DART Data Dictionary Subteam Minutes, 11-03-16

- Approve Minutes from prior meeting. Approved.

- ODS Data Overview: More revisions/enhancements to the ODS data overview document for the most-often used Student objects, incorporating some of the changes noted in the meeting minutes of 9/15/16.
    - Document flow and order was changed
    - Explanation/section header pages added
    - More searchable text added for some object content so users could enter a search term and find the object(s) in which the data resides
    - Data Dictionary slides added
    - Links to table and column metadata were added for each object, but links not working properly. Investigate, test.

- Next Meeting: Scheduled for November 17, 2016
