Approval of Minutes

Officer Reports -

- **Chair's Report:** Hi everybody! I hope you have voted in the election and signed up to run the polling tomorrow. We will be handing out merchandise and have QR codes that lead straight to Engage. Today we have The Oklahoma Group and the Career Center coming in. It's really important that you listen during these. The Big Red rally has been rescheduled for Monday, and I will be sending up the sign-up sheet for that. The availability will be from 3-6 or 6-9. You'll get a free shirt, and it's going to be for the Women's opening for basketball. We will also have survey today to gauge what technology students are using in classes. I lastly want to encourage people to continue writing legislation.
- **Vice Chair's Report:** This morning I sent out all the emails out to anyone who didn't get your October constituent service point and you have until Friday to respond to that so that we can get everyone counted for that. I am not going to send out an email for CSP opportunities for November but I will give you a quick run-down. We will have a trash walk, light walk, and you're always welcome to attend other committee meetings. Any other organizations that you either are or aren't a part of can count, and any events announced in our GroupMe or meetings could count – so always look at the minutes or our AUX bills to see what clubs are holding events too. If you donate two items to the clothing drive that HD is doing you can get a point for that, as well as if you volunteer for the Big Red Rally. A former member of congress needs a few guys for her men and masculinity class so if you're interested in that, that would count. And then the biggest one is that tomorrow we need poll workers, and that will count for both November and December. I posted on the Instagram about elections and so if you could repost that it would be greatly appreciated. Lastly, I am

excited to announce our Congress member of the month. This person is an associate and I think they've proven that it's not about your position or title in this body. They are new and have hit the ground running, impressing a lot of members on exec. We are thankful for them for wanting to make a difference. Caleb Robinson!!

- **Secretary's Report:** As Vice Chair Trautman mentioned, she's been working diligently on the CSP stuff. In the minutes email tomorrow I will include the updated absences counting the September CSP. I will also be emailing those who have reached 3 or 4. Please give me a little bit of grace as we are starting to go through a transition period with elections this week and we will be having people leaving and coming into the body. I want to especially thank those who have been here since fall of 2021 and not refiling. This is one of the last meetings you'll ever be required to be at so thank you for all you've done.

Committee Reports-

- **Campus Outreach, Safety, and Concerns:** COSCO did not meet this weekend, but we did get some updates on food last meeting! It sounds like working with food trucks to expand hours may be an alternative for late-night campus dining. More updates to come!
- **Congressional Administration:** Hi all! ConAd did not meet this past week. We will be meeting this Sunday at 4 p.m. As well as, if you have a seat that expires in the upcoming election and you would like an associateship, please use the Reapplication Form on the Congress Engage page to reapply. Our goal is to have all Reappointments finished by November 15th. Remember the Reapplication Form is only for current members of the body. New members cannot apply for the body using that form. If you have any questions, comments, or concerns please let me know!
- **External Affairs:** EA did not meet this weekend because of Halloween, but this week we will be working hard on elections and forums for newly elected officials.
- **Human Diversity:** HD met officially on Thursday and we got out donation drive started. The bin is right there and it will be there next week, so please bring things. We are getting Friendsgiving going for November 17th 5-7pm. I will send out interest forms for volunteers. We can also help supply the ingredients for a dish, and those are two additional CSP opportunities for this month.
- **Sustainability:** Hi everyone, Susty met officially last week after our Trash Walk, which went great. We don't have many updates besides that, we're mostly just waiting to hear back from staff and administration. I will let all of you know the final confirmed date for TerraCycle once we have our final meeting with Housing.
- **University Policy:** Hello! UPOL did not meet this past weekend because I want to give everyone the weekend off! But, I still got in touch with people on their projects. New things that are going on are: Representative Reynolds and Representative Kathuria have written a bill on veteran parking which they will go more in depth in when and if it is presented. The next thing is dealing with accessibility on campus. Representative Ketaneh has emailed OUPD to notify them that the cement barriers on campus are not following the policy of having them far apart enough for students who use wheelchairs or other walkers and such. They responded to us fairly quickly and said they are going to make sure the facility management knows that. That's it!
- **Ways and Means:** WAM met last week and saw AUX 5. We will see it tonight. It's not too large, and if you have any questions, just let me know.

2:50 yielded to questions

 - To offset the deduction they got during primary which wasn’t deserved last year.
