

The UNIVERSITY of OKLAHOMA

Gallogly College of Engineering
School of Civil Engineering and Environmental Science

APPLICATION FOR ACCELERATED BS ENVIRONMENTAL SCIENCE/MES DEGREE PROGRAM

Scope of Program

The School of Civil Engineering and Environmental Science (CEES) combined BS in Environmental Science/Master's of Environmental Science Program is offered for qualified undergraduate students to pursue a graduate degree in conjunction with the undergraduate degree requirements. Students accepted into the program can share up to 6 credit hours to satisfy the requirements of both the BS and MS degrees. With proper planning, the Accelerated BS/MS Program allows students to complete their Master's degree requirements in less time than is possible in the traditional Master's Program.

Students accepted into the program are responsible to update their coursework plan <u>prior</u> to enrolling in said course. Updates will be accepted in the first two weeks of each semester. Approval of your coursework plan does not override the need to obtain written permission from the course instructor before enrolling in courses for graduate credit.

Acceptance into the Accelerated BS/MS Program does not guarantee admission to graduate school upon graduation with the BS degree. Prior to acceptance into the CEES Graduate Program, you must submit two letters of reference, statement of goals and continue to meet GPA requirements. If your Major GPA-OU falls below the 3.20 threshold but stays above a 3.00, your Graduate College application will be considered as a traditional MS application. Final acceptance to the graduate program is subject to approval of the CEES Graduate Studies Committee and Dean of the Graduate College.

Entrance Requirements for CEES Accelerated BS/MS Program

- DEADLINE FOR APPLICATION: During the first two weeks of the semester in which you are applying; No earlier than the junior year and no later than the final two full semesters prior to completing the BS degree.
- GPA of 3.20 or better in Environmental Science curriculum (Major GPA-OU) at the time of application (a copy of the student's transcript must be attached)
- A CEES professor and the CEES Graduate Liaison must endorse the application.
- Not available to students transferring in beyond junior standing in Environmental Science.
- Not available retroactively to students admitted to the graduate program.
- Students must maintain continuous enrollment until MS is awarded, starting with the senior year in the BS program.
- Students must meet the admission requirements of CEES and the Graduate College prior to graduate enrollment.
- Courses taken prior to the process of your Accelerated Degree Graduate Coursework Plan (ADGCP) & switching to the accelerated code (B405 to A405), cannot be applied to graduate degree credit.

If you have any questions, please email ceesgradstudies@ou.edu

CHECKLIST FOR CEES ACCELERATED DEGREE PROGRAM (ADP) Effective Spring 2022

Applicants to the CEES ADP must submit the following application items:

- 1. Complete and signed "Supplemental Application" form (Attachment A)
- 2. Complete and signed "Endorsement of Application" form (Attachment B)
- 3. A copy of the student's up to date, unofficial transcript
- 4. Resume
- 5. Complete Accelerated Degree Graduate Coursework Plan (ADGCP), <u>signed by student only</u> (Attachment C)
- 6. Draft Program of Study (PoS), signed by student only (Attachment D)

ADP Application Submission:

Return your completed application to the CEES Graduate Liaison at ceesgradstudies@ou.edu

<u>Deadline to Submit ADP Application</u>:

- 1. During the first two weeks of the semester in which you are applying
- 2. No earlier than the junior year <u>and</u> no later than the final two full semesters prior to completing the BS degree.

CHECKLIST FOR GRADUATE COLLEGE'S ADDITION OR CHANGE OF PROGRAM (ACOP) APPLICATION

Student must submit the ACOP application by the deadline indicated below and the semester prior to starting the Master's. ACOP includes submission of resume, two reference letters, and a statement of goals or purpose (500 words or less).

Starting the Master's in the Summer semester requires explicit approval from Graduate Admissions. Email <u>gradadm@ou.edu</u> to request Summer admission <u>after</u> your Graduate College application has been submitted.

Starting MS Semester	<u>U.S. Citizen</u>	Non U.S. Citizen
Fall/Summer Semester	January 15	January 15
Spring Semester	August 15	August 15

Take note of the deadlines found in the CEES Graduate Student Milestone Deadline Summary (Attachment E) for once you begin the graduate portion of your degree. Some forms may be due within the first two weeks of the semester you begin your graduate degree.

GUIDELINES FOR COMPLETING THE ACCELERATED DEGREE GRADUATE COURSEWORK PLAN (ADGCP)

<u>Select the link below to access the appropriate ADGCP form:</u>

A₄0₅-BS Env Science/Master of Env Science

http://www.ou.edu/content/dam/gradcollege/docs/forms/adgcp/gc-adgcp-bsenvsci-mes.pdf

<u>Select your shared coursework from the choices below or use any approved CEES 5000-level course:</u>

CEES 4123G Open Channel Flow

CEES 4243G Water Tech for Emerging Regions

CEES 4253G Statistics and Probability

CEES 4263G Hazardous and Solid Waste Management

CEES 4273G WaTER Technical Field Methods

CEES 4333G Foundation Engineering

CEES 4453G Geomatics Engineering

CEES 4663G Introduction to Matrix Methods in Structural Analysis

CEES 4753G Structural Design-Wood

ENGR 4513G Introduction to Sustainable Engineering

ENGR 4000G courses may only be used as shared coursework/dual credit with approval by the CEES Graduate Studies Committee.

You can also find a list of approved professional electives here

 $\frac{https://www.ou.edu/content/dam/CoE/WSSC/Degree\%2oPlans\%2o-\%2oFlowcharts/2017-2018/CEES\%2oProfessional\%2oElectives.pdf}{}$

Look at ClassNav for information about the semester a course is expected to be taught.

You are limited to 9 credit hours of CEES 4000G courses in your master's program and 12 credit hours of 4000G courses overall. For example, you can have one ENGR 4000G course plus three CEES 4000G courses at maximum.

Example Only (next page):

ACCELERATED DEGREE GRADUATE COURSEWORK PLAN

Bachelor of Science in Civil Engineering / Master of Science (Civil Engineering)

Undergraduate Major Code: A190

ADP effective Summer 2017

This is a sequential accelerated degree program. The B.S. is conferred before the student's admission to the M.S. program.

This form should be completed by the undergraduate college advisor, the undergraduate liaison (if applicable), and the student upon the student's admission to the accelerated degree program (ADP). The graduate liaison for the master's degree should verify that the shared coursework is appropriate before signing.

After receiving and reviewing this form, the Graduate College academic counselor will contact the student, undergraduate college advisor, undergraduate liaison (if applicable), and graduate liaison via OU email.

To the undergraduate college advisor:

Complete the following information. If the student has not already been placed in the accelerated major code indicated above, effective for the semester of their admission to the ADP, please initiate that change now.

Student Name: Boyd Student

OU ID: 11x-xx-xxxx

Current Overall GPA: 3.20+

Semester of Admission to ADP: Fall 2020

Anticipated Semester of Bachelor's Completion: Spring 2021

To the student:

Read this information carefully. If you have questions or concerns, contact your advisors and/or the Graduate College.

Conditions and Limitations of Participation in the Accelerated Degree Program

Now that you have been admitted to the ADP, you will be engaged, assessed, and graded as a graduate student, although you will remain an undergraduate student until your bachelor's degree has been conferred. You will not be considered a graduate student with regard to funding opportunities, such as graduate assistantships, until your undergraduate college has cleared you for graduation with the bachelor's degree and you have been admitted to the graduate portion of the ADP.

Once you are admitted to the graduate portion of the ADP, you must meet all requirements and deadlines for the master's degree outlined in the <u>Graduate College Bulletin</u>, such as submitting a <u>Program of Study</u> and applying for graduation.

Eligibility for graduate admission:

- During the final semester of your bachelor's degree, you will need to submit an online application for admission to the graduate portion of the ADP through the Office of Graduate Admissions.
- You must meet the Graduate College admission criteria outlined in the <u>Graduate College Bulletin</u> to be eligible for admission to the graduate portion of the ADP. No exceptions will be made and conditional admission will not be permitted.

Grade point average (GPA) requirements:

- Your GPA will be monitored by your undergraduate college until you have completed the bachelor's degree. If your undergraduate GPA, graduate GPA and/or overall GPA fall below a 3.0, you will be removed from the ADP and readmission to the ADP will not be permitted.
- Once you are admitted to the graduate portion of the ADP, your GPA will be monitored by the Graduate
 College. If your graduate GPA and/or overall GPA fall below a 3.0, you will be removed from the ADP.
 Neither academic probation nor readmission to the ADP will be permitted. You may apply to the standalone master's degree program, but you may not share hours (see the <u>Graduate College Bulletin</u> for rules on master's degree credit taken before graduate admission).
- The GPAs reported on your transcript may not reflect the GPA calculation methods used to determine your academic standing.

Student Name: Boyd Student OU ID: 11x-xx-xxxx

The following information should be completed by the student and verified by the undergraduate college advisor, undergraduate liaison (if applicable), and graduate liaison of the master's degree program. Any changes to the coursework indicated below will require submission of a new Accelerated Degree Graduate Coursework Plan.

To the student: List up to 6 hours of graduate electives that you will share between your undergraduate and graduate degrees. Coursework taken before your semester of admission to the ADP cannot be shared. Please note that not all 4000-level classes carry graduate credit; those that do are indicated as "approved for graduate credit" in the OU Course Catalog.

Shared Graduate Coursework

COURSE PREFIX & NUMBER	COURSE NAME	HOURS	SEMESTER & YEAR
CEES 4753G	Structural Design - Wood	3	Fall 2020
CEES 4453G	CEES 4453G Geomatics Engineering		Fall 2020

With approval of your advisors and the graduate liaison of the master's degree program, you may decide to take additional graduate coursework applicable to the master's degree requirements before you complete your undergraduate degree. However, these courses may not be applied to your bachelor's degree. List any additional graduate coursework below.

Additional Graduate Coursework Not Applied to the Bachelor's Degree

CEES 5021	Technical Communications	1	Spring 2021
CEES 5793	Prestressed Concrete Structures	3	Spring 2021
CEES 5663	Structural Analysis II	3	Spring 2021

I affirm thave read and understand the conditions and limitations of participating in this accelerated degree program, as described on the praceding page.

understand I am responsible for maintaining the required grade point average and meeting the academic standards necessary to continue as an accelerated student.

I understand I am responsible for reviewing the policies and procedures governing graduate study at the University of Oklahoma as published in the <u>Graduate College Bulletin</u>.

Boyd Student
