Items to Be Considered

900309 A Resolution Authorizing a Survey of Students (Bryant) (Do Pass-EA)

Bourland sec Pascoe

Bryant: issues we wish to survey the students about, we would like approval on which questions should be asked on the part of Congress. Gay marriage and abortion are not included in the survey.

Extend authors explanation by 2 minutes- Petersen

Petersen: how will this be distributed to students?

Bryant: election software can be used to poll students, however students may not want their names included

Berry: have you considered an incentive to get students to vote?

Bryant: can't use student fees to buy individual items

Byron: how will this information be used?

Bryant: keep everything anonymous but use this to see what issues are important when lobbying/deciding on important student concerns

Howard: friendly amendment regarding flat-rate tuition

Bryant: meant to change that already

Petersen: friendly amendment regarding who this will be sent to/ deadline for the survey

Bryant: accept friendly amendment/ some things may set us back

Montgomery – extend time for questions by 10 minutes (suspension of the rules)

Naqvi: should there be a limit to the survey?

Bryant: this is already lengthy but since it is online, it should not take too long to complete

Sample: election bias ?

Bryant: will probably send this out through OUMM

Wolf: under please list your major, will there be a drop down option?

Bryant: the please list majors will have a drop down option; party question, if you select other you will need to specify; considered asking why students aren't working (separating students who choose not to work from those unemployed)

Petersen: would you be against splitting this into two surveys?

Bryant: can look into scaling it down or having incentives for those who take the survey

Brown: considered breaking it into multiple separate surveys?

Pascoe: have you looked into past surveys regarding this type of information?

Bryant: not aware of any wide surveys such as this one

### **Consent w/out objection**

Naqvi: what if the CAC chair wanted to keep money every year, would that need to be capped too?

Petersen: they usually spend most of their money

Bryant: friendly amendment (date)

Bryant: do you think this provides enough flexibility in years where funding might not be adequate?

Petersen: this is about a years worth of funding

Pascoe: have you contacted the organizations this will affect?

Petersen: 1 of the 2 has been contacted

Bryant: what will happen to those organizations?

Petersen: this does not go into effect until the end of the year
