Enrollment Summary Report

Notes and Definitions

1. Enrollment data are taken from a snapshot of student for-credit enrollment on the Official Reporting Date (ORD) for that semester. The ORD corresponds to the first working day following three full weeks of classes, at which point the normal add/drop period is over and an official census can reasonably be taken. The Fall 2025 ORD was 9/15/2025. See dates at <https://www.ou.edu/irr/resources>.
2. Campus enrollments based on all students taking classes offered by that campus. Students may be enrolled on multiple campuses; therefore, campus enrollments should never be summed. Use the unduplicated counts provided for that campus.
3. Students in multiple degree programs/majors are counted in every college for which they have an active major code. For this reason, adding college totals may result in duplicate counts. Either use the unduplicated totals provided or contact IRR for assistance.
4. Full-Time Equivalent (FTE) Enrollment is a measure that prorates the headcount of part-time students based on credit hours taken. It is calculated by dividing the student level's total number of credit hours taken this semester by the federal (IPEDS) definition of a full-time semester load for that level: 15 for Undergraduates; 12 for Graduate and Professional students.
5. As of Fall 2025, programs formerly housed in University College were transferred to Academic Affairs and Arts & Sciences, and the Polytechnic Institute has moved to be part of the Gallogly College of Engineering. Last year's data have been restated to match new reporting groupings.
