

AGRI:AI Evaluation Rubric

| Team Name | | | |
|---|------------------|-----------------|-------|
| Criteria | Points Available | Points Received | Notes |
| Extended Abstract (25 points) | 25 | 0 | |
| Clarity of Problem Statement (6 points): | 6 | 0 | |
| Clearly defines the problem statement to be addressed. | 3 | | |
| Describes the significance or relevance of the problem. | 3 | | |
| Proposed Solution (12 points): | 12 | 0 | |
| Provides a succinct overview of the proposed solution. | 4 | | |
| Clearly outlines the methodology or approach to tackle the problem. | 4 | | |
| Discusses any innovative or novel aspects of the solution. | 4 | | |
| Feasibility & Scope (7 points): | 7 | 0 | |
| Assesses the feasibility of implementing the proposed solution. | 4 | | |
| Outlines the scope of the project and identifies potential challenges. | 3 | | |
| Presentation (50 points) | 50 | 0 | |
| Organization and Structure (12 points): | 12 | 0 | |
| Introduction clearly establishes the context and objectives of the project. | 4 | | |
| Logical flow of content throughout the presentation. | 4 | | |
| Clear transitions between different sections. | 4 | | |
| Technical Content (15 points): | 15 | 0 | |
| Demonstrates understanding of relevant technical concepts. | 5 | | |
| Clear explanation of the implementation details. | 5 | | |
| Utilizes appropriate diagrams, charts, or code snippets to illustrate key points. | 5 | | |
| Engagement and Communication (12 points): | 12 | 0 | |
| Engages the audience effectively throughout the presentation. | 4 | | |
| Clear and concise communication of ideas. | 4 | | |
| Responds to questions from the audience confidently and effectively. | 4 | | |
| Visual Appeal (10 points): | 11 | 0 | |
| Professional and visually appealing slides. | 4 | | |
| Consistent formatting and design elements. | 3 | | |
| Utilizes visuals effectively to enhance understanding. | 4 | | |
| Code Review Score (25 points) | 25 | 0 | |
| Well documented Code | | | |
| Appropriate Naming Conventions (5 pts) | 5 | | |
| Modular Code Design (17 pts) | 17 | | |
| Read Me File explaining code structure/implementation (3 pts) | 3 | | |
| Total: | 100 | 0 | |

Note: Adjust weights and criteria based on the specific requirements and complexity of the coding challenge.
