The Planned Program major provides students with the opportunity to design their own major based on a coherent field of study that provides academic and professional opportunities not available with any other major currently available at the University of Oklahoma. All major plans however must be submitted for review by the Dean of the college to be approved for degree eligibility. You are not eligible for a degree under the Planned Program major until you have an approved major plan on file with the college office. If you have any questions regarding completing this form please contact the Planned Program Academic Counselor, Ryan Peters, at (405)325-4411 or by e-mail at ryanpeters@ou.edu. Once this form is completed it should be returned to the Cal Hobson Academic Services Center located in Ellison Hall room 124. Plan reviews typically take 2-4 weeks and you will be contacted via e-mail once a decision is made.
