

Adobe Creative Cloud (CC) Licensing

As of summer 2019, Adobe has changed the way Adobe CC apps are licensed. Below are instructions for using Adobe CC apps.

1. Upon opening an Adobe CC app for the first time during your session, you will be presented with an Adobe sign in screen.

The screenshot shows the Adobe ID sign-in interface. At the top left is the Adobe ID logo. Below it is the heading "Sign in". There are two input fields: "Email address" and "Password". A blue "Sign In" button is positioned below the email field, and a "Forgot password?" link is to its right. Below these elements, there is a link "Not a member yet? Get an Adobe ID". Further down, there is a question "Want to use your company or school account?" followed by a link "Sign in with an Enterprise ID". Below this, there is a section "Or sign in with" with a horizontal line. Underneath the line are two buttons: "Facebook" (with the Facebook logo) and "Google" (with the Google logo). At the bottom left of the sign-in area is a "Cancel" link.

2. Type in your OU email address and hit TAB or click in the password space. You will be redirected and asked to choose your account type; choose "Enterprise ID". After which, it will begin redirecting you to OU's single sign on.

Choose an account for

YourEmailAddress@ou.edu

Adobe ID

Personal account

Enterprise ID

Company or school account

3. Once redirected, type in your 4x4 or OU email address and password, then hit enter or click the Sign In button.

The image shows a web browser window displaying the Adobe sign-in page for University of Oklahoma (OU) users. The page has a dark red background. At the top center is the OU logo (a red 'OU' monogram). Below the logo, the text reads "One account. One university." followed by "Sign in to Adobe using your OU Email or OUNetID." There are two input fields: the top one is for the email address and the bottom one is for the password. A prominent blue button labeled "Sign In" is centered below the fields. Underneath the button are two links: "Forgot password?" and "Forgot OUNetID?". At the bottom of the white sign-in box, there is a link that says "New to OU? Set up your OU account." Below the white box, centered, is the text "Having trouble signing in? Let us help!" with a link "needhelp.ou.edu" partially visible below it. The browser window has a close button (X) in the top right corner and a scroll bar on the right side.

Once authenticated, you should be able to use any Adobe CC products during the current session without be prompted to sign in again.
