

THE UNIVERSITY OF OKLAHOMA STUDENT GOVERNMENT ASSOCIATION

UNDERGRADUATE STUDENT CONGRESS
Session CII

General Body Meeting
7:00 pm, Tuesday, October 1st, 2019
Devon Hall 120

Roll Call – 7pm

Approval of Minutes

Motion to approve the minutes

Representative Hardt seconded by Biškup

Chair's Report – Hello, thanks everyone for coming today. I am not going to be here next week because of a math midterm. If you all have concerns, please let me know. Please let me know if you are not getting the agenda weekly so we can get you on the email list. Filing is this week. Those who were appointed and those who ran a year ago, all of you are up for elections. The Orgsync form for that is out. If you all have questions let me know but also let Sam Quick know at his email electionchair@ou.edu. So, we have been getting emails and comments about the resolution that we passed last week. If you get them, please send them to me or send them the minutes. You can also add anything you think was important, but the minutes should show why the body passed what we passed. It is important that you speak about it in a good manner. Also, for future reference, debate should be balancing the need of our constituents and we should be focusing on what they want. This is the main point of congress so we can represent them well. If you need ideas on how to reach out to them, please let me know. We want to reach out to as many students on campus as possible. I want to continue seeing that passion that we had last week.

Vice Chair's Report – It is October 1st, so liaison requirements start now. This means that it would be 1 meeting for your organization per month and 1 event per semester. Reach out to me if you do not have one or if you have any other questions. PR directors please stay after the meeting so we can discuss some things. Also, we have a reservation at 8:30 at the Mont, hopefully everyone can make it. Also please let me know if your name tag is wrong let me know! Also, last week was intense and I understand I made inappropriate and pointed comments. This was a serious issue that was made personal which wasn't my intention. The comment I made has no place here, so I apologize to anyone I hurt. It's my job to foster a healthy and positive sense of community within congress and I didn't do that. I am now better aware of the consequences of my actions and I am sorry. If you would like to talk to me personally you know where to find me. I know better and moving forward I will do better.

Secretary's Report – Hey guys! It's a brand new month, it's spooky season which means new opportunities to serve your constituents! Please stay on track for your consistent service hours this month because about half of the body did not complete those and that does count as an unexcused absence. Also, your liaison requirements start this month.

Committee Reports-

- Campus Safety and Concerns- We talked about the suggestion box, and we looked into things that the committee used to do in the past.

- Congressional Administration- We saw legislation appointing a representative, Sam Stormer.
- External Affairs- We finished the voter registration drives. We are also now looking at 3 unrelated persons ordinance, and we talked to city council about hospitals around Norman.
- Human Diversity- We still need helpers for the implicit bias tabling and open mic same night. We are working on a “know your rights” class. We are also working on a few resolutions for student concerns.
- Sustainability- We spoke to executives from Big Event and CAC on their sustainability practices. We discussed taking out all the boxes on the Big Event things and reducing the plastic bags. On October 20th we will have a trash walk in the Sutton Wilderness at 2:30 pm.
- University Policy- We are putting together collaboration with the Gender and Equality Center and public health discussions. We also had an interview with the OU Daily about the meal voucher initiative and recovery network collaboration.
- Ways and Means- We saw and passed Auxiliary 6 with a recommendation of do pass. We saw 12 organizations.

CR-102-11 A Resolution Condemning Blackface on Campus (Bouch/Miller)

Bouch: I’m Malachi, I am the Congressional Administration chair, Miller and I wrote this resolution.

We want to make a point for the entirety of the Student Government Association to finally say something about the repeat incidents and how blatantly racist these blackface incidents are. Congress has neglected to say something for the past 2 incidents. President Gibbs has made statements, but it wasn’t all of us in the student government who wrote one cohesive statement.

Miller: As representatives, we are wanting to echo what executive branch said.

Stack: Aside from telling everyone that we condemn it, what will this resolution do?

Miller: This is our way of saying that we understand it’s wrong and we are an ally. It shows these communities that they can come to us and we can sympathize.

Bouch: We haven’t paid enough attention to the gaping whole that we can urge the University to fill. This bill will move congress’s focus on these things.

Stack: So, to clarify, this takes no real action?

Miller: Correct.

Chism: There is lots of history with these actions, so I am just confused as to why the resolution is so brief?

Bouch: We’ve got a few friendly amendments coming in adding 2 whereas clauses, not for the purpose of making it longer but to emphasize some things we didn’t touch. We are writing this as a preamble to let legislation that will have action follow, is not a solution but legislation could follow that comes out of this body.

Miller: We are all working on projects that could help the community, but they take a long time to finalize.

Mayes: Would you accept a friendly Amendment adding the Whereas Clause stating that the University of Oklahoma Student Government Association has been derelict in its duty by not addressing this issue in the past. After the 2nd clause.

Bouch: Yes.

Thompson: Would you accept a friendly amendment changing we are the largest student organization to one of the largest?

Bouch: Yes.

Tucker: Would you accept a friendly amendment in section 2 striking “community and pledge that...” changing the language the language to “...community. Let them also be informed that we pledge ...”

Bouch: Yes.

Chism: In the 3rd section mentioning the undergraduate congress, are you open to a Friendly Amendment adjusting the wording to something else?

Bouch: Yes but it started here in congress but I would be opened to change the wording to SGA.

Chism: Would you accept a Friendly Amendment replacing “congress” with “student government association?”

Bouch: Yes.

Chism: Would you accept a Friendly Amendment adjusting the spelling of “Black” when it occurs with a capital B?

Bouch: Yes.

Thompson: Would you accept a friendly amendment adding whereas clause “The Undergraduate Student Congress is committed to educating ourselves and peers about the history and effect of racism on our campus?”

Bouch: yup

CB-102-27 An Act Appointing a Social Sciences Representative (Bouch)

Bouch: Sam Stormer is to be appointed to be a social science representative. He went through the same process answered committees’ questions adequately. We decided to appoint Sam as representative instead of leaving him as an associate.

Miller: What projects are you going to continue in your representative status?

Stormer: I am working on the Know Your Rights Forum, and then maybe something addressing hate speech.

Chism: To the author of the bill, was Sam interviewed in the normal process?

Bouch: Yes

Motion to give bill a Recommendation of Do Pass
Representative Chism seconded by Associate Lange

Motion to move Out of committee of the whole
Representative Tucker seconded by Associate Bouch

Student Concerns

Rojas: We should be made aware that we have to do better with parli pro, lots of things were not done in the proper way in last Tuesday’s meeting. No one should be able to reference other members of the body while speaking in debate. No one should ask people to raise their hands. Everyone should keep comments in very direct and non-insinuating manner. Try not to refer to specific communities please refrain from using absolutes. Not every person is not going to agree with your personal views. Constituents are important. We should not be passing things based on our own personal views. I have been a representative for a while now, I’m an associate now and have a class during the Tuesday meetings and I can’t make it to meetings. A while ago, I took a stance on EPA a while ago that was a minority in the opinions of the body. I voted against the bill because it was not in the interest of my college.

DeAngeli: I will give this to Congressional Administrations

CB-102-25 General Counsel Appointment Act (Gibbs/Maxey) (Congressional Administration >Do Pass)

Gibbs: It's nice to see you all for the 4th straight week. That's a record for me. This should be one of our last appointment Emily Smith. Smith is a great candidate for the General Counsel position. She can explain things

Smith: I am 2L student at OU law. I went to UT at San Antonio for my undergraduate degree and I studied government and Spanish. I worked directly with students to get them acclimated with college. A big part of General Counsel is disciplinary matters and appeals I'm excited to get back with dealing with students.

Gibbs: We interviewed 4 great candidates then we narrowed to 2 and we chose her. She has great qualities.

Chism: With the election season coming up, elections being a contentious period for SGA, General Counsel is part of conversation with code changes. If you want to speak about your familiarity with the process and what your opinions are?

Smith: Yes I've heard that. I do not know that much about the position because I haven't worked it yet. I would need to get in the office, but I have experience in working in this kind of environment.

Gibbs: I will make sure that she gets in contact with Sam Quick. I will fill both Emily in and Sam.

Merchant: If you are appointed, what are you most looking forward to?

Smith: I am excited to work with Student Legal Services because students' rights and law should be more accessible. College student rights are an abstract concept.

Patterson: Could you explain a little, for those in the body who don't know, what General Counsel is?

Gibbs: General Counsel helps students if they have grade appeals and honor code violation, we advise them,

Smith: I am kind of a resource for anyone in SGA for what the code says or what the proper course of actions is. I also deal with opinions on how things should work.

Bouch: If we do appoint you, do you know where is your office is?

Smith: I've been told it is located on the 2nd floor of the Conoco.

CR-102-11 A Resolution Condemning Blackface on Campus (Bouch/Miller)

Bouch: We saw this in Committee of the Whole, if you have any questions speak now. Please vote yes.

Gau: Will you allow a friendly amendment adding representatives to be Sponsors?

Bouch: Yes

Chism: Are you open to the idea of tabling this bill for a period of 1 week to get the Friendly Amendments together and speak to the people so that this bill means something.

Miller: If the body feels we should table it, go for it.

Buxton: Do you feel like we have waited long enough?

Bouch: Yes, the fact that on the agenda mean we are paying attention but yes.

Lange: Do you have any express plans in motion to legislate things.

Miller: Yes, but they are very tentative, there is a resolution to course requirement for all colleges, the students would have to take a course in regard to race, religion, and gender. Major ground work.

Rojas: Are you aware that there already is a requirement for students, credit course?

Miller: It is not a thing right now, but this would course requirement for these topics that involve communities different from you.

Rojas: I believe it is inside programs, engineering programs have to take social sciences...

Marvin: Do non-western civ and western civ courses serve those kind purposes?

Miller: to an extent, but you can choose to take into to phil, part of having a higher education is being educated in all aspect of life.

Bouch: This is not that bill this is just condemning blackface.

Miller: We can talk about the other bill when its time.

Glasgow: Are you aware that OSGA passed leg college teach those classes?

Miller: If anyone would like to talk to me about this, it is already in the works in administration. But come see me during office hours but it is not that bill.

Announcements and Comments

Bouch: To clarify if you were appointed as a representative most recently you do have to rerun. If you are Buxton or Sam you have to rerun.

Stack: Get out there and get reps for earth and energy and finance, we will be tabling, and we need volunteering. This would count for constituent service hours. I will plan in October. Spooky theme.

Chism: To let the body know that reflection bill putting a moment of silence in the bylaws. If you have questions comments concerns let me know. Love it or hate it. Lots of things can be handled outside of congress. Communicate. Contact me at hennessey@ou.edu

Merchant: Our reservation for the Mont starts at 8:30 under Emma's name.

Patterson: Friendly Amendments please write them down and email me please.

Schneider: Follow the Instagram @ou_congress

South: When you talk to the media regarding last week, please be very clear in language you use. National news outlets are misreporting this resolution as a ban on pledge. Not true. It was simply a removal of the pledge, not a ban.

Thompson: Please be very careful what you say, I have received nonstop threats and hate mail.

Thompson: In responses to boomer n co [baby boomers] the strategy I have taken up is just not responding. The void doesn't care.

Emini: Yes, we put the minutes on website, meeting will be seen by other people.

DeAngeli: Yes, and I have been sending the minutes to other people. People would be able to read the actual minutes. Required by Open Meetings Act, it will go online and be there forever.

Rojas: Please again refrain from making absolute and generalized judgments. In my own international community there is some support, not everyone does, some don't care.

DeAngeli: Please talk to your constituents. I understand that the pledge is more personal cause congress, know everyone's opinions, but sometimes we ask no questions. When we saw the aux bill, no one had any questions, liaisons need to be asking questions.

Patton: If you are a liaison make sure you are on top of their budget, talk to them and ask to reply for money, they have to do the 2 things. If we don't, then we have to wait. You guys have to know this kind of info for the budget. We don't fund t-shirts never have never will. Be on top of them actually applying, it's really disrespectful when you aren't being a liaison. Biggest issue.

Merchant: liaison training soon
