5. Enter your accounting information in the chartfield spread as usual or you will receive an error message when you click "Save for Later".

- Click the **“Save for Later”** button to save your requisition. The **“Budget Check”** and **“Save & Submit”** buttons are not available when using the **“Fiscal Year Renewal”** status. To exit the requisition, select the **Return to Requisition** link.

- Procurement will run a query weekly to identify renewal requisitions to be processed. Requisitions that do not have the Fiscal Year Renewal status will not be able to be found by Procurement. Additionally, once the Save for Later button is selected, if you re-enter the requisition to edit, it will cause an error. Changes to saved requisitions are not available until July 1 for Procurement.
