass/No Pass option will not count toward any College of Architecture degree requirements.

**Arts & Sciences.** The Pass/No Pass option may be used to fulfill no more than 16 credit hours of free electives only. The Pass/No Pass option may not be used to fulfill requirements for any General Education, College, major, major support, or minor requirements.

**Business.** The Pass/No Pass option may not be used with any College of Business course or General Education requirement. Business majors may take a maximum of 12 hours of P/NP in free, non-business electives. Not to exceed 1 course per semester.

**Continuing Education (Aviation).** The Pass/No Pass option may not be used with any Aviation or required coursework.

**Education.** The Pass/No Pass option may be used only on courses belonging to one of the general education areas of free electives.

**Engineering.** A Pass/No Pass enrollment will not count toward any College of Engineering degree requirement.

**Fine Arts.** Students are allowed a maximum of 16 hours of elective credit under the Pass/No Pass option.

**Geosciences.** A Pass/No Pass enrollment will not count toward any College of Geosciences degree requirement.

**Graduate.** A Pass/No Pass enrollment will not count toward any Graduate degree requirement.

**Journalism.** A Pass/No Pass enrollment will not count toward any College of Journalism requirement.

**Law.** A Pass/No Pass enrollment will not count toward any Law degree requirement.

**University College.** The Pass/No Pass option is allowed, with Dean's permission, for University College students who are above the freshman level.

### Cautions:

Both grades, Pass and No Pass, are considered neutral grades in the computation of grade point averages, i.e. credit hours for Pass, though earned, will not be included in grade point averaging, and credit hours for No Pass simply will not be earned. Pre-professional students who plan to apply for admission to professional schools such as law or medicine after completion of an undergraduate degree are advised that courses taken on the Pass/No Pass option may hinder admission possibilities when grade point average is a major consideration. For advice, the student should consult the admissions office of the professional school where he/she intends to apply.

Before enrolling in courses on the Pass/No Pass option, students should consult with their advisers or personnel in college offices to be certain of approved enrollment.

### Procedure:

Students may change enrollment in a course by the add/drop procedure to or from the Pass/No Pass option through the end of the second week of a regular semester or the first week of a summer session in the Office of Registration. College and/or adviser approval should be obtained prior to any change.

To prevent discrimination in grading, the student's choice of P/NP grading will not be made known to the instructor of a course. The grade will be automatically assigned at the end of the course on the basis of the letter grade submitted by the instructor. The lowest letter grade required to receive a P grade in a course will be C.

### AUDIT ENROLLMENT

Enrollment as an auditor is permitted in all courses subject to the approval of the instructor in the course. Initial enrollment in a course as an auditor may be completed only between the first day of classes and the last day permitted for late enrollment for credit in any semester or summer session.

**A change of enrollment from audit to credit** may be made provided the change is made no later than the end of the second week of classes of a regular semester, or the first week of classes of a summer session, and provided the instructor and appropriate dean approve.

**A change of enrollment from credit to audit** may be made during the first ten weeks of classes of a regular semester or five weeks of classes of a summer session, provided the student is passing at the time the change is processed. A change of enrollment to audit supersedes the original enrollment for credit, and no withdrawal from the credit enrollment is posted on the student's academic record. Fee and tuition policies for audit enrollments are the same as fee and tuition policies for credit enrollments. A student enrolled exclusively as an auditor may withdraw only during the refund period. Such withdrawal will result in the student's registration being cancelled, and no entry will be made on the permanent record. An instructor may assign a final

grade of AW to a student who has not performed according to the instructor's requirements for an auditor.

## **CANCELLATION OF ENROLLMENT**

Students may cancel enrollment online at <https://enroll.ou.edu>, by person in the Office of Registration, Room 230 Buchanan Hall or by phone at (405) 325-3572. The deadline to cancel online is at 6:00 pm, on January 15, and in person or by phone at 5:00 pm on January 14 for the Spring semester. After classes have begun, students must withdraw from enrollment according to the following instructions.

## **COMPLETE WITHDRAWAL FROM ENROLLMENT**

Students withdrawing from the University after classes have begun should report to their College Office (College Office locations are listed in the Campus Information Directory, page 7). If you do not know your college, check with the Office of Registration, Room 230 Buchanan Hall. Withdrawn students are refunded fees and tuition according to State Regents' refund policy (see refund regulations in section on **FEES AND TUITION**).

## **OTHER UNIVERSITY REGULATIONS**

---

### **ACADEMIC RETENTION, PROBATION AND SUSPENSION REGULATIONS**

For continued enrollment at the University, an undergraduate student must maintain a cumulative retention/ graduation grade point average as indicated below:

0 through 30 semester hours attempted	1.7
Greater than 30 semester hours attempted	2.0

A student not maintaining a satisfactory cumulative retention/graduation grade point average will be placed on academic probation for one semester. To be removed from probation, the student, during the next semester of enrollment, must raise his or her cumulative retention/graduation grade point average to the minimum standard required to continue. However, a student enrolled on probation may be continued on probation provided he or she makes a 2.0 grade point average on that semester's work. Students should check with their college office or the Office of Academic Records for specific requirements for enrollment while on academic probation. A student enrolled on probation who fails to raise his or her cumulative retention/graduation grade point average to minimum requirements or to make a grade point average of 2.0 or better on work taken while enrolled on probation will be suspended for poor scholarship.

A student suspended from the University for poor scholarship is not eligible to apply for readmission until after one full semester has elapsed following the date of suspension. To be readmitted, a suspended student must submit an application for admission and a letter of appeal to the Office of Admissions by November 1 for the Spring Semester; April 1 for Summer; and Fall.

### **UNIVERSITY GRADING REGULATIONS GOVERNING WITHDRAWALS AND DROPS**

1. **Complete Withdrawal from the University.** A student who withdraws from all classes during the first six weeks of a regular semester (first three weeks of a summer session) will receive the grade of W for all courses. For complete withdrawals that occur after the sixth week of class (first three weeks of summer session), a final grade of W or F will be assigned by the instructor of each course.

2. **Dropping Courses After Classes Begin.** For students who drop one or more courses after classes begin, but who remain enrolled in at least one course, the following grading regulations for dropped courses apply:

In the first two weeks of the semester (first week of summer session), no grade is recorded;

From the third week through the sixth week of a semester (second and third week of a summer session), a grade of W will be assigned to each dropped course;

From the seventh week through the tenth week (fourth and fifth week of summer session) the instructor of each course dropped will assign a grade of W or F.

Beginning with the eleventh week of the semester (sixth week of the summer session) through the last day of classes, courses may be dropped only by direct petition to the Dean of the student's college. The student who drops a course with permission of the Dean will receive a final grade of W or F at the discretion of the instructor of the course dropped.

## **UNIVERSITY REGULATIONS GOVERNING INCOMPLETES**

An "I" (Incomplete) received following the close of a semester or summer session is a temporary grade issued when a student, for reasons satisfactory to the instructor, is unable to complete certain requirements of the course by the end of the term. Any student receiving an I should contact the instructor, who will indicate what must be done to complete the course and set a time limit for completion. The time allowed may in no instance exceed one calendar year. During that year, the student is not permitted to re-enroll in the course.

If an incomplete is received, the I grade remains on the student's record and the final grade is next to the "I" (example I/B).

If by the end of the year no change in grade has been submitted, the grade of I will become permanent. After a grade of I has become permanent, a student may re-enroll in the course.

## **ALL-UNIVERSITY REGULATION ON REPEATED COURSES**

Students may not repeat a course in which they earned a grade of A or B, unless the course is one in which there is a change of subject matter (e.g., SLEP, Independent Study).

A student may repeat up to four courses, not to exceed 18 hours, in which the original grade was D or F and have only the second grade count in the calculation of the student's retention/graduation grade point average. Students who repeat courses beyond the first 4 courses of D or F may do so with both the original grades and repeat grades included in the calculation of the retention/graduation grade point average.

**GRADE POINT AVERAGE.** The cumulative retention/ graduation grade point average is based on all work attempted, both transfer and OU, minus those courses repeated in accordance with the policy on repeated courses. The minimum cumulative retention/graduation grade point average required for graduation is 2.0. Each degree-recommending college may establish higher standards for retention and graduation.

## **DEGREE CANDIDATES**

Degrees are formally conferred at spring commencement exercises. However, degrees are awarded in absentia and diplomas mailed to graduates at the end of the fall semester and summer session. The date of graduation for each term is: the last day of examinations in the fall; the date of commencement in the spring; and the last day of classes in the summer. The degree and date of the diploma are entered on the student's permanent academic record. When a student completes all requirements for a degree other than at the close of a semester or session, the Office of Admissions and Records, upon request, will issue a certified statement that the student is eligible for the degree as of the date when the requirements for the degree were completed. For

complete information regarding degree requirements the student should consult with personnel in the college office in which he/she is enrolled.

A student who is a candidate for a degree at the close of any semester or summer session must file an official application for graduation in the Office of Admissions and Records and must pay all tuition and fee charges before the degree is conferred. The application for graduation may be obtained in the student's college office. See section on Fees and Tuition in this schedule for fee information and deadline date.

All students shall be required to have all work needed for graduation submitted to Admissions & Records no later than ten working days following the last day of finals for the term in which the student wishes to graduate. This would include transfer work from another institution, correspondence courses, incomplete grades, and any other correction or addition to the student's academic record. This deadline does not take the place of the existing deadline for all work to be completed, which is "all work required for the degree must be completed satisfactorily by the last day of finals of the semester or term". This is an additional requirement that the notification of the completion of this credit must be submitted in a timely fashion in order for the student to graduate within that term. The appropriate deadline for receipt of that notification is within ten working days after the last day of finals. Requirements for graduation are cleared by the degree-recommending colleges approximately four weeks after the close of a regular semester and three weeks after the close of a summer session. Diplomas are printed after degree clearances are completed and are mailed from the Office of Admissions and Records approximately one month later.

## **RELEASE OF STUDENT INFORMATION AND ACCESS TO STUDENT RECORDS**

Public Law 93-380 (also known as the Buckley Amendment, also known as the Family Educational Rights and Privacy—Section 438 of the General Education Provisions Act) permits only the release of "directory information" about students without the student's written consent. "Directory information" includes:

Student's name, local and permanent addresses, e-mail address, telephone number, college, major, classification, current enrollment status, participation in recognized student activities, dates of attendance, degrees and awards received and dates of receipt, posting of individual student's grades and interim class evaluations by code number or I.D. number and anticipated date of graduation based on completed hours.

The Law provides that any student may, upon written request, restrict the printing of such personal information relating to himself/herself as is provided in "directory information." Forms for withholding student "directory information" are available in the Office of Admissions and Records in Buchanan Hall. The form must be completed by the end of the third week of classes in the fall to prevent printing of "directory information" in the Student Directory.

The Law requires the written consent of the student for the release to anyone (including parents) of other than "directory information" with the following exceptions—(a) other school officials

within the educational institution who have legitimate educational interests; (b) officials of schools to which the student seeks to transfer; (c) the Comptroller General of the United States, the HEW Secretary, the administrative head of an educational agency, or State educational authorities; (d) in connection with the student's application for, or receipt of, financial aid; (e) State and local officials or authorities to which such information is specifically required to be reported under the State statute and adopted prior to November 19, 1974; (f) organizations or educational agencies conducting legitimate research, provided no personal identifiable information about the student is made public; (g) accrediting organizations; (h) parents of a dependent student upon proof of dependency (exclusive of international students); (i) in connection with an emergency when such information is necessary to protect the health or safety of the student or other persons, and (j) to comply with a judicial order or lawfully issued subpoena.

Personal information shall only be transferred to a third party, however, on the condition that such party will not permit any other party to have access to the information without the written consent of the student.

Under the law, any student has the right to inspect and challenge his or her own educational file with the exception of letters of recommendation or other material when the author was guaranteed confidentiality prior to January 1, 1975. Positive identification of the student shall be required prior to such examination and the student is not guaranteed the right of privacy in examining the records, nor the right to remove them.

Each educational institution is required by the Law to maintain a record, kept with the education records of each student, which will indicate all individuals, agencies or organizations (other than those specified as having access without the student's written consent) having obtained access to the student's record.

## **PARENTAL ACCESS TO STUDENT ACADEMIC RECORDS**

Parents of a dependent student may have access to grades and other confidential academic information under guidelines provided in the Family Educational Rights and Privacy Act of 1974. Requests for specific grade or other academic information can be addressed to the Office of Academic Records, University of Oklahoma, 1000 Asp Avenue, Room 330, Norman Oklahoma 73019-0430. Academic information can also be obtained by providing the Office of Academic Records with written consent of the student.

## **POLICY ON PREVENTION OF ALCOHOL ABUSE AND DRUG USE ON CAMPUS AND IN THE WORKPLACE**

The University of Oklahoma recognizes its responsibility as an educational and public service institution to promote a healthy and productive environment. This responsibility demands implementation of programs and services which facilitate that effort. The University is committed to a program to prevent the abuse of alcohol and the illegal use of drugs by its students and employees. The University program includes this policy which prohibits illegal use of drugs and alcohol in the workplace, on university property, or as part of any university sponsored activities. In order to meet these responsibilities, university policy:

1. Requires all students and employees abide by the terms of this policy as a condition of initial and continued enrollment/employment.
2. Recognizes that the illegal use of drugs and alcohol is in direct violation of local, state and federal laws as well as university policies included in this Policy, the Staff and Faculty Handbooks and the Student Code of Responsibility and Conduct. University policy strictly prohibits the illegal use, possession, manufacture, dispensing or distribution of alcohol, drugs, or controlled substances in the workplace, on its premises, or as part of any university sponsored activities.
3. Considers a violation of this policy to be a major offense which can result in a requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the University. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy.
4. Recognizes that violations of applicable local, state and federal laws may subject a student or employee to a variety of legal sanctions including, but not limited to, fines, incarceration, imprisonment, and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit career and professional opportunities. A current listing of applicable local, state and federal sanctions can be obtained through the Office of Student Affairs and Personnel Services.

5. Requires an employee to notify his or her supervisor in writing of a criminal conviction for drug or alcohol related offenses occurring in the workplace no later than five calendar days following the conviction.
6. Provides access to the University's Employee Assistance Programs and Student Counseling Services for counseling and training programs which inform students and employees about the dangers of drug and alcohol abuse. Voluntary participation in or referral to these services is strictly confidential.
7. Forbids an employee from performing sensitive safety functions while a prohibited drug is in his or her system.
8. Mandates drug testing of sensitive safety employees prior to employment, when there is reasonable cause, after an accident, on a random basis, and before returning to duty after refusing to take a drug test or after not passing a drug test. (Sensitive safety employees are defined in CFR Volume 32, Part 280, and CFR Volume 49, Part 653. This legislation is available for review in Personnel Services.)
9. Provides for annual distribution of this policy to staff, faculty and students.

Health risks generally associated with alcohol and drug abuse can result in but are not limited to: a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes and thought disorders.

The University's Employee Assistance Programs and Student Counseling Services staff are responsible for informing students and employees about the dangers of drug and alcohol abuse and the availability of counseling and rehabilitation programs. The appropriate Provost or Executive Officer is responsible for notifying federal funding agencies within ten calendar days whenever an employee is convicted of a drug-related crime which occurred in the workplace. This policy is based on the Drug Free Workplace Act of 1988 (P.L. 101-226) and is subject to the grievance procedure as stated in the Staff and Faculty Handbooks and the University Discipline System as outlined in the Student Code of Responsibility and Conduct.

## **UNIVERSITY POLICIES ON DISCRIMINATION, SEXUAL HARASSMENT/ SEXUAL ASSAULT, CONSENSUAL SEXUAL RELATIONSHIPS, RETALIATION AND RACIAL AND ETHNIC HARASSMENT**

### **SEXUAL HARASSMENT/SEXUAL ASSAULT POLICY**

#### **A. Statement**

The University of Oklahoma explicitly condemns sexual harassment of students, staff and faculty. Sexual harassment is unlawful and may subject those who engage in it to University sanctions as well as civil and criminal penalties.

When criminal action is pursued in addition to an administrative grievance under this policy, the EO/AA (Equal Opportunity and Affirmative Action) Office will coordinate its investigative actions with the University or local law enforcement authorities to ensure that criminal prosecution is not jeopardized. The EO/AA Officer may defer administrative action at the request of the University or local law enforcement authorities, pending completion of the criminal investigation. Where review by the EO/AA Officer or other University executive officer determines that immediate administrative action is necessary for the safety, health and well-being of the campus community, such action may be taken in advance of resolution of criminal charges.

Since some members of the University community hold positions of authority that may involve the legitimate exercise of power over others, it is their particular responsibility to be sensitive to that power. Faculty and supervisors in particular, in their relationships with students and subordinates, need to be aware of potential conflicts of interest and the possible compromise of their evaluative capacity. Because there is an inherent power difference in these relationships, the potential exists for the less powerful person to perceive a coercive element in suggestions regarding activities outside those appropriate to the professional relationship. It is the responsibility of faculty and staff to behave in such a manner that their words or actions cannot reasonably be perceived as sexually coercive, abusive or exploitative. Sexual harassment also can involve relationships among equals as when repeated advances, demeaning verbal behavior or offensive physical contact interfere with an individual's ability to work and study productively.

The University is committed to providing an environment of study and work free from sexual harassment and to insuring the accessibility of appropriate grievance procedures for addressing all complaints regarding sexual harassment. The University reserves the

right, however, to deal administratively with sexual harassment issues whenever becoming aware of their existence. Records of all complaints, except for hearings before the Faculty Appeals Board, shall be transmitted to and maintained by the University Equal Opportunity and Affirmative Action Officer as confidential records.

The University encourages victims to report instances of sexual assault or other sexual offenses, either forcible or non-forcible. In addition to internal grievance procedures, victims are encouraged to file complaints or reports with campus police or local law enforcement agencies **by telephoning 911** as soon as possible after the offense occurs in order to preserve evidence necessary to the proof of criminal offenses. The campus police department is available to assist victims in filing reports with other area law enforcement agencies.

#### B. Definition of Sexual Harassment

Sexual harassment shall be defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature in the following context:

1. When submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic standing, or
2. When submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual, or
3. When such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile or offensive working or academic environment.

#### C. Examples of Prohibited Conduct

Conduct prohibited by this policy may include, but is not limited to:

- Unwelcome sexual flirtation; advances or propositions for sexual activity.
- Continued or repeated verbal abuse of a sexual nature, such as suggestive comments and sexually explicit jokes.
- Sexually degrading language to describe an individual.
- Remarks of a sexual nature to describe a person's body or clothing.
- Display of sexually demeaning objects and pictures.
- Offensive physical contact, such as unwelcome touching, pinching, brushing the body.
- Coerced sexual intercourse.
- Sexual assault.
- Rape, date or acquaintance rape, or other sex offenses, forcible or nonforcible.
- Actions indicating that benefits will be gained or lost based on response to sexual advances.

## CONSENSUAL SEXUAL RELATIONSHIPS

### RATIONALE

The University's educational mission is promoted by professionalism in faculty, staff, and student relationships. Professionalism is fostered by an atmosphere of mutual trust and respect. Actions of faculty, staff, and students that harm this atmosphere undermine professionalism and hinder fulfillment of the University's mission. Trust and respect are diminished when those in positions of authority abuse, or appear to abuse, their power. Those who abuse, or appear to abuse, their power in such a context violate their duty to the University.

University employees exercise power over subordinate employees and students, whether in giving them praise or criticism; evaluating them; making recommendations for promotion, further studies, their future employment; or conferring any other benefits on them. Amorous relationships between employees and subordinate employees or subordinate students are wrong when the employee has professional responsibility for the subordinate employee or student. Such situations greatly increase the opportunities that a University employee may abuse his or her power and sexually exploit the

subordinate employee or subordinate student. Voluntary consent in such a relationship is suspect, given the fundamentally asymmetric nature of the relationship. Moreover, other employees and students will likely be adversely affected by such unprofessional behavior because it places the employee in a position to favor or advance one individual's interests at the expense of others and implicitly makes obtaining benefits contingent on amorous or sexual favors. Therefore, the University will view it as unethical if staff or faculty members engage in amorous relations with subordinate employees or students enrolled in their classes or subject to their supervision, even when both parties appear to have consented to the relationship.

### DEFINITIONS

As used in this policy, the term "employee" includes all employees, including but not limited to, academic and non-academic administrators, supervisory personnel, staff, faculty, graduate students with or without teaching responsibilities, student employees, and other instructional personnel. The term "consensual sexual relationship" may include amorous or romantic relationships and is intended to indicate conduct which goes beyond what a person of ordinary sensibilities would believe to be a collegial or professional relationship.

The term "subordinate" as used here means an employee or student in a position of lesser power or authority than the other party to the amorous relationship; e.g., any employee or student who is beneath another in the employment chain of command or who relies upon the other for day-to-day directions would be "subordinate" as would a project team member or housing resident with respect to the project director or resident advisor, respectively.

### POLICY

#### A. Employee Relationships with Subordinate Students or Subordinate Employees

##### 1. Instructional Context

It is considered a serious breach of professional ethics for a employee to initiate or acquiesce in a sexual relationship with a student who is enrolled in a course being taught by the employee or whose academic work (including work as a teaching assistant) is being supervised by the employee.

##### 2. Other Contexts

Sexual relationships between employees and subordinate employees or subordinate students occurring outside the instructional context may also lead to difficulties, particularly when the employee and subordinate employee or subordinate student are in the same academic unit or in units that are closely allied. Relationships that the parties view as consensual may appear to others to be exploitative. Further, in such situations the employee may face serious conflicts of interest and must be careful to distance himself or herself from any decisions that may reward or penalize the subordinate employee or subordinate student involved. An employee who fails to withdraw from participation in activities or decisions that may reward or penalize such subordinates with whom the employee has or has had an amorous relationship will be deemed to have violated his or her ethical and professional obligation to the University.

#### B. Prohibitions

1. Consensual sexual relationships between employees and subordinate employees or subordinate students are prohibited. Violations of this policy may lead to disciplinary action up to and including termination and/or expulsion.

### COMPLAINT PROCEDURE

Complaints alleging a violation of the Consensual Sexual Relationships Policy shall be handled in accordance with the Office of Equal Opportunity Grievance Procedure.

## **RACIAL AND ETHNIC HARASSMENT POLICY**

### **I. Introduction**

Diversity is one of the strengths of our society as well as one of the hallmarks of a great university. The University of Oklahoma supports diversity and therefore is committed to maintaining employment and educational settings which are multicultural, multiethnic and multiracial. Respecting cultural differences and promoting dignity among all members of the University Community are responsibilities each of us must share.

Racial and ethnic harassment is a growing concern across American college campuses. It has taken various forms, from criminal acts (assault and battery, vandalism, destruction of property) to anonymous, malicious intimidation, most often directed toward persons whose race or ethnicity is readily identifiable. In employment, racial/ethnic harassment is race discrimination which interferes with an employee's ability to perform his or her duties or creates a hostile or intimidating work environment, prohibited by law under Title VII of the Civil Rights Act of 1964. In the educational context, racial/ethnic harassment is race discrimination which interferes with students' opportunities to enjoy the educational program offered by the University, prohibited by law under Title VI of the Civil Rights Act of 1964.

### **II. Policy Statement**

Principles of academic freedom and freedom of expression require tolerance of the expression of ideas and opinions which may be offensive to some, and the University respects and upholds these principles. The University also adheres to the laws prohibiting discrimination in employment and education. The University recognizes that conduct which constitutes racial/ethnic harassment in employment or educational programs and activities shall be prohibited and is subject to remedial or corrective action as set forth in this policy. This policy is premised on the University's obligation to provide a nondiscriminatory environment which is conducive to employment and learning. The University will vigorously exercise its authority to protect employees and students from harassment by agents or employees of the University, students and visitors or guests. Specifically,

1. Agents or employees of the University, acting within the scope of their official duties, shall not treat an individual differently on the basis of race, color or national origin in the context of an employment or educational program or activity without a legitimate nondiscriminatory reason, so as to interfere with or limit the ability of the individual to participate in or benefit from the services, activities or privileges provided by the University; and,
2. The University shall not subject an individual to different treatment on the basis of race by effectively causing, encouraging, accepting, tolerating or failing to correct a racially hostile environment of which it has notice.

### **III. Remedies or Corrective Actions**

Violation of this policy may result in corrective action(s) or remedy(ies) designed to reestablish an employment or educational environment which is conducive to work or learning. Corrective actions or remedies will include disciplinary action directed by the executive officer having responsibility for the offender, where appropriate. Remedies or corrective actions will be tailored to redress the specific problem and may range from apologies, mandatory attendance at specific training programs, reprimands, demotion, to expulsion or termination. Remedies or corrective actions shall be based upon the facts and circumstances of each case and shall be in accordance with the terms and guidelines of the applicable campus grievance procedures.

Violation of this policy by students will be considered as violations of the Student Code and subject students offenders to the remedy(ies) and corrective action(s) provided by the Code.

### **IV. Administrative Action**

1. The University recognizes its obligation to address incidents of racial/ethnic harassment on campus when it becomes aware of their existence even if no complaints are filed, therefore, the University reserves the right to take appropriate action unilaterally under this policy.
2. With respect to students, the Vice President for Student Affairs/Vice Provost for Educational Services or other appropriate persons in authority may take immediate administrative or disciplinary action which is deemed necessary for the welfare or safety of the University Community. Any student so affected must be granted due process including a proper hearing. Any hearing involving disciplinary suspension or expulsion shall be conducted by a campus disciplinary council in accordance with Title 13, Section 1.2 of the Student Code. Lesser administrative or disciplinary action may be appealed to the Vice President for Student Affairs/Vice Provost for Educational Services. Such requests must be in writing and filed within seven calendar days following the summary action. The Vice President for Student Affairs/Vice Provost for Educational Services will issue a written determination to the student within three working days following the date the request is received.
3. With respect to employees, upon a determination at any stage in the investigation or grievance procedure that the continued performance of either party's regular duties or University responsibilities would be inappropriate, the proper executive officer may suspend or reassign said duties or responsibilities or place the individual on leave of absence pending completion of the investigation or grievance procedure.

### **DISCRIMINATION POLICY (OTHER THAN SEXUAL OR RACIAL/ETHNIC HARASSMENT)**

The University has a policy of internal adjudication in matters relating to alleged discrimination. Any faculty member, staff member or student, including those in temporary or part-time status, who believes that he or she has been discriminated or retaliated against should file a complaint under the Grievance Procedure for Complaints Based Upon Discrimination, Sexual Harassment/Sexual Assault, Consensual Sexual Relationships, Retaliation or Racial and Ethnic Harassment.

Any attempt to penalize or retaliate against a person for filing a complaint or participating in the investigation of a complaint of discrimination and/or harassment will be treated as a separate and distinct violation of University policy.

### **COMPLAINT PROCEDURE**

Complaints alleging a violation of the Discrimination Policy, Sexual Harassment/Sexual Assault Policy, the Consensual Sexual Relationships Policy or the Racial and Ethnic Harassment Policy shall be handled in accordance with the Grievance Procedure For Complaints based upon Discrimination, Sexual Harassment/ Sexual Assault, Sexual Assault, Consensual Sexual Relationships, Retaliation or Racial and Ethnic Harassment. To request a copy of any of the policies or the grievance procedure or to place a complaint, contact Jerry Jensen on the Norman campus, 102 Evans Hall, 325-3546; or contact Carole Call on the Health Sciences Center campus, Service Center Building, Room 113, 271-2110.
