

## Activity 3.2

# Major Investigation Activity

**Instructions:** Similar to the Activity 3.1: Degree Comparison Chart, you can use this Major Investigation activity to get a more in-depth look at the major(s) you are considering. This activity focuses more on information about the major beyond degree requirements. We recommend using one of the majors from Activity 3.1, but feel free to complete this activity for any majors that you are considering. If you need extra copies of this activity, please contact the Center for Major and Career Exploration.
