Material Needed:

Labor Economics by George J. Borjas

ISBN: 978-0-07-802188-6

I will be using the 8th edition, but previous editions should be fine. I will be following this book very closely during the semester, so I would recommend getting it within the first few weeks of class. ***Connect is not required.***

Overview and Learning Objectives:

The objective of this course is to introduce students to important concepts regarding labor economics. By the end of this course, students should be able to:

- 1) Have a better understanding of introductory economic principles and concepts.
- 2) Derive both labor supply and demand curves from maximization problems.
- 3) Evaluate techniques involved in labor economics including government intervention, market fluctuations, and input changes including wages and technology.
- 4) Discuss implications involving social welfare.

Assignment Breakdown

Grading for this class will consist of homework, a writing assignment, two midterms, and a final. The breakdown is as follows:

| | |
|--------------------|-----|
| Homework | 20% |
| Writing Assignment | 10% |
| Midterm 1 | 20% |
| Midterm 2 | 20% |
| Final | 30% |

Homework:

There will be five homework assignments throughout the course of the semester. They will be due in Canvas by midnight on the assigned date (usually Sundays). ***I will not accept any hard copy assignments.*** The assignments can be typed or hand-written and then scanned (There are lots of free apps available. I like to use GeniusScan) and submitted to Canvas. Submitting a photo is also acceptable as long as the assignment is readable. You are allowed to work in groups; however, each person must submit their own assignment in Canvas. ***I will drop the lowest assignment, so only four homework assignments will count towards your final grade.*** In other words, each assignment will be approximately 5% of your grade. ***Since the lowest grade is dropped, I will not accept any late assignments.***

Writing Assignment:

For this assignment, I want you to write about a labor problem, discuss the pros and cons, then finally give your opinion. For example, you could discuss minimum wage, unions, effects from COVID, labor problems seen in movies or tv, etc. The goal of this paper is to take the concepts we learn in class and apply it to a real situation. This assignment should be between 3-5 pages and may require additional sources. We will go over additional details later in the semester.

Midterms and Final:

There will be two midterms worth 20% each, and one cumulative final worth 30% of your grade. These tests will consist of short answer, calculation, and graph-type questions. These will be very similar to the homework questions. These will all be closed book/note, but you are allowed a calculator.

Midterms and exams cannot be made up except for very specific circumstances (university events, illness, etc), and ***I must be told in advance.*** Correct documentation may be needed to make-up a midterm or exam.

The final for this class has been scheduled for Tuesday, May 9th from 8 – 10am. This time has been set by the university, so ***you cannot take the exam early.***

Attendance:

Attendance for this class is not required, but ***it is highly recommended!*** Throughout the semester, I will sporadically take attendance and award bonus points for those in class. These points are the only chance for extra credit during the semester. ***There is no chance to make up attendance points.***

Emergency Protocol:

During an emergency, there are official university [procedures](#) that will maximize your safety.

Severe Weather

If you receive an OU Alert to seek refuge or hear a tornado siren that signals severe weather:

1. *LOOK* for severe weather refuge location maps located inside most OU buildings near the entrances. 2. *SEEK* refuge inside a building. Do not leave one building to seek shelter in another building that you deem safer. If outside, get into the nearest building. 3. *GO* to the building's severe weather refuge location. If you do not know where that is, go to the lowest level possible and seek refuge in an innermost room. Avoid outside doors and windows. 4. *GET IN, GET DOWN, COVER UP*. 5. *WAIT* for official notice to resume normal activities. [Link to Severe Weather Refuge Areas](#) , [Severe Weather Preparedness - Video](#)

Armed Subject/Campus Intruder

If you receive an OU Alert to shelter-in-place due to an active shooter or armed intruder situation or you hear what you perceive to be gunshots:

1. *GET OUT*: If you believe you can get out of the area *WITHOUT* encountering the armed individual, move quickly towards the nearest building exit, move away from the building, and call 911. 2. *HIDE OUT*: If you cannot flee, move to an area that can be locked or barricaded, turn off lights, silence devices, spread out, and formulate a plan of attack if the shooter enters the room. 3. *TAKE OUT*: As a last resort fight to defend yourself. For more information, visit <http://www.ou.edu/emergencypreparedness.html>

Fire Alarm/General Emergency

If you receive an OU Alert that there is danger inside or near the building, or the fire alarm inside the building activates:

1. *LEAVE* the building. Do not use the elevators. 2. *KNOW* at least two building exits. 3. *ASSIST* those that may need help. 4. *PROCEED* to the emergency assembly area. 5. *ONCE safely outside, NOTIFY first*

responders of anyone that may still be inside building due to mobility issues. 6. WAIT for official notice before attempting to re-enter the building. [OU Fire Safety on Campus](#)

Lauren's Promise:

I will listen and believe you if someone is threatening you.

Lauren McCluskey, a 21-year-old honors student athlete, was murdered on Oct. 22, 2018, by a man she briefly dated on the University of Utah campus. We must all take actions to ensure that this never happens again. If you are in immediate danger, call 911. If you are experiencing sexual assault, domestic violence, or stalking, please report it to me, and I will connect you to resources or call OU Advocates. Any form of sexual harassment or violence will not be excused or tolerated at the University of Oklahoma. OU has instituted procedures to respond to violations of these laws and standards, programs aimed at the prevention of such conduct, and intervention on behalf of the victims. OU/OUHSC police officers will treat victims of sexual assault, domestic violence, and stalking with respect and dignity. Confidentiality is of the utmost importance, and OU/OUHSC police will assist by providing resources to victims. In addition to its law enforcement efforts regarding sexual assault, domestic violence, and stalking, they can refer victims to the appropriate university and/or local community counseling and other resources devoted to assisting victims. Advocates help survivors determine their own needs in regard to their physical and emotional health, reporting options, and academic concerns. They connect survivors to campus and community services, and provide accompaniment to important appointments (court, hospital, and police) and support throughout the process. They can also connect you with advocacy services, if desired. The local advocacy group is YWCA Community Domestic Violence Advocacy, whose services are free, immediate, and confidential. They can be reached at (405) 948-1770. They also offer 24/7 advocates at (405) 917-9922 and 1-800-522-7233.
