Marvin: help the student body and active projects and help join COSCO!

Harman: If you love diversity and inclusion please. Come be with HD we love to have you

Sertovic: love to experience the power, join WAM everything goes down, we fund everyone

Hillis: thank you to my peers for trying but congress and SGA wouldn't run without ConAd we actually write build in our committee.

Lange: overstatement to that if we are responsible stewards with the environment then it is the smart move project-based work not paperwork in sustainability

Mayes: constantly Jake is complicated. If you actually want to join a committee that helps students not just paperwork direct access what students believe are the biggest problems on campus. COSCO will get a new 1982 garbage?
