Bailey Trautmen	63	16.8%
Luke Kirk	57	15.2%
Samuel Antipov	55	14.66%

Election Grievances

There were zero Election grievances filed during this period. All procedures were conducted in accordance with the Code Annotated § Title VI.

Election Irregularities

- 1) No winner was identified in the Physical Sciences District due to the fact that the Code Annotated requires that in an uncontested election, the candidates get at least 50% of the votes polled in the most recent elections. (Code Annotated § Title VI, Chapter 1, Section 7) That number comes out to be 25 for this district, but the candidates only received 11 votes, thus falling short of this stipulation.
 - a) The candidates were made aware in the Candidate Information meeting about the vote minimums, and were also sent the numbers as an attachment in a follow-up email.
