CONGRESSIONAL SESSION XCII

October 28, 2014

CONGRESSIONAL RESOLUTION NO. 920401

AS INTRODUCED

A Resolution requesting the amendment of City of Norman zoning ordinances to limit occupancy based upon dwelling size and capacity rather than relationship of occupants; and providing for distribution.

Whereas: City of Norman zoning ordinances have, since 1954, limited the occupancy of single family dwellings through Norman Code, 22 §450(38), which defines “Single family” as “An individual, or two or more persons related by blood, marriage, or legal adoption living together as a single housekeeping unit in a dwelling unit, including foster children, domestic servants, and not more than two roomers; or three unrelated persons living together in a quasi-unit quarter; or a group home as defined by 60 O.S. §862.”; and

Whereas: Such restrictive zoning ordinances obstruct the property rights of Norman landowners, through limiting the right to earn income from privately held property, an essential element of property rights; and

Whereas: Current zoning ordinances do not take into reasonable account the size of a dwelling or the capacity of a dwelling to accommodate multiple persons; and

Whereas: The status of the occupants as unrelated is irrelevant to the amount of noise or traffic or parking violations produced by said occupants; and

Whereas: Other solutions exist that may be used to combat the primary concerns addressed by the current zoning ordinances (specifically traffic, noise, and parking), such as ticketing the specific offenses rather than restricting property usage; and

Whereas: The aforementioned zoning ordinance is discriminatory towards University of Oklahoma students, who are important contributors to the community and, as a group, are economically essential; and

Whereas: Student voices have historically been lacking from discussions about the effects of the aforementioned zoning ordinances.

NOW, THEREFORE, BE IT RESOLVED BY THE UNDERGRADUATE STUDENT CONGRESS THAT:

**Section 1:** The University of Oklahoma Student Government Association urges the Norman City Council to amend its zoning ordinances to allow maximum occupancy of a single family dwelling to be calculated based upon the size and number of bedrooms rather than the relationship of the occupants and expresses its unyielding opposition to any such measure that could be perceived as discriminatory towards students through the use of restrictive rental regulations

**Section 2:** Copies of this resolution will be sent to:

- Norman City Council
- Norman Chamber of Commerce
- Norman Board of Realtors
- The OU Daily

A Resolution requesting a more direct approach  
in promoting wireless printing by means of direct marketing and

Whereas: The University of Oklahoma is transitioning to the use of wireless printing provided by a third party at no direct cost; and

Whereas: Hastening the transition by means of natural adoption improves user experience while maintaining the goal of reducing costs associated with traditional printing; and

Whereas: Only a small portion of students are taking advantage of the free credits provided for wireless printing by knowing it exists; and

Whereas: Current methods of promotion are fairly ineffective; and

NOW, THEREFORE, BE IT RESOLVED BY THE UNDERGRADUATE STUDENT CONGRESS  
THAT:

**Section 1:** OU IT shall take steps in making it more convenient for students to transition to the use of cloud printing. Methods used will ultimately be up to the department, however, examples include: adding a print button or otherwise visible and useful method of using cloud printing from D2L, setting the default printer to cloud printing if the lab or area is equipped with the sufficient number of cloud printing kiosks, displaying cloud printing credit in addition to traditional printing credit when signing into lab computers, and adding a print button on other parts of the OU website such as Exchange.
