

“Ebola Community Care Centres in Sierra Leone: a social evaluation”

A Presidential Dream Course "Lunch & Learn" by

Esther Mokuwa

**November 29, 12:00 pm
Farzaneh Hall, Room 145**

Please join us for a "Lunch & Learn" with Esther Mokuwa.

Ms. Mokuwa is a PhD candidate who, during the 2014 Ebola epidemic, served as a member of the Sierra Leone Anthropology Ebola Response Platform. Members of the platform advocated for a more scaled-down, locally-oriented response to the disease than the international community had initially planned. For this work, Mokuwa shares in the "international impact prize" awarded to the platform for its Ebola work.

Boxed lunches will be available at the talk.
