Chair's Report- Welcome everyone! Hope you enjoyed Orientation. Give Austin a hand. If you didn't go to Orientation, be sure to go to your committee chairs and let them know. We are seeing committee assignments tonight and those will be the committees we have for the semester. I hope a lot of you applied for HigherEd day, which is next Tuesday at the Capitol. I'm sure you all heard, but we had an OU student pass away in OKC this last weekend. DU is having a candlelight vigil at 8 outside their house after the meeting. Please be sure to use On Information if needed

Vice Chair's Report- Just a reminder that liaisons are a thing. Let me know if you would like to be a liaison, then ask the head officer for the organization. Great to see all the associates here! Coming to these meetings is the first step to getting more and more involved. I hope you can come to more!
Thanks for coming to Orientation! If you didn't get one of our Congress handbooks, stop by my office during our office hours and we can give you one!

Secretary's Report- Be sure to get your office hours and constituent service done! Calling for HigherEd day and attending HigherEd day are both constituent service events.

Committee Reports-

- **Academic Affairs-** Hey everyone, we met this past weekend and we saw the resolution we saw thanking President Boren for his 50 years of service to the state of Oklahoma. An issue that came up in committee that we are going to take up is waitlists for classes, because some have them and some don't.
- **Communications-** I hope you all had a good time at orientation. I enjoyed getting to talk to new members and get to know you a little bit better! I met with director of communications for exec, Annie Coffey yesterday and just kind of exchanged different initiatives we would each like to see for our respective branches, but also how we can help each other in PRing those to show a more unified vision of SGA as a whole. We also discussed the quarter zips and I'll hopefully be contacting them this week, per school schedule. Don't forget that our first cupcakes and congress of the semester will

be NEXT FRIDAY, the 17th from 11-2 in the union. You all will get a link to a doodle poll by the next meeting so you can sign up to help!

- **Congressional Administration-** Thanks for coming to the meeting this past Saturday! I'm super excited to work with my new members. Hoping to see something this upcoming Sunday. My committee, please hang back after today's meeting so we can chat.
- **External Affairs-** HigherEd day is a week from today, and if you're not going, you can still help by doing phone calls. I'll mass spam you all the list. It's a Google Doc, so if you take a name, please mark that in the document.
- **Human Diversity-** We had a really productive meeting on Saturday! I got to meet a lot of my new members. We did table the immigration ban resolution in order to better that resolution, so if you'd like to work with us on it, let me know! We have a lot of exciting ideas, and we're hoping to see more legislation this semester than we have previously. I sent out a Doodle Poll yesterday, so I'll have a permanent meeting time soon.
- **Problems and Projects-** Hey y'all! We had a great meeting during orientation and are excited to work on our projects! Our vice-chair will continue to be Brian Owings and our new secretary is Mackenzie Cordova. As always, please let us know if you see any problems on campus or have any ideas! Hope everyone has a great week!
- **Sustainability-** We had a really productive meeting on Saturday. We are having our meetings on Sunday at 5, Reece is our VC and Dustin will be our Secretary. We are working on divinding up all of our great projects. Please recycle any unused papers after.
- **Ways and Means-** Primary is open and is due by the 23rd. Union Catering is open, so please be sure to apply if you could use it. We are seeing auxiliary number 8 today, which is the result of the committee reviewing 18 budgets in an hour, so go them!

Liaison Reports

Ryana: An RSO reached out to me and wanted to ask a question... they never renewed their OrgSync account, but they are an RSO. Are they still eligible to apply for primary funding?

Ahmadi: Probably not, because you have to be registering every year. They won't be eligible for primary, but they will be for auxiliary. I'd encourage them to register as soon as possible.

Mazeitis: This Thursday at 6pm in DLBH 180/181, the Honors Student Association will be hosting a discussion with philosophy professor Dr. Ellis on Environmental Economics. There will be pizza, juice, and lots of academic engagement. All are welcome!

Boshop: I am the liaison for the Men's Lacrosse Team, and they just applied for funding for the first time, so snaps for them! Their season starts this weekend and their first match is against Nebraska this Saturday at noon on the intermural fields. Feel free to join me!

Special Orders

Committee of the Whole

Motion to Move In To Committee of the Whole Representative Mazeitis sec Representative Davis

970402- A Resolution Against Higher Education Funding Cuts (Williams/Rubio/Baker)

Representative Quick sec Representative Carson

Williams: This is a resolution against higher education cuts because we're in another deficit (900 million dollars), so it is likely that we are facing cuts. Last year, I proposed a similar version of this bill before HigherEd day. This year, President Baker asked us to have it done before HigherEd Day.

Echols: Could you explain why you decided to send this to two US Senators?

Williams: These are Senators that represent all of Oklahoma, and these are people we look to for policy. I know that if these letters were to go to these Senators and change what they think, it would make OK better. These Representatives listed are those that have proposed cuts to higher education.

Reid: These Senators have no influence over the policy that we are opposing here. I'm wondering what you're hoping will happen by sending it to them?

Williams: As I was talking to other members, I realized that some of our representatives and senators at the state level model their policies after those enacted by the national government and more specifically OK's national lawmakers.

Rains: Can you further explain your intention regarding putting the 7th Whereas Clause?

Williams: A lot of our elected officials see education as a funding blackhole where there is no return on investment. This Whereas clause explains how beneficial higher education is, which is a 9:1 return ratio. This shows our more fiscally conservative representatives that education is financially worthwhile.

Echols: Are you referring to Representative Paul Wesselhoff?

Williams: I was not.

Niles: I was wondering why you chose to use some people's first names, and not everyone's full names?

Williams: It is just an inconsistency. I apologize.

Swearengin: Based on the Chair's remarks in the Whereas clause, where are you obtaining that information from? What is the area defined as?

Williams: Area is defined as the state of OK's economy. I didn't include the citation but it is from a report released by a representative for this area.

Echols: *Would you accept a friendly amendment striking Rep. Wesselhoff?*

Williams: *Yes*

Nigh: *Would you accept a friendly amendment striking the Representatives first names?*

Williams: *Yes*

Klima: *Would you accept a friendly amendment adding all chairs of the Senate and House committees to Section 3?*

Williams: Can I ask why?

Slane: These are all of the people that have proposed higher education cuts, and it was noted that they have no influence, correct?

Williams: That was regarding the national Senators?

Slane: Wouldn't it be salient to send it to all the chairs of the State House and Senate?

Williams: *I accept the amendment.*

Motion to Move to the End of the List Representative Quick sec Representative Lewis

Carson: *Would you be willing to accept a friendly amendment to discuss legislation that you've proposed with other public institutions that are being influenced by this cut, because influence is strong within the media and you have multiple media sources?*

Williams: Do you mean sending this to other University papers and other University's SGAs?

Carson: SGA's.

Williams: *Yes*

Ennis: These resolution only applies to people with in-state tuition, correct?

Rubio: The second footnote denotes the budget between 2001-2016, and it does include some numbers for out-of-state students. For this, I just included in-state number, but I'd be happy to include a Whereas clause regarding out-of-state students.

Hedgorth: Is the author concerned that the friendly amendment proposed by Representative Slane going to dilute the impact of this resolution?

Williams: I'm not worried about that. A decade or two back, we used to not make resolutions regarding high school football. However, due to concerns about high school football, we sent resolutions to all members of Congress and that became a tradition. While I don't want cuts to become a tradition, I do think that it'll make an impact.

Kalvacherla: Is there a reason this isn't being sent to the Department of Education?

Williams: I wanted to focus on the people that were adamant about cutting higher education funding, which I didn't think that the Department would be wanting to cut.

Chism: *Would you accept a friendly amendment adding Natalie Shirley, Sec of the DoE in OK to the list?*

Williams: *Yes*

Rains: *Are you willing to add co-sponsors?*

Williams: *Yes*

Reid: What do you hope will happen by this bill being presented to the Representatives and staff members and secretaries?

Williams: Whenever I make a claim, I've often been told to get it in writing. When they propose cuts, I want to be able to say that we have it in writing that we oppose this because I have heard legislators in the past that have requested things in writing, so I want an official document that we can take with us to HigherEd day. Voices and paper equal change.

Reid: *Would you accept an open friendly amendment to strike some of the names on this resolution?*

970502- Auxiliary Funding #8 (Echols et alia) (WAM- Rec of Do Pass)

Representative Hedgorth sec Representative Nigh

Echols: I'm having Sam speak on this one. We were in a bit of a rush, so I need to ask for two friendly amendments to strike Mumford Research Group and change LCMSU from office supplies to capital investments.

Quick: On Sunday we met and went through 18 auxiliary requests. IAC requested 2,331.94 for International Prom, their International Bazar and food, American Indian Student Association requested 15,400 for food, the OU Men's Lacrosse Club requested 63,015 for registration and coaching fees, the Oklahoma International Law Society requested 700 for food for meetings, the Roosevelt Institute requested 380 for food, printing and travel, the OU Cycling Club requested 2,715 for registration fees, food, beverage and supplies, the Sooner Air Traffic Control Association requested 690 for food, Intervarsity Christian Fellowship requested 1,263 for food, the Institute of Industrial Engineers requested 500 for food and space rentals, the Association for Women in Science requests 500 for speakers fees, travel, food and supplies, LaFe Latino Fellowship requested 180 for funding to travel to a conference, OU Forum requested 440 to use for printing and PR, the

Printing Funded by SGA

Powerlifting Club requested 1,100 for registration fees, the OU Men's Ultimate Frisbee Club requested 2,225 for tournament fees and travel expenses, the Informed Citizens Discussion Group requested 600 food for meetings, and the Lutheran Church Missouri Synod University at OU requested 600 for capital expenditures on furniture.

Bishop: Can you explain how some organizations only get about \$100 while the Intervarsity Fellowship gets about \$1000?

Quick: The criteria we use include past funding history, the amount they asked for, etc. The Latino Fellowship was fully funded... they just didn't ask for much.

Kalvacherla: Why is it that one of these groups is getting \$3,000 for food while others aren't?

Quick: The American Indian Student Association covers a large number of students on campus, (close to 1,000), and it has to do with their past financial history, and they have excellent history. Other organizations only have about 20 or 30 students.

Williams: How much money do we have left in Auxiliary?

Echols: Roughly 108,000

Quick: *Will you accept Chair Echols' friendly amendments?*

Reid: *Yes*

Rains: Why did you cut the Mumford Research Group?

Quick: We failed to see they had applied for primary instead of auxiliary, because we were moving so quickly.

Warner: When you are saying "very good" financial history, what do you mean?

Quick: We look at how much organizations have requested and how much they've spent, and our decisions are based, to some extent, on that history.

Reid: Can you explain what the Roosevelt Institute does?

Chism: According to their budget form, "The Roosevelt Institute strives to encourage critical thinking about policy issues that millennials are invested in. The Roosevelt Institute provides training, resources, and leadership skills to undergraduate students on The University of Oklahoma's campus. Through academic study, stakeholder guidance, and group data collection The Roosevelt Institute analyzes and writes policy to help improve the socio-political well-being of individuals within the state of Oklahoma and the local Norman, OK community."

Motion to Extend Questions by 5 Minutes Representative Reid sec Representative Ryana

Bishop: We know how much they asked for and we know where the allocation is going, but how do you decide which line in their budget you choose to fund?

Quick: There is a section of the application that asks the organizations to prioritize their requests, which is usually what we use. We also exclude anything we can't fund.

Brown: When was the period when organizations could apply for funding?

Echols: It is on a rolling basis... its been open all year and will be open all year.

Motion to Move to a Roll Call Vote Representative Nigh sec Representative Cordova

This bill passed by a roll call vote of 40-0-0

970503- Legislative Update Act of 2017 (Echols et alia) (WAM- Rec of Do Pass)

Representative McClintic sec Representative Do

Echols: All this does is update our primary allocation of last year to reflect the actual numbers that were allocated. Some numbers came up in the Excel file that were incorrect. All this is doing is changing the paperwork to make things easier for him. It doesn't change the allocation. I need a friendly amendment to change the allocation of D&D back to 265 and change capital investments to 109.

Bishop: *Will you accept the friendly amendments that you proposed?*

Echols: *Yes*

Reid: You all did your committee requests, and I tried to keep you all in your first two choices. I need amendments to move Tevis to ConAd, Dayten to HD, and Logan to P&P.

Quick: *Would you accept the friendly amendments you mentioned?*

Rains: *Yes*

Rubio: Can you put my full last name?

Rains: Yes. We'll call that a scrivener's error.

970702- A Resolution Thanking President David Lyle Boren (Rubio/Baker) (AA- Rec of Do Pass)

Representative Cordova sec Representative Baker

Rubio: David Boren has served for 50 years in Oklahoma, and we just want to say gracias to the man. I have six friendly amendments that I want to make. I'd like on to make it a concurrent resolution to send it through the Senate. I also want to strike the 5th Whereas Clause regarding the correction programs in McAlester. We also want to strike the world revamp and put in establish on the 8th Whereas Clause. I also want to add 3 Whereas Clauses discussing Molly Shi's beautification of campus, David Boren creating the WOC and changing it to the GEC which pushed for LGBTQ+ equality and social justice issues, and the last Whereas clauses, which was prompted by the Senator, stating that DLB has raised the stature of the university with regard to teaching and research.

Lalani: *Are you interested in a friendly amendment that sends this to the Oklahoman, the Tulsa World, and DLB Hall Administration?*

Rubio: *Yes*

Lewis: *Are you accepting co-sponsors?*

Echols: Considering the fact that this bill speaks specifically for David L Boren and not for the family, would you consider striking the friendly amendment regarding Molly Shi?

Rubio: President Baker wanted to include Molly Shi because of the support she has provided to her husband, so no.

James: Since this bill is targeted at thanking him for the work he's done at OU and in OK, why did you include the first Whereas Clause and his time on the advisory board?

Rubio: Just to note his accolades, especially considering how significant those are?

Carson: *Would you add OU Forum to the list of recipients?*

Rubio: Yes

Mazeitis: *Would you accept all the friendly amendments you asked for earlier?*

Rubio: Yes

Slane: Should we may do another bill specifically to Molly Shi to properly honor her?

Rubio: If this is the case, then we should certainly accept the previous friendly amendment.

Echols: *Given the fact that someone's ability to work politically to serve a state, would you accept a friendly amendment to strike the first and third whereas clause?*

Rubio: My first instinct is to say no. Maybe the first one, but certainly the third Whereas clause is one we want to keep. *I accept striking the first Whereas clause, but not the third one.*

Reid: *Would you accept a friendly amendment striking the Whereas clause mentioning Molly Shi so that we may honor her in another resolution?*

Rubio: *Yes*

Niles: Seeing as how everything goes in chronological order, why are the 4th and 5th Whereas Clauses out of order?

Motion to Move to the End of the List Representative Chism sec Representative Nigh

Echols: Give the fact that there is no justification regarding how increased Davis scholars and National Merit students better the state, would you be willing to accept a friendly amendment to strike that whereas clause?

Rubio: I'd be happy to put in numbers, but I would not strike those, no.

Echols: Could you explain how President Boren getting a law degree from OU shows his work to better the state legislatively and academically.

Nigh: After graduating from a school in Oklahoma, many people don't stay. I would say that, in pursuing a law degree here, he pursued it in OK and then stayed in OK, contributing to the state.

Reid: *Would you accept a friendly amendments doing exactly what you just discussed with Representative Nigh?*

Rubio: *Yes*

Announcements and Comments

McClintic: Tomorrow, Econ Club is hosting Dr. Gabbie, who is giving a talk on Trump's election at 6pm in Cate 338. There will be pizza and soda.

Bishop: This Thursday, from 5-6, the Oklahoma Intercollegiate Legislature will be meeting Gould 155. It is a cool way to do what we do here on a state-wide level. I encourage you all to come! We have a great time. The OU Men's Lacrosse Team has their first home game of the season on Saturday, I encourage you all to come out! It is on the intramural fields. I'd love to see you all there!

Carson: On the App Store, look up Hooked Deals, it gives you free food on campus and off. I'm on the marketing team. It is by hour, so it is always up to deal. BOGO, free chips and drinks, etc...

Reid: Make sure that you all are staying healthy! I won't speak to you if you are sick. Next Tuesday, you should all come out and see Loves Labor Lost with Chair Echols and I. It is in Old Science Hall and starts at 7:30 and is only 6 dollars. Go and text the number 520-200-2223 and it'll send you the name and phone number of all of your representatives. It takes two minutes.

Mazeitis: On Wednesday, February 8th from 1-4pm in Beaird Lounge the Student Alumni Association will be hosting the 3rd annual Notes & Floats. This event offers students the opportunity to receive a free Coke float in exchange for writing a note of appreciation to the many private donors who help to support 51% of our learning, education and overall college experience. We are providing note cards and students will write a thank you note to a donor in their designated college. A social media challenge will also be present for the chance to earn a FREE t-shirt. It is a come-and-go event and everyone is welcome!

Thompson (M): I'm still a campus rep for Free Textbooks, so next Tuesday, I can tell you how much certain textbooks are worth, but if you don't want to lug them here, just text me. 972-971-2341. My e-mail is maddy.thompson@ou.edu

Williams: How many of you all like talk shows? For those of you who don't know, I have my own show called Dreams with Dan. If anyone wants to be on my show, let me know!

Kovach: We have a local election on Tuesday. If you're going to HigerEd day, vote Saturday because you may miss your chance to go to the polls.

Ahmadi: You can look up the profile of every RSO recognized by the University on OrgSync
